SUMMERSIDE, Dec. 2—A distressing gunning accident occurred at St. Louis, late last Saturday night. Mr. Edmund Gaudet, seventeen years old, son of Mr. and Mrs. John Gaudet, of St. Louis, was out shooting rabbits in company with another lad, when the twenty-two rifle, which Gaudet was carrying, went off and the bullet entered the back of his leg just below the knee. He was holding the gun down so that it did not point in the direction of his companion, who was walking in front of him when it exploded. He was taken home by his companion and medical assistance procured. The lad was brought to the Prince County Hospital on Sunday and an operation performed on Monday morning, when the bullet was located near the ankle and extracted. Fast Air Mail

(Canadian Press)
MONTREAL, Que., Dec. 2—An air mail service whereby a letter could be posted in Montreal one night and delivered in Winnipeg the next morning, will be inaugurated sometime next year, it was announced today by Hon. Peter Veniot, Postmaster-General of Canada, who was in Montreal today on his way home from the Maritimes, where he spent the past two weeks. Mr. Veniot pointed out that this route to Winnipeg which would be via Toronto was only a segment in the Montreal-Van-

cover line which he hoped would be established and which would accomplish a saving of forty hour over the fastest present delivery. An air mail route via Quebec and Montreal is now under consideration and St. John, N. B., will soon be brought within four hours of Montreal. Mr. Veniot said. Commenting on the various present services, Mr. Veniot said the farthest post office, Akiaivik near the mouth of the MacKenzie river is now served twice a month by air instead of the old system of once a winter by dog sled.
