THE HARBOR OPEN.—Charlottetown harbor all the way up to and beyond the Hillsborough Bridge, is free of ice, and the wide open expanse of water is a welcome sight once more. It is probable that the car ferry steamer will soon be heading this way.

THE GROWTH OF THE MOTOR.—Some 22,000 farmers were using motor cars for business and pleasure in the State of Pennsylvania alone in 1916, and now the number has been increased about 50 per cent. 976 Motor Trucks are in use on farms, from which reports are available.

THE "HALIFAX."—Officials of the Plant Line in Halifax profess ignorance of the sale of the steamer "Halifax," but it is currently reported that such a sale has been made, says the Chronicle. A despatch says that David W. Simpson, the well known ship broker, of Boston, has promoted there a company to operate a service between Boston, Halifax and perhaps St. John's Nfld. Halifax merchants will be pleased to hear of the possibility of this port and Boston. The lack of such a service has been keenly felt and its re-establishment would mean in many cases quicker transportation than that at present available. There has been some talk of such a service being financed in Nova Scotia but the same was so very scarce, no suitable steamers could be purchased at a reasonable price and charter rates were so prohibitive that the scheme, if it reached that stage of development, was never definitely taken up.

BIRTHDAY ANNIVERSARY.—On the evening of March 17th a number of the people of Murray River and vicinity met at the home of Mr. Robert Sanders, one of the most respected citizens of that place. The occasion was the eve of the eightieth anniversary of his birth. A pleasant and profitable time was spent. Mr. William Grant in behalf of those present read the following address and made the presentation to which Mr. Sanders suitably replied. Dear Mr. Sanders:—We are assembled here on this the eve of the eightieth anniversary of your birth to offer you our congratulations on the measure of health and strength that God has been pleased to grant you; and to spend a social hour with you. You have been spared to see many of your friends and neighbors as well as your life's partner and several of your family pass away to our eternal home. While we sympathize with you and each other on the separation yet as visible members of the blessed family we have the hope implanted within us that there will be a glorious reunion with those who are gone before, when all shall enjoy the full blessing of the eternal covenant made sure by the blood of Christ our true friends and brother. We now wish you to accept this small token not for its intrinsic value but as it is intended; a kindly remembrance of love and esteem from us your relatives, friends and neighbors.

RECOVERING.—Mrs. Bruce Diamond, Brackley Point Road, has received the glad news from her brother Fred, that he is doing fine. It will be remembered that Fred was wounded 23rd of January, and is now in hospital in England. He is a son of Mr. Ronald Drake, St. Peter's Harbor, and enlisted in August, 1914. He has been wounded twice. His last wound was a fractured knee and flesh wounds in the thigh. His friends will be glad to hear that he will be up soon.

Rheumatic Sufferers

A tendency to rheumatism once established in the system is manifested by the return of the acute pains with every spell of bad weather. This is the reason so many people still think that the trouble is due to cold or damp. The fact is known however, and acknowledged by all medical writers, that with the appearance of rheumatism there is a rapid thinning of the blood, and that the rheumatic poisons are only expelled from the system when the blood is restored to its normal condition. Enriching and purifying the blood by means of Dr. Williams' Pink Pills is the best known cure for rheumatism. Lumbago, it may be remarked, is merely a form of rheumatism attacking the muscles of the back and loins, and is similarly cured by the use of Dr. Williams' Pink Pills. At the first twinge of either of these troubles these pills should be taken and the poison that causes the trouble will soon be expelled from the blood. Here is proof: Mr. M. Sympson, Ames, Mass., says: "I was almost crippled with rheumatism and suffered greatly from the almost constant pains. I tried several medicines, but without benefit. Then I was advised to use Dr. Williams' Pink Pills and after taking them for a couple of months every vestige of the trouble had disappeared, and I have since enjoyed my own perfect health. In view of my own experience, I believe there is no case of rheumatism Dr. Williams' Pink Pills will not cure." You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
