S' Side Air Cadet Committee Guests On Rescue Craft

Last Saturday afternoon the members of the Summerside Committee of the Air Cadet League accompanied by their wives were guests aboard the Search and Rescue Crash Boat "Nookka". The party left Summerside about one thirty in the afternoon and cruised to Victoria where they docked and enjoyed a visit to that lovely resort village.

The "Nookka" which is usually Squads Leader J. M. Stroud, D.F.C., who represented the commanding officer of the R.C.A.F. acted as host and welcomed the committee on the boat and did everything possible to make the cruise as pleasant as possible. Each member of the cruise brought along a lunch and while at Victoria enjoyed an outdoor picnic on the shore.

The cruise on Saturday afternoon was highly enjoyed by all, the day being bright and clear with a calm sea during the entire trip. The high speed the "Nookka" is capable of travelling provided a thrill for those on board and the party returned to Summerside about 5:30 in the evening after an unusually pleasant afternoon. -S.

THE ONLY SAFE MILK

Medical science has proven through intensive research that pasteurized milk is the only safe milk.

Pasteurization eliminates bacteria which cause such milk-borne diseases as bovine tuberculosis, typhoid fever, undulant fever, septic sore throat, paratyphoid fever, and dysentery.

Pasteurization does no harm to milk's nutritive value.
