

BURNING ITCHING ECZEMA CAUSED MANY SLEEPLESS NIGHTS.

Miss Mabel Knapp, of 247 Wolfe Street, Peterboro', Ont., says: "Eight months ago small white blotches and pimples broke out on my hands. To keep from rubbing and scratching was impossible as the itching was intense. This caused the pimples to break forming matted sores between my fingers and spreading to the joints of my fingers. I suffered cruelly lying awake night after night with the burning, itching and began using it. Each application brought great relief. It checked almost instantly the burning and itching and soon banished all inflammation and swelling and in about three weeks from commencing with Zam-Buk, I was cured of this dread disease."

A bad fire took place at Dundas at an early hour on Saturday morning. A barn owned by Dr. Morris and a warehouse alongside, owned by Neil McKay, were both burned to the ground, with all their contents. Dr. Morris' loss includes two horses and a cow, which perished in the flames. Mr. McKay lost quite a lot of material, and a valuable seeder belonging to W. J. Nicholson, also was consumed. The origin of the fire is unknown and the loss will be heavy to all concerned.

The death of Mrs. George Bell of Murray Harbor, removes one of the oldest inhabitants from that place. Though of a quiet and retiring disposition, she was one who of late years never mingled with the throng, but served her Master in her own home, both by deeds of kindness, and loving words, as far as the increasing weakness of her body would permit. She leaves to mourn besides her husband John D. Bell of Montague, William Bell of Providence, R. I., Mrs. James Sharam of Gladstone and James, on the homestead.—Com.
