Quadruplet Sisters To Be Bridesmaids

(C. F. By Guardian's Special Wire)
OKLAHOMA CITY, Okla., March 30.—Quadruplet sisters will serve as bridesmaids at an Easter Sunday wedding here. The girls, Roberta, Mary, Mona, and Leta Keys, of Hollis, Okla., are believed to be the only quadruplets who have reached maturity. They are 19, and freshmen at Baylor University. The wedding is that of their cousin, Elizabeth Pennington, and C. O. Buxton, Jr., of Oklahoma City.

LOST CAUSE

ROBES, March 30.—Disarmament is a lost cause in the opinion of Premier Benito Mussolini. "I do not believe there will ever be disarmament," he told a representative of the newspaper Paris Soir today.

Members of league will be the guests of the rink management. Auspices of Women's Institute. If not fine, following night. A-8

"Wage increases announced in two U.S. industries

(A.P. By Guardian's Special Wire)
NEW YORK, March 30.—Two behemoths of industry—the United States Steel Corporation and General Electric Company—announced today that they will raise pay envelopes of approximately 175,000 employees.

With the steel Corporation's announcement, workers throughout virtually the entire steel industry were assured of 10 per cent wage increases. Bethlehem, National and other large producers had pooled together earlier in the week.

U. S. Steel's wage boost, which applies to practically all its subsidiaries, was described as "approximately ten per cent" a figure agreed upon by the corporation after conferences with employees' representative groups "subject to

TEACHERS HELD FINAL SESSION OF CONVENTION

Annual Meeting of P. E. I. T. F. Concluded Thursday—Mr. J. W. F. McCallum New President.

The final session of the annual convention of the Prince Edward Island Teachers' Federation was held Thursday morning in the Prince of Wales College Hall. Officers for the ensuing year were elected, and the report of the resolutions committee received.

The following officers were elected:
President—Mr. J. W. F. McCallum, City.

Vice President—Miss Bessie McLeod, Portneuf Bridge.

Recording Secretary—Fred Skerry, Alberton (re-elected).

Secretary—Miss Ethel Taylor, City.

Delegates to the C. E. F.—Mr. Norman McDonald, Kensington.

The retiring president, Mr. Norman McDonald, was in the chair.

A demonstration of the teaching of physical drill to music was given by pupils of Grades V and VI of Rochford Square School, under the direction of the Reverend Sisters, teaching the grades.

Professor L. W. Shaw called attention to history booklets available in a series on the history of Britain told in pictures. He also referred to a pamphlet on the use of the dictionary and to a pamphlet "Canada 1894", published by the Department of Statistics.

Importance of Teaching
Dr. S. N. Robertson, Principal of Prince of Wales College, who was called upon by the President, expressed his pleasure in attending the session. The longer he stayed in the teaching profession, he stated, the more he was impressed with its importance. The coming together of the teachers annually was very valuable in that it brought together

Graft Hinted
Graft in the administration of relief funds is hinted at in the report that was marked by collusion between municipal officials, merchants and unemployed. The Dominion Government, it is understood, looks to the municipalities involved to clear their good names by demanding a governmental enquiry or conducting one themselves with the view of handing out the punishment they see fit to those guilty.

In the western provinces the auditor-general found insufficient care in book keeping, rather than any direct misapplication of relief money, was responsible for many charges being improperly included in the Dominion Government share of expenditures.

NAZI THEORIES ATTACKED

Bishop Denounces Radical Racial Issues in Church Sermon.

(By John A. Bouman)
(Associated Press Foreign Staff)
(A.P. By Guardian's Special Wire)

BERLIN, March 30.—A ringing denunciation of recent Nazi publications stressing radical racial theories was made by Bishop Nicholas Bares today in a Good Friday sermon.

"It is too much to say these Godless and heathenish books were conceived by sin and sold in iniquity," he demanded of his hearers, who filled St. Hedwig's Roman Catholic Cathedral and much of the square outside.

"There can be no compromise between Christ and Satan.

"The anti-Christ comes as a spirit of lies and bloodlust, but he of God cheer, for even as the Christ was persecuted so will the church be persecuted.

"Butler vs the persecution gladly, for without doubt the church shall emerge triumphant in the end."

He did not name specifically the books he meant, but his attack was directed at literature about an "entirely German" religion which some have described as wanting to substitute pagan philosophy for church doctrines.

Dr. Bares, the new Bishop of Berlin, warned that if the blessing of the church should be rejected, darkness and destruction would fall upon the land.

Nfld. Schooner Disabled

(C. F. Cable by Guardian's Special Wire)

ST. JOHN'S Nfld., March 30.—Disabled by heavy Arctic ice on all sides, the Newfoundland sealing schooner *Thetis* was reported disabled tonight about 70 miles east of Funk Island.

A brief wireless message received here stated her tall chimney was broken, but she was not believed to be in immediate danger because other vessels of the fleet were in the vicinity.

The message, Captain John Dornier would be able to examine the damage tomorrow if the weather was fine. If the tall shaft cannot be repaired at sea a Government vessel probably will go out from St. John's to tow her to port.

PREMIER CORRECTS MISSTATEMENTS ON FLOOR OF THE HOUSE

(Continued on Page 10)

From the floor of the Legislature on Thursday morning, Premier MacMillan, on a question of privilege, took occasion to correct two misstatements with reference to himself which appeared in the Patriot newspaper on March 27.

The Premier first cited the following extract from page 8 of the Liberal newspaper of that issue, reporting legislative discussion on the Estimates:

"Premier MacMillan asked Mr. T. A. Campbell if there was any drunken driving under the Provincial Police. Mr. Campbell said there was a certain amount, but he did not speak of that in general. He spoke of serious crimes. He also said that the Stewart Government from 1923-27 had appointed motor policemen, one for each county."

"I wish," said the Premier, "to draw attention to the fact that that is an incorrect account of what transpired. The member for First Prince in speaking on this point declared that the late Government were the pioneers in police work in this Province. I asked him the question, if they found any motor policemen in this Province when they assumed control, and I gave him the information that the Stewart Government had appointed motor policemen. He asked me how many and I said one in each County. The point I take objection to is that the statement which I gave to the House is now credited to the Liberal member for First Prince.

Corrects Editorial Misstatement
"I regret," continued the Premier, "that I find it necessary to make another correction. I have been charged on another occasion with being 'evidently asleep', so in case I might be accused of being 'asleep' again I take this opportunity of correcting the following statement which appeared editorially in the Patriot of March 27:

"During the debate on the Budget Premier MacMillan claimed credit for having secured the Carnegie Corporation grant for this province. He said that there was an opportunity for them (the Liberals) for many years to get

the money and they didn't get it. He, however, did get it. The inference is that he should be 'booted' as succeeding where others had failed. The fact is, as pointed out by Mr. Thane A. Campbell in the course of the discussion on the estimates last night, that the Carnegie Corporation grants, so far as the smaller educational institutions in Canada and the United States are concerned, were not obtainable until 1927.

"So when statements are made that those grants were not available to the smaller institutions of learning in Canada and the United States, I submit they have no right to be reported as facts in the press, because they are not borne out by the facts. The inference based on this misstatement is that the grants were recently made available to this Province in common with institutions in other Provinces, and that all we had to do was to accept what was handed out to us. That is not a fact, and it is not going to go uncorrected in the Liberal press of this Province as a fact." (Applause.)

Mr. Lee, during the course of the Premier's remarks, objected that the leader of the Government was "continuing his Budget speech."

Mr. Speaker Strong cited the rules of the House, which permit the correction of misstatements by any member.

PRELIMINARY HEARING IN UNUSUAL CASE

Two Men Charged With Conspiracy To Commit An Indict- able Offense.

The preliminary hearing in an unusual case, perhaps the first of its kind in the province, that of the King vs. Louis Berrigan and Amund Gallant on a charge of conspiracy to commit an indictable offense, this case was in relation to the alleged contemplated theft of foxes. The accused were arrested as a result of an investigation conducted during the past four months by the Royal Canadian Mounted Police.

Evidence was given to the effect that the accused and Frederick Beaton had made two attempts to reach a fox ranch in Prince County in a quest of foxes, but without success.

Evidence was given by Elmer Sharbell, owner of the fox ranch in question, Jack Beaton who gave evidence regarding a conversation with Berrigan, Gordon Lund and Jack Vessey, all of whom testified that they were approached by Berrigan regarding the pelting of foxes; Wendell Barbour, who testified that on two occasions the accused had approached him desiring to hire his car; Corporal Corwell of the R. C. M. P. who testified to finding two cubs and three sacks, and also to finding part of one of the cubs on Berrigan's property, and Frederick Beaton, previously convicted of the theft of fox pelts who told of accompanying the accused on several trips.

Mr. A. Farmer appeared for the Crown and Mr. R. R. Bell for the defense.

The hearing was adjourned till Tuesday at 2.30 p. m.

SPAIN QUIET AFTER STRIKE

Few Scattered Disorders Mar Holiday Festivities.

MADRID, March 30.—With the revolutionary general strike at Zaragoza ended, Spain settled today after a period of excitement and unrest.

Hundreds of thousands of persons participated in the picturesque Good Friday processions and only scattered incidents were reported to the Ministry of the Interior.

Seville was the centre of the religious observances. Merchants of the bankrupt capital and province of Seville were overjoyed by the heavy tourist business, and the procession by hurling stones and bottles of inflammable liquids, and firing revolvers but the crowds turned on them and the police saved them from being lynched only after a hard fight.

Officials confiscated working permits of employees of the autobus and street railway companies who were on strike and also fined the striking workers organizations.

STOCKHOLM, Sweden, March 30.—Rumors that Prince Berthold, third son of the Crown Prince of Sweden, was engaged to Christina Brambeck, daughter of an automobile inspector, were officially denied tonight.

Dies As Three Delhi Homes Are Destroyed

(C. F. By Guardian's Special Wire)
DELHI, Ont., March 30.—Three homes were destroyed by fire that claimed the life of a 74-year-old woman at Walsingham Centre, near here, and for a time threatened the entire village.

The fire, which started in a partially blind, fell victim to the flames as she sought to flee from her home.

Police have not determined the exact cause of the outbreak but it is believed to have resulted when Mrs. Muir accidentally set a lantern for a few minutes while her son went to a store.

Planes Crash In Mid Air Pilots Saved

(C. F. By Guardian's Special Wire)
SAN DIEGO, Calif., March 30.—Two marine corps planes collided at an altitude of 14,000 feet over San Diego Bay today, one pilot "bailing out" safely and the other landing his damaged plane on North Island.

Ensign Warren Corliss, navy flyer, made a parachute drop of about 8,000 feet into the bay. He was rescued by a navy patrol plane. Staff Sergeant William L. Woodruff, marine flyer, piloted his plane to a safe landing despite damage to the upper wing. Corliss' plane fell into the bay.

Turkish Government May Hand Insull Over To U.S.

(By Fricella Ring,
Associated Press Foreign Staff.
(By Guardian's Special Wire)
ISTANBUL, Turkey, March 30.—Announcement that the Turkish Government believes it can legally turn Samuel Insull over to United States authorities brought to a climax tonight the 74-year-old fugitive's long battle against extradition to the United States.

Insull himself weary and sick from court fights in Greece and a subsequent dash toward the Black Sea, was reported to have attempted suicide by trying to jump into the Bosphorus. He was restrained, however, and placed under a heavy police guard.

The government, acting on a request for the arrest of the former

Opposition "Pioneers" Claim They Initiated Conservative Roadwork

"Extravagance" Charges Give Place To Frantic Efforts To Claim Credit For Conservative Activities In Public Works Department. Government Members Answer By Comparing Pre-election Orgy Of Expenditure Under Lea - MacIntyre Regime.

Economic administration by the MacMillan Government in the Public Works Department was shown convincingly in the Legislature during the discussion in committee on the Estimates last week.

Armed with facts and figures, Hon. G. Shelton Sharp, Minister of Public Works, piloted his estimated through committee without the customary assistance of the Deputy Minister, Mr. L. B. MacMillan, who was unavoidably absent. The initiative knowledge which Mr. Sharp showed of every phase of his department, after being only a few months in charge, took opposition members by surprise.

Claiming credit for having been the "pioneers" in the work which the department has carried on under the present administration, the opposition members were answered effectively by both Mr. Sharp and Premier MacMillan, the latter pointing out, after a comparison of Liberal and Conservative expenditures that their claim to that distinction was based on the fact that they were "pioneers of extravagance."

Cites Liberal Road-work
Mr. McIntyre said he had been charged, when in power, with importing gravel from Nova Scotia for building purposes, but the Conservatives had looked to Nova Scotia for some of their gravel. They had followed the Liberal policy by distributing it had acted with unfairness, by placing most of it in Prince County. In 1928 only 2 3/4 miles of road in Kings County had been gravelled, 10 miles in Queens and 25 1/4 miles in Prince. In 1933, 7 miles had been gravelled in King's County, 4 1-8

miles in Queens and 38 1-2 miles in Prince. The Liberals, he maintained had made a fair distribution in the different counties. The same applied to road widening. In 1923 111 miles of road in Kings County were widened by heavy power machines, 100 miles in Queens and 225 7-8 miles in Prince. The Liberals had been criticised for buying heavy power graders but the Conservatives, on coming into power, had copied this policy as they had done every other policy in the Public Works Department, including Mr. McIntyre alleged, the Liberal Road Act and the Liberal system of calling for tenders for concrete bridges. "My hon. friends," he said, "simply completed what we initiated in 1928."

Hon. Mr. Sharp: "Did you accept the lowest tender in each case?"

Mr. McIntyre: "We accepted the lowest tender when we found that a man was competent to do the work."

Says Policy "Copied"
There were occasions, Mr. McIntyre admitted, when tenders were received from persons who were not responsible or able to carry out a contract. In that case the advice of the engineer was followed in awarding the tender.

He maintained that in the three Liberal years, 1928, 1929, and 1930, the road machines purchased by the department had effected a saving of \$208,146 in work which under the old system would have cost \$466,288.

The Conservatives, in "copying" the Liberal road-widening policy, had in many cases covered up the "expensive gravel" which the Lib-

(Continued on Page 12)

\$100,000 FIRE IN KITCHENER

Three Firemen Injured in Fighting Metropolitan Stores Blaze.

(C. F. By Guardian's Special Wire)
KITCHENER, Ont., March 30.—Fire today destroyed the Metropolitan Stores buildings here with a loss of \$100,000. The Bank of Toronto and Woolworth store, adjoining buildings, suffered from water and smoke damage and three firemen were sent to hospital with burns to faces and hands.

The firemen requiring hospital treatment are Oscar Radke, Sam Hankins and Charles Gruber. Firemen Clayton Baulk also was burned but remained on duty, battling the blaze with fire fighters from Waterloo and Baden brigades. The Waterloo and Baden firemen were summoned to help fight the flames, a total of 40 men being rushed to the scene.

The fire is believed to have originated in the basement of the building. The main floor fell into the basement and the second floor suffered from smoke and water damage.
