OPERATIONS AT THE DARDANELLES

British Troops Have Turned the Crest of the Ridge in Gallipoli Peninsula Greatly Improving their Position and Giving them Renewed Advantage.

LONDON, August 3.—The crest of the ridge in the Gallipoli Peninsula has been turned by British troops and the positions of the British in the Dardanelles has been improved, according to a statement given out today by the official press bureau.

THE GLORY OF THE LION IS HIS MANE

The above design was specially drawn by a subscriber of The Guardian in England and has been adopted for post card purposes popular with the colonial contingents. The Guardian has pleasure in reproducing it on this, the anniversary of the declaration of war.

THE CONQUERED AFRICAN COLONIES HIS BIRTHPLACE WILL HONOUR SIR WILFRID

(From our own correspondent.) CAPETOWN, South Africa.—The cost to South Africa of the war in South-West Africa, which resulted in the loss of that country to Germany, is estimated in official circles at \$67,000,000.

The close of the war in South-West Africa has led to a discussion as to the future of the conquered German colony. When General Botha was invited by the British Imperial Government to undertake a campaign into South-West Africa last August, it was stipulated that any occupied territory should be held unreservedly at the disposal of the British Government.

Plans are already being discussed for the further development of certain parts of the conquered colony. The construction of a railway from Livingstone to the West Coast, which would open up the rich cattle country of Northern Rhodesia by a shorter route to the sea, will apparently be the first big engineering work to be undertaken. Later will come the development of the great mineral wealth of the country, while it is expected that those parts which are suitable for pasture will be occupied by Boer trekkers from the Transvaal and Orange Free State.

SUMMARY OF WAR SITUATION

(Special to The Guardian.) LONDON, Aug. 3.—The stubborn resistance with which the Russians are meeting the Austro-Germans and the slowness with which the forces of the invaders have been able to move during the last few days has led to the belief in some quarters that the German supply of ammunition is beginning to feel the effect of the protracted struggle and Russia may yet save the Polish capital.

The western zone, as usual, claims French and German conflict. Reports from Holland say a big battle has been in progress along the British front in Flanders.

GROUNDING STEAMER RESUMES VOYAGE

(Special to The Guardian.) DETROIT, Aug. 3.—The passenger steamer Norenic, of the Northern Navigation Company of Sarnia, which grounded in Detroit River, was released to-day and proceeded to Detroit.

A SNOWSTORM ON LAKE SUPERIOR

(Special to The Guardian.) SAULT STE. MARIE, Aug. 3.—Capt. McLean, of the steamer Lake Land, arrived this morning and reported running through a snowstorm on Lake Superior to-day. The weather has been cold and rainy.

DISASTROUS STORM IN PENNSYLVANIA.

PUNTSUTAWNEY, Pa., Aug. 3.—One life was lost and many thousands of dollars' damage done throughout this section last night by a series of storms, which flooded streams, washed away bridges, damaged railroads and interurban lines and destroyed harvests.

DENY BULGARIA AND TURKEY HAVE AGREED.

LONDON, Aug. 3. (12.47 a.m.)—A despatch to the Exchange Telegraph Company from Geneva, says: "The statement that an agreement has been completed between Turkey and Bulgaria is denied by the Cologne Gazette, which says that the negotiations continue, and that the settlement of the new frontier is dependent on the outcome of several outstanding disputes. The Cologne Gazette adds that Germany is in entire agreement with Turkey's viewpoint."

HEAT WAVE HITS PHILADELPHIA

PHILADELPHIA, Aug. 2.—Fifteen deaths and numerous prostrations were reported as due to the heat here to-day. Eight of the victims were infants. Although the maximum temperature of 90 degrees was six below yesterday's high mark, the humidity was greater, registering 83 per cent. at one time in the forenoon. Rain brought some relief to-night, and the local forecaster promises cooler weather for to-morrow.

TO WIN BULGARIA FOR THE ALLIES

London Standard Advocates Strong Pressure on Serbia to Make Territorial Concessions, to Prevent Austro-German Advance to the Black Sea.

(Special to The Guardian.) LONDON, Aug. 3.—Discussing the possible course likely to be taken by Austria and Germany after the capture of Warsaw leads the Standard to advocate editorially that the Allies make a tremendous effort to gain Bulgaria and try to influence Serbia to make territorial concessions to Bulgaria on the theory that the Germanic forces on the south side of the Danube would overwhelm Serbia, relieve Turkey, open the road to the Black Sea

1,500 MACHINE GUNS FOR CANADA'S SOLDIERS

(From our own Correspondent.) OTTAWA, Aug. 3.—Up to to-day 1,500 machine guns had been donated to the Canadian forces by private subscriptions. A week ago the number was 1,000 guns at a cost of \$1,000,000, or \$100 per gun. In the interval more and more contributions have poured in with the result that the sum of \$1,500,000 has now been promised and 500 more guns are being thus added to the 1,000 already received.

WAR CONTRACTS ENQUIRY RESUMED AT MONCTON

(From our own Correspondent.) MONCTON, Aug. 3.—The Davidson War Contracts Commission, which reached here from Charlottetown, Prince Edward Island, this afternoon, probed the horse purchases made by Major Anderson for the 19th Battery. Incidentally the inquiry developed into the cost of feeding the Battery when it was mobilised before going to Valcartier. The traffic auditor of the I.C.R. said Major Anderson had shipped 196 horses to Valcartier. Tilly Ryan, Moncton, sold a horse for \$200 which cost \$185. He was ashamed to confess it, however, because he thought he should have made more. W. McWilliams got \$200 for a horse which originally cost \$210, while H. Wapmen sold a couple for \$485. J. McD. Cooke owned a horse which was refused by Dr. Doyle and Anderson had him put on the train and sent to Valcartier, from which place he sent a cheque, which Cooke was able to get cashed after the bank held it five months. The Department refused to honour it because Doyle had not countersigned it. Somebody in Halifax authorised the deal. The Auditor General said he could not trace the cheque, while he only had cheques for 195 horses, whereas 196 were shipped. W. D. Allanch sold a horse which cost \$229 for \$225. He was caterer for horses and men when they were mobilised preparatory to departing for Valcartier. On the day before they left Major Anderson gave his personal cheque for the men's food and sent two express orders to cover the cost of horse feed from England. Allanch said he was a boot and shoe merchant, and upon Judge Davidson asking what he knew about catering replied he was once a grocer. He got the contract from Anderson and lost on it. Mr. Thompson said paying accounts in this way was not usual. The ordinary procedure was for an officer to send in an account to Ottawa and the Department would send a cheque to the caterer. C. F. Gross got the sums of \$486, \$466, \$456 for three different pairs of heavy horses sold Anderson, and \$460 for one pair of light animals. L. B. Read received \$600 for a pair of light horses, but they were prize animals.

QUARTERLY MEETING OF PRESBYTERY

The regular quarterly meeting of the Presbytery of Prince Edward Island was held yesterday in Zion Church. There was a large attendance of ministers, and a good deal of business was disposed of. Rev. J. W. McKenney was elected Moderator for the next six months. Rev. A. Murray, of Middle River, Cape Breton, declined a call to Valleyfield. A call from Orwell to Rev. W. H. McEwen, D.D., was forwarded to the Presbytery of Iowa, U.S.A. It is understood that Dr. McEwen will accept, and Presbytery has made the following arrangements for his induction:—The Moderator to preside to induce, Mr. M. D. McLeod, of Caledonia, to preach, Mr. D. Wright, of Montague, to address the minister, and Mr. A. J. McNeill, of Murray Harbour South, to address the people. The date and place of induction will be decided on later by the Moderator and the Clerk, Mr. T. C. James. Presbytery decided that the vote on Church Union should be taken not later than November 15. A Committee consisting of Rev. Dr. T. F. Fullerton and Messrs H. J. Fraser, J. M. McLeod and the Clerk, was appointed to prepare a list of congregations giving less than minimum stipend, and to take the matter into consideration and devise a plan of visitation, to be submitted at the next quarterly meeting.

Rev. J. C. Martin, of Cardigan, having been appointed a chaplain to overseas forces, Presbytery granted him six months' leave of absence, on the understanding that this leave would be extended as necessary. Mr. D. Wright was appointed interim moderator of Cardigan. The annual report of the Women's Missionary Society was submitted, and on the motion of Dr. Fullerton Presbytery received the report and expressed great gratification at the success which had attended the work of the Women's Missionary Society. "Their prayer is that the blessing of God may rest upon their labours even more abundantly in the days to come." The appointment of Rev. T. A. Wilson, of Richmond Bay West, was continued. Some routine business having been done, Presbytery adjourned.

EXPORT OF COAL FROM BRITAIN RESTRICTED

(Special to The Guardian.) LONDON, Aug. 3.—After August 30th the export of coal from Great Britain is prohibited except to British possessions and protectorates, accord to an order-in-council issued to-day. Heretofore export was restricted to possessions and countries which are allies of Great Britain, but to-day's order-in-council eliminates all allies.

We want Bulgaria's co-operation. Bulgaria is getting impatient and beginning to listen to the cajoleries of Germany. The Serbs must be told we cannot have an issue of war, in which we are vindicated, their rights, to exist jeopardised because they insist on clinging to their booty.

ITALIANS MAKE FURTHER PROGRESS AGAINST AUSTRIA

(Special to The Guardian.) VERONA, Italy, Aug. 3.—Although the weather is still unsettled, the advance of the Italian forces against Rovereto, an Austrian town 13 miles southwest of Trent, is progressing along the Arsa Valley. The forts surrounding the town are already said to be suffering under fire of Italian siege guns which were transported to platforms prepared on the mountains south of Rovereto.

MILAN, August 3.—The first line of the Austrian defence in Carso having been taken and the Italian front advanced over a considerable distance of the most difficult country east of Montebelluna and Sagrado, the second line of Austrian fortifications, hastily erected from Rubbia to Pietro Ross along eastern slopes, are to be carried. The Italian army is fully equal to its new task. The attack on the Austrians' second line has already begun with success. The Italian artillery has been brought forward rapidly and is bombarding the new Austrian trenches. The infantry has maintained a steady pressure on the retreating Austrians and each day is marked by the capture of a number of prisoners and considerable booty.

FLOTILLA OF AEROPLANES BOMBARD STRASBURG

(Special to The Guardian.) PARIS, August 3.—A flotilla of Anglo-French aeroplanes today flew over the German city of Strasburg and dropped 25 bombs, according to a despatch from Geneva. The extent of the damage has not yet been ascertained.

MEXICAN CAPITAL HAS FOOD FOR MONTH

(Special to The Guardian.) MEXICO CITY, Aug. 3.—Gen. Pablo Gonzalez, commander of the Carranza forces, told the Associated Press that with his army had come sufficient food supplies to furnish all the needs of the population of the Federal capital for a month. A commission will commence distribution to-morrow. General Gonzalez said communication both by rail and telegraph had been established and food is arriving. He asserted that order everywhere was restored and business is assuming its normal way.
