THE EASTERN GUARDIAN

*IT PAYS to buy in this Province.

*DUNDAS AND ANNANDALE. — Rev. James Heron will conduct services on Sabbath 24th, inst in Presbyterian Church at Annandale at 11 a. m. and in Dundas at 3 p. m.

*L. O. L.—The brethren of all Lodges in Union district are requested to meet for Divine Service at Klouros Presbyterian Church, Sabbath August 24th., at 3 p. m. old time. By order of District Master. 370-3-21-m21.

*TROUBLESOME WEED. — In the Little Sands section of Kings County there is a great deal of what the people call 'weed' (thistle) in the grain fields. It would seem that these have become a veritable pest and very soon take control of all grain lands on some farms.

*ENJOYED PICNIC.—The officers and members of St. George's Lodge, I. O. G. T., Georgetown, held a very successful picnic on the premises of Mr. James Hessian. A large number of the members with invited guests were present and a good time was enjoyed by all. The young ladies served up a very appetizing tea, and as their was an abundance for all, it was thoroughly enjoyed by all partaking of it. The only discomfort that could be felt would be that of over-eating.

EASTERN PERSONALS

*Mr. and Mrs. Mincher, Boston, are visiting friends in Georgetown.—G.

*Miss George Lavers, New Glasgow, N. S., is visiting friends in Georgetown.—G.

*Miss Laura Yoston, Georgetown, is spending a few weeks at Southport.—G.

*Mrs. Lannon, Des Moines, Iowa, is visiting her mother Mrs. R. R. Jenkins, Georgetown.—G.

*Mr. William MacDonald, is visiting his mother Mrs. Elizabeth MacDonald, Georgetown.—G.

*Mrs. Webster, Dunstaffnage, is the guest of her brother Mr. Andrew Lavers, Georgetown.—G.

*Mr. Frank Webster, Dunstaffnage, visited friends in Georgetown last week.—G.

*Miss Anna Mar, returned home last week after visiting friends in Sackville.—G.

*Miss Susie Delorie, Georgetown Royalty is doing good work as teacher of Seal River School.—G.

*Mr. Fred Walker, has recently returned from overseas to his home in Georgetown. He left the Island in the 105th Battalion.—G.

*Miss Minnie DeLorie, Boston has been spending the past month visiting friends in Souris and Georgetown.—G.

*Mrs. G. W. Leslie, recently returned to Brudenell after spending several months with friends and relatives in Boston.—G.

*Miss Jean Aitken who left the Island as a V. A. D. Nurse recently returned from overseas, and is now visiting her mother, Mrs. A. Aitken, Georgetown.—G.

*Revs. Hugh Miller and E. F. Styles are spending a few days of their vacation on a fishing trip and are the guests of Mr. Daniel Collins, of Sturgeon.

OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift sore, touchy corns off with fingers

Yes! Magic! Drop a little Freezone on a bothersome corn, instantly that corn stops hurting, then you lift it right off. No pain! Try it.

A few cents buys a tiny bottle of Freezone at any drug store. This is sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, also calluses, and without the slightest soreness or irritation. It doesn't hurt at all. Freezone is the magic ether discovery of the Cincinnati genius.

*TWO CENTS PER WORD each insertion for advertising in this column. Cash must accompany order minimum charge twenty five cents.

*GYPSESIES. — Georgetown was honoured on Monday by a visit from an itinerant band of gypsies, who camped on the western side of the Town, where they attracted a large number of interested and curious spectators both young and old. The culinary habits of the visitors were of a very simple nature. The chief features in evidence were numerous children and lack of soap and water.—G.

*MONTAGUE METHODIST CHURCH.—The Quarterly Official Board met on the 18th inst to make its estimates and arrange the work for the year. Rev. H. Pierce, of Pownall, chairman of the District, was present. He congratulated the Board on their splendid work during the past year, and believed this one would be better than last. He expected Rev. Captain C. Graham would soon be on the field, which would permit the supply Rev. E. E. Pyche to return to Mt. Allison. Rev. H. Pierce, on the Sunday, conducted services in Lower Montague, Sturgeon and Montague, to large congregations, who felt greatly strengthened by his able discourse.

UNSKILLED SERVICE MEN IN DEMAND IN SHIP-BUILDING INDUSTRY.

Splendid opportunities are now open to disabled service men to obtain vocational training in the ship-building industry at the same time that they are earning excellent incomes, it is announced today by Col. Arthur Woods, Assistant to the Secretary of War, who is in charge of the re-employment of ex-service men. Men who are interested in these opportunities should communicate with the office of the Assistant to the Secretary of War, which will provide them with further information on this point. The chief opportunity is with The Submarine Boat Corporation in Newark, N. J., which offers from 48 cents to 56 cents per hour to men who are learning the trade at the

Healthy Mothers Healthy Babies Lydia E. Pinkham's Vegetable Compound

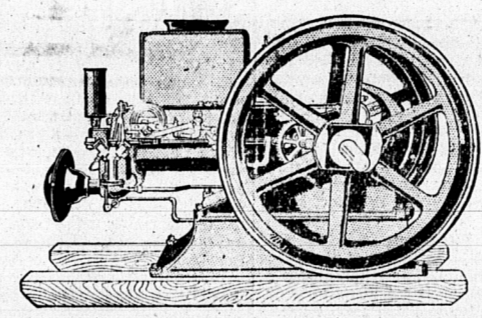

same time that it teaches them any of the following trades in its schools: riveters, holders-on, heaters, chippers and caulkers, reamers, and drillers, bolters, regulators, painters, linemen, shipfitters, pipefitting, marine plumbers, pipe-coverers, pipe hangers, erection machinists and electric welders.

is put on production. He is taught a regular right on the job, and is producing ers but must at the same time be at the same time that he is learning, earning enough to support himself. The records of this school show that very many graduates are earning \$75.00 to \$100.00 a week as riveters, and very substantial wages in other related occupations.

This is the typical manner in which large industrial concerns are responding to the request of the War Department for the training of unskilled discharged service men who

Deep yoke effects will be seen in the new fur coats. The hem of the small frock is by no means regular. Minard's liniment cures garget in cows

100% Efficiency with Kerosene

THE big thing to look out for when choosing a kerosene engine is this: Is it designed on true kerosene principles, or is it just adapted from machines built on gasoline principles? There is a world of difference. The real kerosene engine saves fuel and gives you maximum power. If you want 100% kerosene efficiency you will decide in favor of the

Renfrew Kerosene Engine

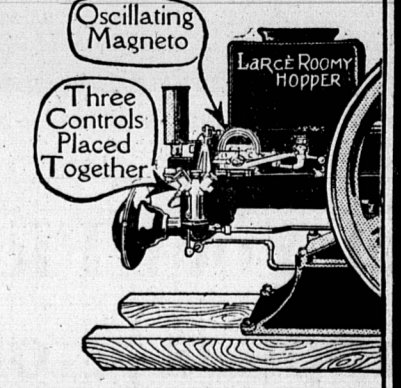

It is a true coal oil burning engine, designed precisely to get the last kick of power out of cheap coal oil. What a saving that means over gasoline at present prices we do not need to tell you.

Adapted engines simply cannot get the vaporized kerosene into the chamber warm enough. The Renfrew short manifold intake gets it to the right spot both quickly and in a hot condition. Thus it gets full power out of the fuel from both compression and explosion of the vapor.

In a real kerosene engine a big fat spark is indispensable. The Renfrew's oscillating magneto is designed to get that big spark at the right moment—and does it.

The special kerosene mixer, equipped with auxiliary air-valve, insures properly mixed charge for either light or heavy loads.

All these special kerosene features mean 100% service at the lower cost of kerosene over gasoline. That's the engine for you. Won't it pay you to get our illustrated booklet giving complete details? Write for it today.

You're Losing Enough to Pay for this Scale

A farmer often loses enough on one single sale of cattle on the hoof, or hogs, or sheep, to pay for a Renfrew Truck Scale. The only way to be on even terms with the shrewd, experienced cattle buyer is to weigh your live stock on the

Renfrew Truck Scale

This scale is Government tested. It has the Government Inspector's Certificate attached. No one can dispute its accuracy. Many farmers and stock raisers prefer to sell their animals dressed and make a still higher profit. Here again is the Renfrew Truck Scale a necessity. And after weighing you can truck the dressed hogs, beef, lamb, right to the wagon. Scores of other things can be weighed on this scale, too. Milk for the factory, grain, feed, groceries, etc. Weighs anything from 1 lb. to 9,000 lbs. Self-adjusting platform and will weigh accurately on even or uneven ground. Write for scale booklet and easy payment offer.
