HON. W. S. FIELDING SPEAKS TO AN IMMENSE AUDIENCE

In the Market Hall Last Night. The Brilliant Minister of Finance Discusses the Tariff Question, the Transcontinental Railway and Some Local Questions. Short Speeches by the Candidates.

Hon. W. S. Fielding, Minister of Finance of Canada and one of the leaders in the Laurier Government was greeted enthusiastically by the Liberals of Charlottetown at the Mass Meeting in the Market Hall last night.

The Minister who is perhaps the most popular of the Liberal Cabinet to Prince Edward Islanders since Sir Louis Davies has retired from politics was met by a large number of friends at the Railway Station yesterday on the arrival of the afternoon freight at a quarter after three.

After exchanging welcomes with Premier Peters, Hon. J. H. Commiskey, Horace Hazzard and other leading Liberals the minister drove with Premier Peters, Hon. Mr. Commiskey and Benj. Rogers, President of the Queen's County Liberal Association to the Plaza where Mr. Fielding remained during the afternoon and received a number of visitors including Governor McKinnon.

Even before the hour for commencement of the Market Hall was filled and when the talented Finance Minister entered he was received with prolonged applause. The hall was prettily draped with mottoes and bunting by W. B. Prowse, Worth's hand was present and as the Minister had driven to the building fireworks were set off from a number of the surrounding stores.

The presiding officer was Benj. Rogers Esq. and upon the platform were many prominent Liberals from all parts of the Province.

The chairman in opening the meeting spoke of the privilege in having Hon. Mr. Fielding present and bespoke good hearings for all the speakers.

A. B. Warburton predicted a great victory in Queen's County.

Hon. W. S. Fielding was received with great applause. Before commencing his speech he was presented with an address from the Liberal Association of Queen's County read by E. B. Williams, Secretary of the Association.

PLEASANT CURE FOR WEAK LUNGS.

The best remedy for sore, weak lungs, is the soothing vapor of Catarrhoxone which traverses every air cell and passage of the breathing organs. It treats remote parts that cough mixtures and sprays can't approach, and kills thousands of germs at every breath. Catarrhoxone drives away pain, congestion and inflammation; it makes breathing easy and regular, and exerts a marvelous influence on Coughs, Colds, Sore Throat, Bronchitis, Catarrh, Deafness and Lung Trouble. Catarrhoxone cures at once, is delightful to inhale, and simple to use. Price \$1.00; small size 25c. Druggists, or Poison & Co., Kingston, Ont.

DR. HAMILTON'S PILLS CURE CONSTIPATION.

WANTED—A case of headache that Kumford Headache Powders will not cure in ten minutes.

Now is the time to plant bulbs.

We have a very choice stock of HOLLAND BULBS in Hyacinth, Crocus, Narcissus, Tulips, Freesia, Lily and Iris.

Roman Hyacinths if planted now will bloom at Christmas.

Get our catalogue. See our prices.

A Gentleman's Hat! The King Edward VII Hat. Celebrated Tress make worn by King Edward Weeks & Co., Sole Agents.

WASHINGTON, October 28.—Quarter-master General Humphrey was converted to the pajamas for night clothing during his service in the Philippines, and orders have gone forth that the good old American nightgown shall be superseded by pajamas in the army.

CALLING IN THE DOGS OF WAR. ATHENS, October 28.—All the British vessels now in Greek waters have been ordered to sail forthwith.

HALIFAX, Oct. 31.—The failure of E. F. Smith, stock-broker, is the greatest financial crash that has occurred here for many years. The total liabilities are nearly \$300,000; of this amount \$150,000 are unsecured. Many banking institutions hold collateral security, but not sufficient to cover their losses.

ACADIA AGAIN DEFEATED. ST. JOHN, Oct. 28.—The Acadia foot ball team went to defeat, this afternoon on the Shamrock grounds, when the Neptune Rowing Club aggregation won from the visitors by 9 to 3. It was a well contested interesting match. The Acadia boys were the guests tonight at a reception given by the young people of Main Street Baptist Church.

MAHOAGANY WILL GO UP. MOBILE, Ala., October 28.—Late news of the hurricane which struck the Honduras coast some days ago is to the effect that the mahogany interests suffered greatly both in Honduras and Guatemala.

ELECTIONS IN NEWFOUNDLAND

The Day Passed Quietly but Result Not Known—Ballots Not Counted Yet—

ELECTIONS PASSED QUIETLY. ST. JOHN'S, Nfld., Oct. 31.—(Special).—The elections today passed off quietly and no disorders were reported.

BALLOTS NOT YET COUNTED. The full result will not be known before Thursday, owing to the fact that all ballots are counted in the central station of each district.

BOND SUPPORTERS CONFIDENT. Friends and supporters of the Bond Government (Liberals) count confidently upon a sweeping majority.

ing the U. S., to send the products of Western Canada to the sea. We want an all Canadian railway coming down to Moncton—the heart of the Maritime Provinces. Here is a point in the provinces fair to St. John, fair to Halifax and almost at the doors of P. E. I. On this section from Winnipeg to Moncton the road is built by the Government and given to the Company free for seven years—this is because the country has to be opened up and immigrants brought in by the G. T. P. Over this part the Government has running privileges which are equivalent to the extension of the I. C. R. to Winnipeg. There are different estimates of the cost but it matters little as the company will pay as rental 3% of the cost. In the West to the Rockies the company get nothing except the Government guarantee of 3% of its cost, as the country is already populated and in the mountain section as in the east they get seven years rental and 3% of the bonds guaranteed. What will it cost? If the Company will pay the interest, and the Opposition admit they will, the surplus of one year will pay the cost to the Government of the road. No land had been granted and no exemption from duties has been given as in the case of the C. P. R. and traffic rates will be controlled.

LOCAL ISSUES. Mr. Fielding in concluding pointed with pride to the Government's treatment of this province. Look at the increased subsidy, look at the increased railway accommodation, look at the improvement in the telegraph service (cheerily) look at the improvements all over the province and then say whether you will send four men to support the government at Ottawa. From ocean to ocean to day the country is ready to register its verdict in favor of Sir Wilfrid Laurier. The west will be true to the Liberals, Ontario has been electrified by the tour of Sir Wilfrid Laurier, Quebec is at his feet and the man who says that the Maritime Provinces, with the generous treatment they have received, will not strongly support Sir Wilfrid cannot correctly estimate public opinion.

He hoped in concluding that P. E. I. would be in the front with four Liberals in support of the Laurier Government. L. E. Prowse, the last speaker referred to the bright prospects for Liberal victory. The meeting closed with cheers for the King, Mr. Fielding, the Candidates and music by the band.

PAJAMAS FOR SOLDIERS.

WASHINGTON, October 28.—Quarter-master General Humphrey was converted to the pajamas for night clothing during his service in the Philippines, and orders have gone forth that the good old American nightgown shall be superseded by pajamas in the army.

CALLING IN THE DOGS OF WAR.

ATHENS, October 28.—All the British vessels now in Greek waters have been ordered to sail forthwith.

HALIFAX, Oct. 31.—The failure of E. F. Smith, stock-broker, is the greatest financial crash that has occurred here for many years. The total liabilities are nearly \$300,000; of this amount \$150,000 are unsecured. Many banking institutions hold collateral security, but not sufficient to cover their losses.

ACADIA AGAIN DEFEATED.

ST. JOHN, Oct. 28.—The Acadia foot ball team went to defeat, this afternoon on the Shamrock grounds, when the Neptune Rowing Club aggregation won from the visitors by 9 to 3. It was a well contested interesting match. The Acadia boys were the guests tonight at a reception given by the young people of Main Street Baptist Church.

MAHOAGANY WILL GO UP.

MOBILE, Ala., October 28.—Late news of the hurricane which struck the Honduras coast some days ago is to the effect that the mahogany interests suffered greatly both in Honduras and Guatemala.

THE NARROW ESCAPE OF CHARLOTTETOWN MAN

2300 Volts Passed into Mr. Carey's Body, but the Shock did not Reach a Vital Spot—Flesh on His Left Arm Badly Burned by the Electric Fluid.

BOSTON, Oct. 30.—Edward Carey, formerly a well known resident of Charlottetown, P. E. I., is congratulating himself on the fact that he is still alive, after passing through an experience that, in a majority of cases, would have resulted in death. Mr. Carey is a wireman in the employ of the General Electric Company of Lynn, and a few days ago he was set to work repairing two wires, the current of course being shut off. It was while he was grasping both wires that someone entered factory D, where the wires were located, and inadvertently turned on the power, unaware, of course, that Mr. Carey was working on the wires. The result was that 2300 volts passed into Mr. Carey's body and the shock threw him instantly back several feet.

Undoubtedly the fact that he was thrown back so suddenly and, therefore, released his hold on the wires, saved the unfortunate wireman's life, for in a fraction of a second that he received the current it did not happen to reach a vital spot.

He lapsed into unconsciousness before aid could reach him and was carried in an ambulance to his home. To the astonishment of the attendants, he recovered consciousness before the ambulance arrived at its destination and was able to walk into the house.

For the first twenty four hours after the accident, hardly any pain was felt by Mr. Carey, for his left arm was paralyzed by the shock and in its numb state received no nerve impressions from the severe burns. All this time Mr. Carey was as cheerful as could be glad in the knowledge that he was still in the land of the living and ready to talk to his friends about anything and everything, passing over his experiences lightly. At the end of a day however, the numbness began to leave his arm and he suffered excruciating pain. The flesh on his left arm was badly burned and the chances are about even now whether that member can be saved from amputation.

That Mr. Carey was saved from electrocution after so many volts was considered remarkable by his friends, for often human life has been shut out by less than half that power. Electricity, however, is as strange a destroying agency as dynamite has proved to be in cases

which have come to public notice so pronouncedly in the last two months and, like lightning it sometimes kills where least expected.

An expert electrician, discussing Mr. Carey's case with your correspondent, stated that in many an electrical fatality case, death might have averted if, those first on the scene of the accident had known how to go about resuscitation; for often the heart action is stopped by the shock and artificial respiration will, temporarily, do the work of the dormant organs. On the other hand, when the electrical current passes through the whole body, it causes a disintegration of the tissues and sure death follows.

Mr. Carey and his family have been in this country for eight or nine years, but before they moved here hardly a family near Charlottetown was better known or better liked socially. Twenty years ago they occupied the estate which the government since purchased for a stock farm, and there they were visited with great frequency by their hundreds of friends, who never lost the opportunity to spend a day now and then on the fine large estate.

oyama is about ready to strike.

His Army Reinforced—Another Turning Movement on Both Wings—Stoessel's Pathetic Words from Port Arthur—Strong British Naval Force at Gibraltar on Guard.

oyama ready to strike. ST. PETERSBURG, Oct. 31.—(Special).—Both Kurapatkin and Sakharoff report today that Field Marshal Oyama is preparing to assume the offensive.

ANOTHER TURNING MOVE. Japanese reinforcements are reported to be coming up from Feng Wang Cheng and the south, and a movement eastward is noted which may presage a turning movement.

WEST OF THE RAILWAY. There is also a Japanese movement west of the railway.

STOESSEL'S FAREWELL WORDS. While the besiegers of Port Arthur had not made much progress up to Oct. 17 according to two reports of Gen. Stoessel given out today, the fact that he concludes his telegram to the Emperor with a prayer for the blessing of their majesties had made a deep impression, as it interpreted that the gallant commander of the fortress will not be able to hold out much longer.

BRITISH FLEET AT GIBRALTAR. LONDON, Oct. 31.—(Special).—It is officially stated that the British naval force now at Gibraltar is 14 battleships, 13 first class cruisers and a strong fleet of torpedo boat destroyers.

HALIFAX FAILURE. HALIFAX, Oct. 31.—The failure of E. F. Smith, stock-broker, is the greatest financial crash that has occurred here for many years. The total liabilities are nearly \$300,000; of this amount \$150,000 are unsecured. Many banking institutions hold collateral security, but not sufficient to cover their losses.

FUNERAL OF THE LATE MR. SHIELDS

SAULT STE MARIE, Ont., Oct. 30.—The interment of the late Cornelius Shields will take place at Toronto, Wis. The body will be taken there, leaving the Soo on Monday evening accompanied by an escort representing the employees of the Land Superior Corporation. It is likely the works will be shut down during the time the body is being conveyed to the train. The Soo looks for Vice-President T. J. Drummond taking temporary charge here.

MIDNIGHT PROBS.

Westerly winds, fair, with a little higher temperature.

CORNS BETWEEN THE TOES.

Or the soles of the feet can be cured by a few applications of Putnam's Corn Extractor, which has been successfully used for 30 years. Putnam's is sure, safe and painless, and much better than any substitute.

Generally the expression is, "I don't feel half well," though sometimes people say, "I feel half sick." But there is no such thing as being half sick. The man who feels half sick is all sick. As a rule, the cause of the weak, tired, half sick feeling is disease of the stomach, resulting in loss of nutrition and consequently in physical weakness. Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores strength by enabling the perfect digestion and assimilation of food. It makes half sick people all well.

"I suffered for four years with pain in my stomach so that at times I couldn't work nor eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicines, which I did with good results. I only used four bottles of your Golden Medical Discovery, and must say that I am entirely cured and feel like a new man, and I can highly recommend your medicine to any sufferer."

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is strictly a temperance medicine. Accept no substitute for "Golden Medical Discovery." There is nothing just as good for disease of the stomach. The "Common Sense Medical Advice," one thousand and eight large pages in paper covers, is sent free on receipt of 31 one-cent stamps, to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Your Favorite Paper can always be found here. We handle all the LOCAL PUBLICATIONS, besides the prominent WEEKLIES and MAGAZINES, CANADIAN, AMERICAN, and some ENGLISH. Of course, it is impossible to keep everything published, but we can get anything you want.

If You Desire any PAPER, PERIODICAL or MAGAZINE which we do not handle, let us know, we will get it for you and deliver it promptly. We can also get you any BOOK that you would like to have. We charge nothing extra for SPECIAL ORDERS. From now until after the elections we will carry an EXTRA SUPPLY of the leading NEWSPAPERS both LIBERAL and CONSERVATIVE.
