WOMAN'S GARB DEFINED
BY A BRESLAU PRELATE

BERLIN, Feb. 27.—Pagan and
ity culture" is the definition which
Cardinal Bertram, prince bishop of
Breslau, gives to fashions in regu-
lations he has issued to the clergy
instructing that the sacrament be
denied to women whose clothing is
not in conformity with "the decen-
cy and modesty becoming to a holy
place."

The cardinal says women to
whom communion is administered
must wear gowns which cover their
bodies up to their necks and their
elbows and their knees. Trans-
parent material is not to be re-
garded as sufficient clothing. Poor
communicants who come to
holy communion in their working
men's bow ties.

"Child's Eyelids Inflamed
Stuck Together and Bled"

Mr. E. P. Kimball, Entwistle, Alta., writes:
"Our little girl from birth was troubled with inflamed eyelids
and in spite of several remedies, grew worse until at the age of six-
teen months her eyes could not be opened after sleep without bleed-
ing, a waxy discharge sticking the lids
together and adhering with great tena-
city. The child's grandmothers were
consulted by mail, and both responded with
a little sample box of Dr. Chase's Ointment.
These were used as directed, and
lasted until we could obtain a further supply
from Edmonton. Improvement was
very marked from the first application.
The waxy discharge was easier removed
and did not reappear. Inflammation sub-
sided and has not returned."

ing at 11 o'clock and New London

BUYS SCHOONER—Captain A.
McLeod, Charlottetown, has pur-
chased the auxiliary schooner, Eliza
Goreham, 77 tons register, now laid
up at Dublin Shore, Moshers Island,
N. S. for a sum in the vicinity of
\$3,000. The vessel was built at Port
Clyde in 1904 and was purchased by
LaHave parties last spring.

WIND STORM—The velocity of
the wind during the gale of yester-
day morning averaged from thirty-
four to thirty-seven miles an hour.
During the day it moderated and
in the evening was blowing about
eighteen miles. It was southwesterly
in direction, accompanied at
times with snow flurries. The tem-
perature dropped to eighteen de-
grees above zero.

LOCAL INTEREST—The friends
of Miss Hattie J. Jost will be pleas-
ed to learn that, after her brief
but very pleasant visit to the home
land, she is again in Tokyo and in
charge of the school for prospering
Japanese young women for
Christian work among their own
people. The building selected for
the purposes of the school is well
situated, in a part of the city not
far from the moat which surrounds
on all sides the palace of the Em-
peror. But, it is already found to be
too small for the number who are
seeking admission to its privileg-
es, and efforts are being made to
secure another which will meet
the need.

For Mothers Of
Young Children

Mothers are quick to praise any-
thing which brings health and com-
fort to their little ones—any medi-
cine that will make the baby well
and keep him well will always re-
ceive hearty recommendation from
the mother. That is why Baby's
Own Tablets are so popular. Thou-
sands of mothers, throughout the
country, not only use them for their
own little ones but are always de-
lighted to be able to recommend
them to other mothers. The Baby's
Own Tablets have proved Baby's
Own Tablets to be without an equal
in relieving their little ones of
any of the many minor ailments
which arise out of a derangement
of the stomach and bowels. Baby's
Own Tablets are the ideal laxative—
easy to take but thorough in ac-
tion. They banish constipation and
indigestion; break up colds and
simple fevers; expel worms and
ease the teething period easy. The
Tablets are sold by medicine dealers
or by mail at 25 cents a box from

Happenings Of The
Week

(Continued from Page 4)

The Royal Bank of Canada at
shine crowned the day, which af-
forded many the opportunity of
calling, and during the entire
afternoon, the pretty drawing-room
was thronged. Mrs. Cruikshank, a
charming figure in jade georgette
heavily beaded in crystal, gave her
guests a very cordial welcome and
receiving with her was Mrs. P. W.
McBride, whose gown was of sap-
phire blue velvet. Mrs. Eben
Lang, in navy blue satin and lace,
presided over the tea table, and
assisting were Mrs. E. R. Woodfill,
gowned in black satin, relieved
with touches of old blue and pic-
ture hat and Miss K. W. Skinner, of
Halifax, (cousin of the hostess),
wearing a small gown of toast
pressed velvet trimmed with fur.
her hat also being one of black
satin. A wee girlie in the person of
Miss Jean Borden acted as port-
ress. A profusion of rose and white
carnations adorned the drawing
room, while the truly spring flow-
ers, daffodils, supplied the decor-
ative touch for the dining room.
From Mrs. Cruikshank's former
home (Charlottetown) a number of
cards were received, bespeaking
the unbounded interest of friends
both far and near.

There is genuine regret in Hal-
fax at the approaching departure
for Montreal of Mr. and Mrs. Fred
Lane (Abbie Jacques), Mr. Lane
having been transferred to the
Montreal office of the Eastern
Trust Company. He has already
taken his departure and Mrs. Lane
is expecting to leave in a day or
two. Certainly every good wish will
follow them both.

Mrs. E. S. Blanchard, Water
Street, had the unique pleasure of
picking a small bouquet of pansies
from her garden on Thursday. The
dainty little blooms were snuggled
under the pansy leaves and were
delightfully fresh and fragrant
when picked.

The death of Mrs. A. E. Williams
came as a severe shock to her fam-
ily and friends to whom is extend-
ed sincere sympathy.

Everybody was charmed with
the old time costumes and old time
welcome given them by the ladies
at the Central Christian teaparty
on Thursday afternoon. Well
creamed tea in antique china, with
beaten biscuits, caraway cookies
spice cakes and many goodies
made from grandmothers recipes
help pass a delightful social hour,
after viewing the many old curiosi-
ties artistically arranged around
the hall.

Sympathy will be extended to
Miss Edith Rogers and members
of her family in the death of her
mother, Mrs. Joseph Rogers of
Somerville, Mass., which occurred
Tuesday.

Mrs. Lloyd Welner has been
spending a week very pleasantly
with her mother, Mrs. Turner, in
Sackville.

Small gold buttons form the
main ornamentation of some of the
new one-piece kasha frocks. They
are sewed on at hip line and cuffs
in geometrical designs. A soft jabot
of chiffon, lace or silk is almost
universally worn with these
dresses.

'Steamer ties are a feature of
many of the blouses and frocks
worn with ensemble costumes to-
day. The streamers are long and
the knot may be either close up to
the throat or looped loosely as low
as the waistline.

Black and flesh pink is the very
newest color combination for eve-
ning. The major part of the 'chiff-
on frock is black, relieved by
trimmings of pink.

Brings you back to Health
OVALTINE
TONIC FOOD BEVERAGE
Builds up Brain, Nerves, and Body
The surest and shortest way back to good
health after illness is to make "Ovaltine"
the daily beverage during convalescence.
"Ovaltine" is a pleasing beverage made
from creamy milk, fresh eggs and barley
malt, flavoured with cocoa. It supplies the
enfeebled system with concentrated nutri-
tion, making little or no tax on the diges-
tion in the process. A single cup of "Oval-
tine" brings you 12 times as much nourish-
ment as would a cup of beef extract, yet
your system assimilates it more easily and
quickly than a glass of milk.

"RUN DOWN" MEN
AND WOMEN NEED
Dr. Williams'
Pink Pills
They Give New Vitality—and more.
The expression "run down" comes from the feeble ac-
tion of an unworked clock, and the comparison is a good
one. Applied to health it means a condition in which the
bodily functions are enfeebled. Appetite fails, digestion
is impaired, the nerves impoverished, the complexion be-
comes pale and fatigue is a constant symptom.
No particular organ being affected, you must look for
relief through the blood, and Dr. Williams' Pink Pills are
the best blood builder known to medical science. As your
blood becomes rich and red, the various organs regain
their tone and the body recovers its full vigor. If you
are weak, begin taking Dr. Williams' Pink Pills today
and see how soon improvement will show in increased ap-
petite and renewed vitality.
Mrs. Chas. Bourdage, Five Fingers, N. B., says:—"Be-
fore taking Dr. Williams' Pink Pills I was completely run-
down. I did not sleep well, my digestion was poor and I
would take dizzy spells. The use of the pills changed all
this and I am now a strong healthy woman."
