

ZAM-BUK CURES PILES

EVIDENCE FROM ALL SOURCES

There are many so-called "remedies" for piles that sufferers are often at a loss what to try. Piles are caused by distention of the hemorrhoidal veins...

Mr. George Harris, of Virden, Man., says: "I suffered acutely from piles, but I am glad to say Zam-Buk gave me ease and brought about ultimate cure."

Mrs. S. Cooke, 468 Pacific Ave., Winnipeg, says: "A month ago I was cured by Zam-Buk of a bad attack of bleeding piles, to which I had been subjected for a long time."

Mr. William Kennedy, of Upper Nine Mile River, Ont., N. S., says: "I suffered terribly from piles. The pain from these was at times almost unbearable. I tried various ointments, but everything failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, but thought, as a last resource, I would give this balm a trial. I procured a supply and commenced with the treatment. In a very short time Zam-Buk effected what all the other ointments and medicines had failed to do—a complete cure."

Whenever there is inflammation or ulceration, there Zam-Buk should be applied. It heals ulcers, abscesses, festering sores, cold cracks, scalds, sores, cuts, burns, scalds, bruises, and all irritations. It soothes and disposes of conditions of the skin and subjacent tissue. All druggists and stores, 50 cents a box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

CARD

To the Electors of the City of Charlottetown.

Ladies and Gentlemen—Yielding to a large and influential requisition presented to me this day I have consented to nominate as a candidate for the position of Commissioner of sewer and water supply for this City. Having served nine years at the Council Board I feel that I am fairly conversant with civic matters. I have always taken a deep interest in our water and sewerage system and I elected will use my best endeavors to extend and improve the same in the most economical manner so as to give the best possible service to all citizens.

As the time is very short it will be impossible for me to make a personal canvass, therefore I respectfully take this opportunity of soliciting your support and influence in the coming election.

Yours respectfully, STEWART.

providing the revolutionists with an advantage during the early stages of the insurrection in his country. He said:

"Our army had defeated the revolutionists on the San Juan River and was marching on Bluefields. The revolt would have ended in a week, when suddenly the United States asked us to declare a truce while terms of peace could be discussed. The truce was declared and before operations were resumed the insurgents received a large shipment of arms and ammunition from the United States. After that followed the battle of Rama, in which the government army was defeated. We were tricked and played like figures in a game of chess by the powerful influences at Washington until the advantage was given over to the other side, just as Washington had planned. The American government is still determined that the insurgents shall win, but its pretence of neutrality, while arms and men came down on every boat from the United States, prevents it from making an open avowal and saving the sacrifice of thousands of innocent lives. Zelaya made a specific denial of each of the charges made by Secretary Knox in his letter of dismissal to Charge d'Affaires Rodriguez. Zelaya declared that the execution of Groce and Cannon was a mere incident. The United States had previously decided that I should be overthrown," he said. "Sparing the lives of Groce and Cannon would not have altered the plan of Washington. The policy of overthrowing my government was planned before Groce and Cannon had been heard of as a factor in the situation."

As a parting shot, Zelaya predicted that the future Nicaragua would probably be ruled by large American corporations, "which seek monopolies in that country."

The death of Thomas Handrahan. The death of Thomas Handrahan, City, which, as reported in a previous issue, occurred on the morning of February 2d at his home here, was heard with widespread regret throughout this city and province. Perhaps there is no citizen in commercial life who is as widely known as was Mr. Handrahan. Having been in active business for about sixty years he came in contact with a great percentage of the population of the province. He entered the service of the firm of Peake Brothers when but a lad and gradually worked his way up in the business, gaining the respect and confidence of his employers by his business ability and fidelity to duty. On the death of the late James Peake his three sons and style of Peake Brothers and Company Mr. Handrahan becoming one of the partners and general manager of the business. Mr. Handrahan was prominently identified with civic affairs and was always anxious to better conditions in the city and province. He was at the time of his death a member of the council of the Charlottetown Board of Trade and a member of the Charlottetown School Board since 1878. Mr. Handrahan leaves to mourn their loss a widow, four sons and one daughter. The sons are: T. G. George and Dennis, in Charlottetown and Ralph, away. Miss Josie, at home, is the only daughter. A sister, Mrs. P. Murphy, also survives. The Guardian extends sympathy to the bereaved family. The funeral will take place on Friday morning at nine fifteen from his residence to St. Dunstan's Cathedral, thence to R. C. Cemetery.

European Hair Schools

In Berlin, Paris, Vienna and other European cities there are now regular schools where the scientific care of the hair is made a special study and the teachers in these schools become so skilled in the knowledge of hair that they can tell merely by the touch whether it is in a healthy condition or not. They also know the effects of different tonics on different hair or different restoratives on the same hair. It is thoroughly established that dyes are harmful to the hair. All preparations claiming to restore gray hair are subject to the most rigid tests. If found in the least degree harmful to the public is informed through official bulletins issued from time to time. In America there is no such censorship, and many preparations claiming to restore gray hair are only temporary dyes that do not go to the root of the trouble, which is impoverishment of the hair glands. HAY'S HAIR HEALTH in this country is recognized as the standard restorative for prematurely gray hair. All good druggists sell it at 50c. and a dollar per bottle, or it can be purchased from the manufacturer, Philo Specialties Co., Newark, N. J., U. S. A. For sale by A. W. Reddin, Sunny-side.

It is seldom that death visits this city and removes from amongst the citizens two of the best known business men in the same city. Coupled with the news of the death of the late Thomas Handrahan came the death of George Stanley, City, one of the best known of the younger commercial men in this city, and until recently a member of the firm of Stanley Brothers. Mr. Stanley was a citizen well known and popular with all, whose warm personality made him a general favorite. His illness was not very long, only covering over the period of about seven days, during which time he had sufficiently recovered from attacks, which later left his heart in a very weakened condition, to go to the store as late as Friday last. He was a son of the late James Stanley and was fifty-one years of age. He has been associated with the dry goods business since entering the firm of The London House, Queen Street, in 1885. In 1888 he entered into a partnership with a prospectus business in this city until five days ago when the partnership was dissolved. The deceased was a prominent member of the Oddfellows in this city and last year received a Veteran's Jewel for long service. He leaves to mourn a widow, two sons, Miss Annie L. Finlay, and two sons.

LAZY HOUSEWIVES MAKE LIVING HIGH

NEW YORK, Feb. 1.—"If a housekeeper, instead of standing in front of a telephone to order the family supplies, would go to the market and learn which foods are cheap and just as good as the expensive kinds she has been ordering, there would be less of this kind of talk," said James J. Hill, multi-millionaire railroad builder and operator, yesterday, discussing the increased cost of living. "As I have said before," he added, "the high cost of living is the cost of living high."

"However," Mr. Hill went on, "I did not discuss that subject, the kind with President Taft on my recent visit to the White House as I am credited with having done. My visit was merely in the nature of a social call. I was in Washington, and I went to visit the President. I always do."

Mr. Hill, who returned to his office in the Mutual Life Building yesterday, was believed in Wall Street to have persuaded President Taft to issue the recent statement reassuring corporations in respect to the Government's intentions towards trusts.

Heart Trouble Cured.

Through one cause or another a large majority of the people are troubled with some form of heart trouble. The system becomes run down, the heart palpitates, you have weak and dizzy spells, a smothering feeling, cold clammy hands and feet, shortness of breath, sensation of pins and needles, rush of blood to the head, etc. Wherever there are sickly people with weak hearts Milburn's Heart and Nerve Pills will be found an effective medicine. Mrs. Wm. Elliott, Angus, Ont., writes: "It is with the greatest pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills. I suffered greatly from heart trouble, weakness and smothering spells. I used a great deal of doctors' medicines but received no benefit. A friend advised me to buy a box of your pills, which I did, and soon felt a great relief. I highly recommend these pills to anyone suffering from heart trouble." Price, 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A Mother's Anxious Time

Promptness Saved her Child

"My daughter was in the last term of her High School work when it suddenly and forcibly dawned upon me that her little cough had been hanging on, even in spite of the warm weather. Looking at her anxiously, for a fear had come into my mind, I saw she had grown pale and a lot thinner. It seemed queer I hadn't noticed it all long before, but, you see, I counted on it wearing away. What an awful risk for parents to take! Of course, I didn't tell her how anxious I was, but I watched the effect of Ferrozone with the utmost anxiety. My girl seemed so slow to improve, and the first two weeks seemed like a year. By this time not even the first box of Ferrozone had used up, still she had greatly improved appetite, and her progress after this was splendid. When the weather improved, she walked a lot, and gained steadily in vigor and weight. The hacking cough disappeared, and with it every trace of weakness. I know of no tonic so nourishing, strength-giving, so beneficial for growing girls, as 'Ferozone.' Not only for girls, but for all who are weak, tired, pale, run down and in depressed spirits—there is no medicine so sure to win back vigorous health as 'Ferozone.' Try it, one or two tablets at meals; 50c per box, six for \$2.50, all dealers, or The Charlottetown Co., Kingston, Canada. W. W. Stanley, and one brother Harold and Allison and one brother W. W. Stanley. To feel the sincere sympathy of the community will be extended in their hour of sorrow. The funeral will take place tomorrow to Sherwood Cemetery.
