Good Racing At Cape Traverse

The Cape Traverse Driving Club staged their first race on the afternoon of Saturday, Jan. 29th. The day was fine, the track fast and the attendance large: quite a few ladies being present and taking a keen interest in the sport.

Much credit is due to Mr. Bruce Campbell, the energetic clerk of the course, Mr. Melbourne Howatt, Mr. P. S. Howatt and others for clearing the track, and arranging all the details which were conducive to making the meet the success it was. Liberal purses were paid in each class. The visiting horsemen were loud in their praises of the treatment accorded them. The spectators were all impressed with the spirit of friendly rivalry and the good fellowship which prevailed and all went home determined to come back on Feb. 5th when their next race will take place.

Following are the officials:— J. W. Waddell, Judge; Chas. Crossman, Bruce Campbell, S. C. Clark, Timers.—Louis McLeod, Geo. Heffell, Patrol Judge; E. McWilliams, G. McWilliams.

The Class A. Trot and Pace brought out Haley D., owned and driven by that veteran horseman Mr. H. Lovd, and Lady Commodore owned and driven by Mr. C. O. Holland. Haley D. proved the winner. Lady Commodore was a contender in every heat but was very unsteady owing to being with out the hopples.

The Class A. Trot and Pace brought out Lady Petrolia owned and driven by S. H. Howatt, Victoria owned and driven by C. M. Lee, Bonny P. owned and driven by

LENIN LEAVING PETROGRAD THEATRE WITH HIS SISTER

Reports from Russia have told us in palaces formerly used by the Czar and members of the royal family. This photograph, just received from Russia, shows Lenin leaving a Petrograd theater with his sister after a matinee performance. There is no limousine waiting.

Brenton Clark. Lady Petrolia won in straight heats, never being out to the limit at any time. This is a high class mare. She is bred in the purple and is a worthy daughter of the illustrious Queen Marie, so familiar to horsemen on Maryland tracks some years ago. Lady Petrolia was the subject of much favorable comment from horsemen and spectators. Mr. C. M. Lee made a good drive with Victoria. Mr. Lee is a good sport and has shown the game very closely on the last few years and generally always delivers the goods. It was Mr. Clark's first drive in company with Bonny P. She showed extreme speed but was being rather rough owing to not having her quarter boots. Brenton Clark is an old veteran and this felt become one of the most clever amateur drivers in the game.

The Class C. Trot and Pace brought out Smuggler, owned and driven by Louis H. Howatt, Traverse Lady owned and driven by P. Williams, Verdun, owned by Earl Crooks and driven by Bert Dickey, Henry Land owned and driven by R. Bell, Tom Aubrey owned and driven by Gordon Dickey. This was the most closely contested class of the meet, taking the heads to decide. L. H. Howatt made a popular win with Smuggler though hard pressed by Traverse Lady and Verdun. The flying mile demonstrated his ability to negotiate the last heat breaking the feet. The friends of Mr. R. Williams were glad to see him back in the sulky again after a few years absence, behind the exceptionally good trotter Traverse Lady.

Happy Land's first start in company and she made a good showing. Verdun driven by that expert reinsman Mr. Bert Dickey had a reconed with every heat. Tom Aubrey has all the ear marks of a trotter and showed some great bursts of speed in some of the heats leading the field down to the quarter but being short of work finished behind the money. He was very skilfully piloted by his owner.

CAT'S COSTLY FUNERAL.

Much interest was aroused in Scarborough, England, over the funeral of a white Persian cat, whose mistress had had him placed in a beautifully-made oak coffin with brass furnishings and silver breast plate, bearing the inscription, "Eric died January 11, 1921." The time of the interment in the front garden of the owner's house, where a grave 2 ft. deep had been dug, had become known despite endeavors to keep it secret, and when the undertaker arrived there was a crowd in front of the house, and the windows of the houses opposite were full of spectators. This publicity and the description of the funeral and the postponement of the funeral until later in the day. A number of persons had the opportunity of seeing the cat in his coffin. A shroud covered him just as in the case of a baby, and the coffin was the size of a baby's coffin.

A LITTLE TOO BRIGHT.—Visitors to the home to have a little child around. Proud Father—Yes; our light bill is increased over double now.

Mr. Dawson whose appearance in the sulky and methods of driving resemble very closely the great reinsman Pop Geog. The second heat was won in fine style by Traverse Lady, Smuggler finishing right at her saddle, but was unable to out-foot the speedy daughter of King Brazilian. The third and fourth heats were thrillers; Smuggler having to contest every foot of the route against Traverse Lady and Verdun respectively. His driver forced him with the whip or each occasion but the big gelding responded winning gamely by a small margin.

THE POWER OF ISING.—Haven't you sold your ventry villa yet? "No; I'm not going to sell it now." "How's that?" "Well, I gave instructions to an agent to advertise it for sale, and the description he wrote of it was so enchanting that I couldn't make up my mind to part with it."

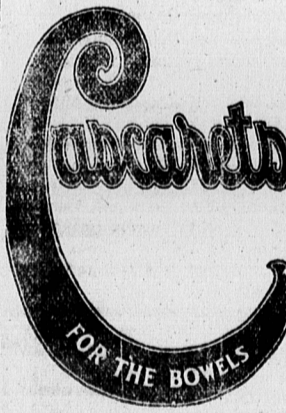

ST. JOHN, Feb. 5.—Following a ten per cent cut in wages the employees of Fowler and Campbell, Limited, tool and spring manufacturers, today went on strike and the plant was closed. About a hundred and fifty men are affected by the strike.

WHOLESALE To the Trade

During the past five years we have asked our customers to accept prices ruling on date of shipment, to protect us against costs that were advancing faster than we could ship the order placed with us. We now stand ready to offer the same protection to our customers which they so generously extended to us when costs were advancing. After this, orders will be accepted at price in force when placed. If at date of shipment we are able to sell at a lower price than in effect when orders were placed, customers will be given the benefit of this decline—Our prices are reduced as fast as manufacturers reduce theirs. Our customers are therefore getting the full benefit of the market.

BEFORE THE ADVENT

of the Audit Bureau of Circulations in 1914, each publisher made his own statements to advertisers. Many of them were truthful. Some were not. But there was confusion and lack of uniformity. An intelligent comparison was impossible. Details regarding distribution were not generally given because there was no standard of practice in keeping the records.

The Audit Bureau of Circulations has brought order out of chaos. Today the Bureau's system of keeping records is a most universal among the better publishers. Uniform reports are furnished to advertisers verified by that absolutely independent organization.

The experienced advertiser demands to see A. B. C. reports and if the publisher has nothing to hide, he gets them.
