### Worn-Out Nerves

Bring Headaches, Backaches, Pains in Limbs, Sleeplessness, Irrregularities, Nervous Prostration and Paralysis.

Woman's work is never done. From early morn till late at night many a woman toils on day after day, week after week, and year after year, with no rest, no recreation, and not even change of work, for it is the same monotonous round over and over again.

Little wonder that the nerves are shattered, the system run down, and the body racked by pains and aches. Little wonder that the head aches, the digestive functions are impaired, and the delicate organs become irregular. Little wonder that beauty fades, the skin becomes pale and sallow, and the body thin, weak and worn out.

To correct these ailments and to renew the vitality of the body a restorative is necessary, and there is no greater restorative known to man than Dr. Chase's Nerve Food. It is a new wonder of medical science that gets down to the foundation and builds up gradually but surely until the whole system is revitalized and disease becomes a thing unknown.

Dr. Chase's Nerve Food is put up in pill form, and if taken regularly according to directions will positively and permanently cure the most serious nervous disorders of men, women and children. See a box at all dealers, or Edman, Bates & Co., Toronto. Book free.
