**LOST ONLY CHILD.**—Friends of Dr. and Mrs. William Wright, who left here recently on return to Edmonton via New York will be sorry to learn of the death of their bright little daughter, Gertrude, who took ill in New York. She was four years old and their only child.

**MORE WARRIORS RETURN.**—Several more Island soldiers from overseas arrived last night. Four came to Charlottetown—viz: Pte. Fred F. Hale, and Pte. John M. Hughes of Charlottetown Pte. James H. Arnold of Lot 40 and Pte. Lauchlin McLennan of Caledonia. Several others who came proceeded west. Those coming to the city were greeted by the Mayor and Col. Leigh and the 4th Regt. Band. Further details later.

**SCHOOL FAIR.**—The School Fair held in the Consolidated School at Hazelbrook yesterday afternoon was a decided success. The exhibit of calves swine and poultry was exceptionally fine. The showing of fruit was small but of exceedingly good quality. There was also some very creditable specimens of fancy work shown. Several excellent papers were submitted by the pupils in connection with the exhibits.

**PROHIBITION CERTIORARI.**—His Lordship Chief Justice Matheson has granted an order nisi to quash a conviction under the Prohibition Act made by Judge McQuarrie against a defendant residing at Kensington. The grounds on which the order was granted are that a County Court Judge has no jurisdiction to try a prohibition case arising in an incorporated town, and that the conviction was made by the County Court instead of by the Judge and on various other ground alleging irregularity in the proceedings. The order nisi is returnable next Michaelmas Term of the Supreme Court and was granted on the motion of Mr. G.S. Inman, K.C.

**STARS AND STRIPES.**—The Guardian is indebted to Mr. Charles Cum-ling, Chief Engineer of the Northumberland, for several copies of "The Stars and Stripes," the organ of the American Expeditionary Forces in France. It is an eight page weekly with a circulation already of about 150,000 and steadily increasing. It has advertising agencies in Paris, London and many United States cities. Dealing with military matters especially and with the current news of the day generally. It is a readable and interesting journal and will certainly be popular among the soldiers and their friends. The enterprise which set this live journal afloat is commendable.

**TWO MORE ENGINES.**—Two more new locomotives of the same type as the two which arrived here several weeks ago arrived in Charlottetown on Wednesday night. They came direct from the Locomotive Works in Kingston, Ont. in charge of Mr. Alex Van Alstyne, the same capable engineer who brought the others. These are the first super-heated engines ever installed on the P. E. Island Railway and the first two which came are giving excellent satisfaction. Mr. Van Alstyne leaves this morning on return to Kingston.

### To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

**CHURCH OF SCOTLAND.**—Rev. Jas. MacDougall will preach as follows:—On Thursday the 10th at Ar-871e at 8 p. m. and on Sabbath the 13th at Canove Cove at 10.30, De Sable at 3 and Hampton at 7.

# Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man at Various Ages

Age 20—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—This he can easily afford to "spend" Fifty Dollars a month.

Age 50—Things are not going as well as they were.

Age 55—He decides it will last another season. "Fifty Dollars is Fifty Dollars."

Age 60—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 65—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still drudging along. They cannot stop even if they would, but must go on to the end of their days working for a living.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and absolutely certain provision as our Monthly Pension Plan, by means of which an average deposit of only a few dollars a month would now return them \$50 a month for the rest of their days.

### Why Not Pension Yourself?

It is a good idea to "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future.

## Our New Pension Policy

guarantees that upon your reaching a certain age in life, you will receive a *monthly* cheque for \$50.00 or more, as you may now decide—and this monthly payment cannot cease as long as you live.—it will go on for ten years in any event, either to you or your Beneficiary.

### If You Become Disabled

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. Such a thing might happen the day after you secured this new Policy of the Canada Life. Immediately the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00 a month (or more, as you may have arranged) for the rest of your life.

### It Is Worth Investigating

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.
