#### CANTEEN COMMITTEE

The Canteen Committee begs to submit the following report for the past nine months of this new, exciting and most satisfactory venture, providing staff and maintenance for the Canteen services.

On May 1st, 1943, at 24 hours notice, a few of our members, without any previous experience in organizing or managing, took over and I think the figures, which I shall present later, will speak for themselves.

Before this our activities as an Auxiliary had never brought us into such direct and intimate contact with the men of the Forces and your Committee has nothing but the highest praise for the conduct of the men of the Forces and privilege to serve.

At first our clients were, as was only natural owing to their predominating numbers, from the R.F. but increasing numbers of sailors and soldiers make a very cosmopolitan gathering and a spirit of comradeship is noticeably present.

"IMAGINE! MY OWN SISTER SAYING MY CLOTHES LOOKED HALF-WASHED!"

THEN SHE EXPLAINED, AS SHE SHOWED ME HER WASH!

NO MATTER HOW YOU DO YOUR WASH YOU NEED SUNLIGHT'S "EXTRA-SOAPINESS" FOR EXTRA DIRTY SPOTS

Just what every woman needs for today's bigger washes!

HOW DISAPPOINTING it is to work for hours over a tubful of clothes... only to hear someone say they're "half-washed." Yet, unless you have Sunlight's extra-soapiness for those extra-dirty spots, your wash is apt to be only half-clean.

Safe for colors

SAY GOODBYE to streaky, half-washed clothes. Try Sunlight's deep-down washing power on today's extra-grimy work clothes. Sunlight Soap is safe for finest materials. Grand for colors. And remember, with Sunlight hard rubbing isn't necessary. The Sunlight method of washing is thorough yet amazingly safe and gentle.

FOR A COMPLETE WASHING JOB YOU CAN'T DO WITHOUT SUNLIGHT SOAP
