## U. S. WILL SEND NO OBSERVER TO LEAGUE

**Meet Next Month—Dawes Plan Will Probably be Discussed.**

(Canadian Press)

WASHINGTON, Aug. 18.—No American official observers will be present when the Assembly of the League of Nations is called together in Geneva next month.

In making this announcement today the department emphasized the fact that there is nothing unusual in the absence of observers appointed by the United States Government since it would hardly be proper for a non-member Government to send representatives to the assembly.

The United States has co-operated with several committees of the League of Nations in an advisory capacity and will continue to do so where the interests of our Government or people are involved.

Presumably the League Assembly will discuss the disarmament plan worked out by a group of well-known Americans for its consideration, and even the Dawes plan for the settlement of the reparations problem, in which Americans have played so important a part.

However, the Coolidge Administration apparently is determined to continue the policy of co-operation with the League only via the side and rear entrances, never entering the front door during a formal gathering.

## NEW POLICY SAYS EAMON DE VALERA

**Declares Irish Treaty Not Accepted by the Irish People**

(Canadian Press)

DUBLIN, Aug. 18.—Eamon de Valera, speaking at Ennis yesterday, declared he had no new policy to announce. He declared:—

"We need no new policy. Our policy of 1917 and 1921 stands. Kings may be forced upon us. We may be temporarily forced to submit to certain things, but our sentiment can never change."

Continuing, the speaker accused the British Government of propagandizing throughout the world with the view of persuading the world that the Irish national demands have been conceded. He said regarding these:—

"To illustrate the effectiveness of this propaganda, I need only cite the speech of John W. Davis, Democratic candidate for the U. S. Presidency, as briefly summarized in the press a few days ago. Few foreigners have had such an opportunity of understanding Ireland's real aspiration as Mr. Davis, yet he speaks of Ireland as now having taken off her long subjecting."

"That Ireland's friends abroad, particularly in the U. S. may not be deceived and tempted to relax their efforts in Ireland on behalf of real freedom, I want you to send forth this message from here:—

"The so-called treaty imposed upon them by threats and force that purports to deny their sovereignty and partitions their country is not accepted by the Irish people and is not regarded, and never will be regarded, by them as binding either on their honor or conscience."

## Has Discovered Another Tribe Of White Indians

(Canadian Press)

TORONTO, Aug. 18.—Another tribe of white Indians is living on the spur of the Andes Mountains near the border of Colombia and Venezuela some 250 miles east of Darien where Richard O. Marsh discovered his white Indians, according to Ralph Keomle, general manager of the Wallaceburg Chatham and Lake Erie railway who spent a considerable portion of 1915 exploring South America in an effort to get coal.

## OVER MILLION FROM ISLAND FISHERIES

(Canadian Press)

OTTAWA, Aug. 18.—Fish valued at \$42,565,545 was marketed from Canada's fisheries and canneries in 1922, the official government return announces. This is an increase over 1922 of \$765,335.

British Columbia produced nearly one half, or \$20,795,914 which is an increase in that province of seven millions over 1921. Fisheries production by provinces, next to British Columbia is varied as follows: Nova Scotia, \$8,448,385; New Brunswick, \$4,548,535; Ontario, \$3,159,427; Quebec, \$2,100,412; Prince Edward Island, \$1,754,980; Manitoba, \$1,020,595; Alberta, \$438,737; Saskatchewan, \$286,642 and the Yukon, \$11,375.

## Light Frosts In West Send Wheat Prices Up

(Canadian Press)

WINNIPEG, Aug. 18.—Light frosts officially reported from northwestern Manitoba, and extending into Saskatchewan with further low temperatures predicted for tonight was the direct cause of a strong and active wheat market today, when prices at the extreme bulge reached 3½ cents above the previous close, but reacted slightly near the finish and final quotations were 2½ cents higher for October 3 cents higher for Dec., and 2½ cents higher for May.

## Alberta Oil Well To Produce 500 Barrels Daily

(Canadian Press)

VANCOUVER, B. C., Aug. 18.—Completion of a new well at Wainwright Alberta which will produce more than 500 barrels of oil per day was announced by Newton W. Emmens, superintendent of the British Petroleum Limited, at last night's annual meeting of the company held here.

In Mr. Emmens' report to the shareholders it was stated that Sir Henry Thornton had advised the company that the Canadian National Railway lines are prepared to take Wainwright oil for locomotive fuel if the quality and production are satisfactory.

## OPPOSITION TO JAP - SOVIET TREATY

(Canadian Press)

PARIS, Aug. 18.—Another battlefield in the world's war for oil is expected to be set ablaze by a new treaty between Japan and the Russian Soviets, negotiations for which, it is learned, have entered the final phase.

One of the main conditions constituting the basis of a preliminary convention on which the Russian and Japanese delegates are now at work, is a fifty-five-year concession to the Japanese of the oil fields of North Sakhaline.

The British Government is preparing to oppose this on the ground that the Shell group possessed the rights to these oil fields before the war.

Meanwhile, according to information from an authoritative source, Japan is already fitting out five ships to repatriate her troops from Sakhaline in view of the probability of an early signature of accord.

## AGREE TO EVAGUATE RUHR IN ONE YEAR

(Canadian Press)

LONDON, Aug. 18.—Once more the Germans are ready to "sign and go back to the fold."

After all night conferences between representatives of France and the Reich, the Germans notified the secretary of the conference on application of the Dawes report that they had decided to accede to the French proposal to conclude Franco-Belgian evacuation of the Ruhr within a year.

This was the most serious of all the problems involved in putting into effect the provisions of the Dawes reparations programme.

Satisfactory solution means that the conference, held by many authorities to be equal in importance to the Peace Conference of 1918-1919, has reached its final stage, a success, after many previous futile attempts.

## Sun Worshipper Subdued After Hard Battle

(Canadian Press)

NEW YORK, Aug. 18.—Elienne Chevenot, 42 years old, recently arrived from Paris, was captured by three of the largest patrolmen on the force as he knelt in prayer on the roof of a four-story apartment house praying to the sun.

His prayer, in French, was unintelligible to Patrolmen Eberle, Singer and Leddy, whose combined weight is about 700 pounds, and who needed all their left to subdue Chevenot. Calm when left alone and permitted to worship the sun, the Frenchman acquired superhuman strength on being disturbed.

After being bound with ropes, he was taken to Bellevue Hospital for observation. Investigation disclosed that Chevenot is normal most of the year, but in August has for several years been subject to attacks of sun worship.

## Hope is Abandoned For Two Young Men

(Canadian Press)

FORT WILLIAM, Ont., Aug. 18.—Hope has been abandoned of finding alive two Fort William young men, Hainaway, Colborne and Grant Bain, 22 and 18 years old, who ventured out in a canoe from the waterfront of Chippawa Park, yesterday afternoon, just before the fiercest electric storm of the season broke over the city.

The canoe in which the two young men set out was picked up by a fisherman, blown ashore near the mouth of the McKellar River, opposite Mutton Island.

## FURTHER DELAY TO U. S. FLIERS

(Canadian Press)

REKJAVIK, Aug. 18.—Bad weather again prevented the United States army aviators from hopping off on the next leg of the world flight to Greenland. They had intended to attempt the resumption of the flight at 3 o'clock this morning.

They made a short trial flight but it is unlikely they will attempt to hop off today as an early start is needed because of the few hours of daylight.

## Kept Detailed Diary On Angina Pectoris

(Canadian Press)

LONDON, Aug. 18.—Charles Thompson, a retired linen merchant of West 88th Street, who died of angina pectoris at a hotel here, kept a detailed diary of the progress of his disease. It was revealed at a coroner's inquest today.

The coroner remarked that notes found in the dead man's pockets are very interesting and asked Henry Bingham, of Bude, Cornwall, the deceased's great nephew, if he could keep them. Bingham said he would like to send them to Thompson's son in New York but would let the coroner have a copy.

## Detroit Suspects Held in Windsor

(Canadian Press)

WINDSOR, Ont., Aug. 18.—Carl Moore and Frank Cruise, both of Detroit, are in the hands of the local police, suspected of being implicated in the theft of \$6,000 from the safe of the International Bar Wednesday night.

The two men were arrested when detectives noticed them, with three companions, acting in a suspicious manner in the Michigan Central Railway yards. The three others made their escape, and Moore and Cruise were captured after a scuffle.

When searched they were found to have \$1,000 in their pockets, and a revolver was found on the ground nearby.

## \$8,000 Liquor Cargo Is Seized On Boat

(Canadian Press)

NEW BEDFORD, Mass., Aug. 18.—The power boat G-408, laden with a cargo of champagne, and consigned to be worth \$8,000, was brought into port here by the coast guard cutter Acushnet.

The boat, commanded by Charles Wielin of Providence, R. I., was captured 13 miles off No Man's Land, evidently bound for Narragansett Bay. Later she was towed to the Cape Cod canal by the Acushnet, where she was left in charge of the coast guard officers until the harbor tug Macwainac of Boston arrives to tow her to that port. This is said to be the most valuable cargo he Acushnet has yet brought into this port.

## Body Recovered Near Scene Of Montreal Tragedy

(Canadian Press)

MONTREAL, Aug. 18.—One body that of a woman so far unidentified thought to be one of the six persons who were drowned, when the rowboat in which they were crossing from Montreal to Boucherville capsized yesterday morning in the St. Lawrence river, was recovered about four miles below the scene of the fatal accident and is now at the morgue. An inquest is being held today.

The party consisted of five men and four women, two of the men and one of the women were rescued by a camper living near by scene of the fatalities.

## Chatham Youth Carried Into Air by Eagle

(Canadian Press)

CHATHAM, Ont., Aug. 18.—To be attacked by a big bald headed eagle, picked up and carried into the air five feet, then dropped when his clothing gave away was the experience of Fred Cunningham aged 14 weight 97 pounds in a golf course near here. The bird was later killed by a citizen.

It was about eight feet from tip to tip of the wings. Young Cunningham was severely scratched and clawed while fighting the bird, which finally became enmeshed in a wire fence.

## Minister Corrects Turk Police Abuses

(Canadian Press)

CONSTANTINOPLE, Aug. 18.—Redjeb Bey, Minister of the Interior, yesterday expected Constantinople police services and criticized a number of abuses. He strictly forbade continuance of the practice of beating arrested persons in order to wrest from them confessions. He warned that arrested persons must not be kept in detention more than twenty-four hours without the charges against them being investigated.

## Seaplane May Visit Ch'town Shortly

(Canadian Press)

TORONTO, Aug. 18.—Charles Matthews, Jr., former provincial treasurer of Ontario, was remanded in custody for eight days by Magistrate Edmond Jones, when he appeared in the police court to answer a charge of accepting secret commission while in office.

The charge was laid against the former provincial treasurer on instructions of Hon. W. P. Nickle, Attorney General. Bail was refused.

## Girl Bandit Used Wig For Disguise

(Canadian Press)

CAMDEN, N. J., Aug. 18.—Margaret Treadway, who is not yet 18 years old and lives in Atlantic City, told her career as a member of a holdup gang here in police headquarters as she smoked a cigarette.

"Did I wear a wig?" she echoed Chief Tatem. "I wore more than one. I had to change my appearance to be on the job with the gang. I was connected with."

Implicated with the girl in the alleged hold-up of a saloon keeper is Stephen Thurber, Jr., son of a former Camden Councilman. He was held in \$1,000 bail on a charge of assault and battery on Ernest Hammel, the saloon keeper, when he refused to "come across."

According to Hammel the girl held a revolver at his side and said "Do you know we are Government agents?" The saloon keeper told the police he grabbed the revolver from the girl, and when her friend interfered he knocked him down.

## No Word From Steamer Arctic

(Canadian Press)

OTTAWA, August 17.—No communication has been received from the Canadian Government steamer Arctic by the Government Radio Stations during the past week. It is believed that the Arctic is in Ponds Inlet on the North Coast of Baffin Island and temporarily out of range.

## Year Without a Summer, He Says

(Canadian Press)

TORONTO, Aug. 18.—"I would not go so far as that," Sir Frederick Stupart, Director of the Meteorological Service of Canada, said when shown the statement of Professor Henry Cox, of Chicago, that 1924 was a year without a summer and that there would be cooler weather for the rest of the year.

"There is this to be said," Sir Frederick said, "that persistence of type is something to be reckoned with. When you have weather of a certain character it is more likely to continue than to change suddenly." "But," he concluded, "the type may change and we may yet have hot weather."

## Penny Lodges In Throat, Child Dies

(Canadian Press)

CLEVELAND, Aug. 18.—Death won over medical science in a battle to save the life of Helen Batcha 22 months old, who several days ago tried to swallow a penny that lodged in her throat. An operation to remove the coin that slowly by the child's breath was impossible because of swelling.

## MANIFESTO BY COMMUNISTS IN LONDON

(Canadian Press)

LONDON, Aug. 18.—The Communist party has issued a manifesto on the subject of the withdrawal of the prosecution of John Ross Campbell, arrested at the instance of the director of public prosecutions on a charge of publishing an article with the object of seducing members of the city's forces from their allegiance. Referring to the newspaper articles adversely criticizing the circumstances of Campbell's release the manifesto says that the forces of reaction are already endeavoring to make an attack on the Labor movement through the labor government and that attempts are being made to raise an issue on the question of political interference with the judiciary.

"The Communist party calls on the whole working class to rally round the labor movement," says the manifesto, "and to present a solid front against the presumption of those who have continually used legal machinery to serve their own class purposes. The fact that pressure has been brought to bear on the Labor Government to drop the prosecution of the editor of the Workers Weekly is supposed to be a heinous offence, but nothing is said about the pressure brought to bear on the Government by reactionary politicians and the press to get the prosecution started."
