

Important Provincial News of the week for Saturday Subscribers.

MONDAY

The drug store of P. N. Egan, Summerside, was broken into and the night. An entrance was obtained by removing a shutter from one of the back windows and prying up the sash. The thieves apparently had just begun the work of inspecting Mr Egan's stock having only looked into one or two compartments when something accidentally disturbed them and they retreated by the way in which they entered empty handed. It is a fact which citizens of Summerside must acknowledge that there are thieves oom and living right here in the town who makes a study of this business and the ordinary means for trapping and bringing them to justice is not sufficient.

TUESDAY

The premises of Michael Burke, City, were searched by the police recently for intoxicating liquors and a quantity of ale was secured. At A. Aylward's and Robert Stanley's premises searched failed to reveal anything of this nature. Yesterday morning the Earl Grey brought over four nine pound field guns for the use of the Artillery here. They will be used for the first time this afternoon in firing the salute at the opening of the Legislature. Two more of these guns are yet to come.

WEDNESDAY

On Friday, February 11th, a large number of ratepayers and visitors met with the teacher and pupils of the Nis Mile Creek School on the occasion of their semi-annual examination, conducted by the teacher, Miss Grace H. Inman, assisted by John McDonald, Colin McPadyen and Murdoch C. McKinnon. The pupils were examined in the different studies of the curriculum and acquitted themselves very creditably, each class, without exception, winning the highest praise from those present. The trustees expressed themselves as highly pleased with the progress of the school under the excellent tutelage of Miss Inman. After the examination came a program of readings, recitations and songs, rendered by the scholars who were each in turn roundly applauded. Then the teacher treated all to a splendid treat of confectionery, for which hearty thanks were given, and all departed feeling that the day had been profitably and pleasantly spent.

The death took place in Lower St. George's on Feby 7th last of Capt Philip Fougere, who leaves to mourn a sorrowing wife two sons and four daughters, viz: Philip at home, Charles in Georgetown, Mrs Hickey in New York, Mrs Warren in Westboro, Mass, Mrs Boudreau in Georgetown and Winnie at home. The funeral took place to Georgetown Cemetery on Thursday last and was largely attended.

A very pleasant evening was spent at the home of John and Mrs Walker, Kelvin, when a number of their friends had gathered to welcome John G. and Mrs Clara R. Willow, who had been visiting in the city. The evening was spent in music with some beautiful graphophone selections given by D. A. Reeves of Norboro. John Bernard of Lacombe, Alberta was also present and read the minutes of the Middle of the prosperity and difficulties on the far North West.

Many will hear with sorrow of the death of Eli J. Evans, which took place at his home in Summerside on Sunday evening, the 13th inst., of Bright's disease. Mr. Evans was born at Burlington 45 years ago. About three years ago he moved to Sherbrooke, where he lived until last summer, when his health began to fail. He then left for California in the hope that a change of climate might benefit his health. In October last he was called home on account of the sudden illness and death of his daughter. About two months ago he began to fail rapidly and continued to sink until the end came. He leaves to mourn his widow, one son and one daughter.

The Guardian had a pleasant call recently from A. D. Mullin, Dawson City, Yukon, who is a son of Daniel Mullin, Ten Mile House returns this week to Dawson after having been in this province visiting friends and relatives since last November. He left home about ten years ago and since that time he has made two visits to his native province. He is at present engaged with a White Horse Company as a marine engineer, accepting this position after completing five years service in the Northwest Mounted Police. Mr Mullin, speaking of the climate, said that the weather in this province at present in comparison with that in Yukon might be called summer weather. The variation in the temperature in cold spells extends from 24 to 72 degrees below zero and at this latter point a cozy corner would naturally be more appreciated than an out door vocation. In regard to a placer mining, which a recent telegram to this paper reports to be opening up in the Yukon as much of the gold as the spade or stream will disclose and which any future searches for the yellow metal will of necessity be continued by the use of machinery adapted specially for the purpose which in turn necessitates a capital which prospectors in general do not possess. Thus the work of gold digging in the Yukon has fallen largely into the hands of companies organized for this purpose. Mr Mullin said that a new line of work was opening up in the discovery of quantities of quartz which it is supposed exists plentifully. He said that Dawson City has depopulated in recent years and on being shown a bird's eye view of that place stated that many of the houses shown thereon are now vacant. At this season of the year when navigation on the Yukon River is closed the journey to Dawson is rather tedious and one has to submit to difficulties in transportation of an even more pronounced nature than those experienced in crossing the ice-bound Straits of Northumberland, from Vancouver to Skagway, a distance of 1000 miles, a steamer is the means of conveyance. The steamer Skagway one traverses a distance of 110 miles by stage to White Horse and another 500 miles to Dawson. This, of course, is much better in summer when river transportation between White Horse and Dawson can be utilized. The journey from Charlottetown to Dawson takes about twenty-four days, sometimes longer. Quite a number of Provincialists are located in Vancouver and points further north. Mr Mullin mentions among others Thomas Mathieson, son of R. Mathieson of the P.E.I., Police, City, whom he reports as doing well. The Guardian joins with many friends in wishing Mr. Mullin a safe and pleasant return journey and all success in the future.

A Mother's Praise For Baby's Own Tablets

There are thousands of mothers throughout Canada who have no hesitation in saying that the good health enjoyed by their little ones is entirely due to the judicious use of Baby's Own Tablets. And there are many mothers who do not hesitate to say that at a critical period Baby's Own Tablets have saved a baby's life. Such a medicine should always be kept in every home. Mrs. J. A. Forger, Paquetville, N.B., says: "We give Baby's Own Tablets all the credit for keeping our little one well. They are an excellent medicine for children." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Application has been made by the following persons on the Bradalbane and Victoria mail route through Post Master Wheat to the Post Master General Ottawa for rural mail delivery boxes: Donald McLennan, Chris Moore, William McVitt, C. E. Lawler, Fred Wotton, Rev. R. M. Fenton.

At the Police Court in this city on Saturday two drunks, Frank Pincer and John King, were each fined twenty dollars or sixty days. Louis Esory and Dan Morrison appeared, charged with stealing goods belonging to E. Cameron & Co. or with being implicated in the robbery. A.A. McLean, K. C., acted for the prisoners, and the evidence, which mainly concerned a pair of clippers, was strong enough to ensure a remand until Wednesday next for Morrison, while Esory was found innocent and discharged from custody. Morrison was released on bail. A young chap, who was taken in charge for fighting near the Arena Friday night, was dismissed.

The premises of Michael Burke, City, were searched by the police recently for intoxicating liquors and a quantity of ale was secured. At A. Aylward's and Robert Stanley's premises searched failed to reveal anything of this nature.

Yesterday morning the Earl Grey brought over four nine pound field guns for the use of the Artillery here. They will be used for the first time this afternoon in firing the salute at the opening of the Legislature. Two more of these guns are yet to come.

Andrew J. and Mrs Linkletter of Sherbrooke, received the sad news of the death of their daughter, Mrs Wesley Lyle, on the 13th inst., at Orno, Maine, at the early age of 24 years. There are no particulars of her death. She leaves two small children. Her mother Mrs Linkletter left yesterday to convey the remains home for burial.

The death took place in Lower St. George's on Feby 7th last of Capt Philip Fougere, who leaves to mourn a sorrowing wife two sons and four daughters, viz: Philip at home, Charles in Georgetown, Mrs Hickey in New York, Mrs Warren in Westboro, Mass, Mrs Boudreau in Georgetown and Winnie at home. The funeral took place to Georgetown Cemetery on Thursday last and was largely attended.

A very pleasant evening was spent at the home of John and Mrs Walker, Kelvin, when a number of their friends had gathered to welcome John G. and Mrs Clara R. Willow, who had been visiting in the city. The evening was spent in music with some beautiful graphophone selections given by D. A. Reeves of Norboro. John Bernard of Lacombe, Alberta was also present and read the minutes of the Middle of the prosperity and difficulties on the far North West.

Many will hear with sorrow of the death of Eli J. Evans, which took place at his home in Summerside on Sunday evening, the 13th inst., of Bright's disease. Mr. Evans was born at Burlington 45 years ago. About three years ago he moved to Sherbrooke, where he lived until last summer, when his health began to fail. He then left for California in the hope that a change of climate might benefit his health. In October last he was called home on account of the sudden illness and death of his daughter. About two months ago he began to fail rapidly and continued to sink until the end came. He leaves to mourn his widow, one son and one daughter.

The Guardian had a pleasant call recently from A. D. Mullin, Dawson City, Yukon, who is a son of Daniel Mullin, Ten Mile House returns this week to Dawson after having been in this province visiting friends and relatives since last November. He left home about ten years ago and since that time he has made two visits to his native province. He is at present engaged with a White Horse Company as a marine engineer, accepting this position after completing five years service in the Northwest Mounted Police. Mr Mullin, speaking of the climate, said that the weather in this province at present in comparison with that in Yukon might be called summer weather. The variation in the temperature in cold spells extends from 24 to 72 degrees below zero and at this latter point a cozy corner would naturally be more appreciated than an out door vocation. In regard to a placer mining, which a recent telegram to this paper reports to be opening up in the Yukon as much of the gold as the spade or stream will disclose and which any future searches for the yellow metal will of necessity be continued by the use of machinery adapted specially for the purpose which in turn necessitates a capital which prospectors in general do not possess. Thus the work of gold digging in the Yukon has fallen largely into the hands of companies organized for this purpose. Mr Mullin said that a new line of work was opening up in the discovery of quantities of quartz which it is supposed exists plentifully. He said that Dawson City has depopulated in recent years and on being shown a bird's eye view of that place stated that many of the houses shown thereon are now vacant. At this season of the year when navigation on the Yukon River is closed the journey to Dawson is rather tedious and one has to submit to difficulties in transportation of an even more pronounced nature than those experienced in crossing the ice-bound Straits of Northumberland, from Vancouver to Skagway, a distance of 1000 miles, a steamer is the means of conveyance. The steamer Skagway one traverses a distance of 110 miles by stage to White Horse and another 500 miles to Dawson. This, of course, is much better in summer when river transportation between White Horse and Dawson can be utilized. The journey from Charlottetown to Dawson takes about twenty-four days, sometimes longer. Quite a number of Provincialists are located in Vancouver and points further north. Mr Mullin mentions among others Thomas Mathieson, son of R. Mathieson of the P.E.I., Police, City, whom he reports as doing well. The Guardian joins with many friends in wishing Mr. Mullin a safe and pleasant return journey and all success in the future.

An item in a Nova Scotia paper of recent date mentions the discovery of a full grown daisy by one of their employees on January 26th last. Mrs T. K. Brehaut, Alexandria, has sent this office a daisy in bloom, perfectly matured, which she found on the 27th of that month. This is rather exceptional in floriculture.

On Feb. 9th inst, after a long illness patiently borne, there fell asleep at her home at Malpas, Road, Catherines, the late James Pickard, who predeceased her seven months. Two daughters, Mrs G. W. Cuming, Brooklyn, N. Y., and Mrs Capt P. Murchison, also, two sons Ernest and Frank at home, are left to mourn. The funeral took place on Friday afternoon to the People's Cemetery, Rev William Harrison conducting the services.

WEDNESDAY

On Friday, February 11th, a large number of ratepayers and visitors met with the teacher and pupils of the Nis Mile Creek School on the occasion of their semi-annual examination, conducted by the teacher, Miss Grace H. Inman, assisted by John McDonald, Colin McPadyen and Murdoch C. McKinnon. The pupils were examined in the different studies of the curriculum and acquitted themselves very creditably, each class, without exception, winning the highest praise from those present. The trustees expressed themselves as highly pleased with the progress of the school under the excellent tutelage of Miss Inman. After the examination came a program of readings, recitations and songs, rendered by the scholars who were each in turn roundly applauded. Then the teacher treated all to a splendid treat of confectionery, for which hearty thanks were given, and all departed feeling that the day had been profitably and pleasantly spent.

The semi-annual examination of Long Creek School was held on Thursday, February 10th, under the direction of the teacher, Miss Sadie E. Currie, assisted by John McLean, Miss Katie Wilson, Thos. Stretch, Miss Muriel McMillan and Murdoch C. McKinnon. Quite a number of ratepayers and visitors were present and spoke very highly of the ever prompt and correct answers given by the pupils to the many questions asked. Indeed of the different branches in which they were examined no exception could be found, for they showed themselves to have a thorough knowledge of all. The standard of education in this school is certainly a high one and reflects great credit upon the teacher, pupils and ratepayers. The examination over, a grand program of recitation and songs was well rendered by the scholars and applauded loudly. Then all were given a splendid treat of confectionery by Miss Currie, to whom a hearty vote of thanks was tendered by Stretch, and so closed an afternoon very profitably spent.

A correspondent from Caledonia writes:—Our school is rapidly progressing under the skilful management of Nathan Bears and D. A. MacPherson who attends is taking up his studies with the energy of one bound to succeed.—The many friends of Angus MacDonald welcome him home after an absence of eight months. He intends returning to Detroit, Michigan, when navigation opens.—The singing school in Glen Martin, held on Thursday nights is quite a success being taught by John Matheson. All young people seem bent on learning the vocal art.—C. I. Bruce of Valleyfield paid a visit to Caledonia recently.—J. J. Stewart has returned home after an absence of two weeks. We regret to say that the manse at Caledonia is at present unoccupied but trust it will be different in the near future.—In a recent issue of the Guardian mention has been made of the several young men of this place who on a certain day went to Montague to dispose of their sheep.—Miss Sarah K. Stewart reports all well.—Henry Conroy, teacher, Conroy, spent Sunday with friends in Alberton. A local smelt shipper, Thomas L. Murphy, has finished buying for the season, which he reports was a fair one.

I CAN'T PRAISE THEM TOO MUCH

So Says Charles Bell of Dodd's Kidney Pills

He had Rheumatism for Ten years and the old Reliable Kidney Remedy Cured him completely.

NORTH RANGE, Digby Co., N. S., Feby. 15 (Special).—I am so filled with gratitude to Dodd's Kidney Pills that I cannot praise them too highly. These are the words of Mr. Charles Bell, well known here, and they are echoed by many another who had been freed from the tortures of rheumatism by Dodd's Kidney Pills. "I suffered terribly from rheumatism for ten years," Mr. Bell continues, "I was so bad I could scarcely get in and out of bed. After trying various medicines without getting relief, a friend advised me to try Dodd's Kidney Pills. Six boxes cured the rheumatism right out of me."

That's what Dodd's Kidney Pills do to Rheumatism—clean it right out of you. They do this simply and naturally. Rheumatism is caused by uric acid in the blood. When the kidneys are healthy they strain this uric acid out of the blood. With no uric acid in the blood there can be no Rheumatism. Consequently, to cure Rheumatism, cure your kidneys. Dodd's Kidney Pills always cure the kidneys.

After a long and exciting foot hunt last Thursday, in which several prominent Earncliffe sportsmen participated, their efforts were finally crowned with success—reynard being brought to the ground by the unerring aim of Francis Mutch.

The many friends of Chas Carter, Winsloe Road, will regret to hear that while hauling wood from the woods recently, he slipped, falling and breaking three of his ribs.

The Prize Lists of both the Provincial Seed Fair and of the King's County Seed Fair are now ready for distribution and can be had on application to the Department of Agriculture, City, or from the Secretaries.

In the suit before the Court of Chancery at Charlottetown a short time ago of D. R. Morrison vs the Town of Summerside, judgment was given on Monday last in favor of the Town of Summerside.

About eleven o'clock yesterday the barn of William Ramsay, Centreville, took fire and was burned to the ground. There was no live stock in the building. The fire was caused by ashes kept in a barrel in a small building adjoining. There was no insurance.

Dealers in Summerside yesterday were paying twenty-five cents a bus for potatoes; twenty-five cents a doz for eggs; four fifty a ton for loose straw; forty to forty-one cents a bus for oats; ten cents a lb for pork and ten dollars a ton for loose hay.

The Minto arrived in Georgetown yesterday afternoon at ten forty. A good deal of ice was encountered on the way over. She brought twenty-nine passengers, one hundred bags of mail, a car of flour and one car of way freight. The Earl Grey crossed to Pictou from this port and arrived in Pictou at eleven thirty.

Dealers in Souris yesterday were paying twenty-five cents a bus for butter; forty cents a bus for oats; twenty-eight cents a bus for potatoes; ten and a half cents a lb for inspect pork; sixteen cents a bus for turpines; nine and one half cents a lb for hides twenty cents a doz for egg one dollar each for pelts, ten dollar a ton for hay and five dollars a ton for straw.

Geo Kelly, a line man of the Sun Electric Light Co, Summerside, had a narrow escape from certain death on Monday night last. While up on a pole some distance from the ground his foot slipped and he involuntarily touched a live wire with his fingers. The shock threw him to the ground. His fingers were badly burned otherwise his injuries are light. Had he grasped the wire instead death would have been the result.

A very interesting marriage took place at the Baptist Church in Summerside, yesterday afternoon at noon when Miss Margaret McNeill, Dawson City, formerly of Alberton, was united in marriage to John Hoelzle also of Dawson City. Rev F. S. Bamford was the officiating clergyman. After the ceremony the happy couple with about 20 of their immediate friends a sumptuous dinner was partaken of at 2.45 they boarded the last bound train for Charlottetown enroute to New York City where they will spend sometime before returning to their home in that far north western city.

A correspondent writes from Free-land, saying: J. D. Palmer, merchant, Free-land, has let his steam mill to Ernest Hardy for the remainder of the season. Mr. Hardy started the building material for the Episcopal Church, Lot 11. The trustees of this church have decided to remove the old church and erect a new one on the same site. Otto J. Murphy and Frank Ramsay paid a flying visit to Woodbrook a few nights ago. They report all well.—Henry Conroy, teacher, Conroy, spent Sunday with friends in Alberton. A local smelt shipper, Thomas L. Murphy, has finished buying for the season, which he reports was a fair one.

Many Women Suffer Untold Tortures in Silence

They Can Be Relieved by Keeping the Blood Supply Rich and Pure With Dr. Williams' Pink Pills.

A woman needs a blood-building medicine regularly just because she is a woman. From maturity to middle life the health and happiness of every woman depends upon her blood, its richness and its regularity. If her blood supply is irregular she suffers from headaches, backaches, side-aches, and other unpeppable distress which only women know. Some women have grown to expect this suffering at regular intervals and to bear it in hopeless silence. But women would escape much of this suffering if they took a box or two of Dr. Williams' Pink Pills to help them over each critical period. These Pills actually make new blood. They help a woman just when nature makes the greatest demand upon her blood supply. They have done this for thousands of women throughout Canada, why not for you?

Mrs. Joseph Kinney Gilbert's Cove, N. S., says:—"For ten years I suffered from nervousness and those troubles that make the lives of so many women one of almost constant misery. At times I would be confined to my bed for weeks, I spent sleepless nights and seemed to lose all courage. I tried several doctors but they failed to give me any relief. The last doctor I consulted told me frankly that he could not undertake my case unless I would undergo an examination. It was then I decided to give Dr. Williams' Pink Pills a trial. After taking six boxes I was much improved in health, but I continued to take the Pills for a couple of months more when I felt like a health as I had not experienced for ten years before. I have had no return of this trouble since, but I have used the Pills once since that time for the after effects of a gripe, and the result was all I hoped for. These are plain facts, my own experience, and I have always felt that I cannot too strongly recommend Dr. Williams' Pink Pills to the many women who suffer as I did."

William Coulson of Lower Montague has sold his valuable driving mare, and has purchased a large fast going pacing road mare from William Mahar, the leading horse dealer of Montague. The ice forms of sufficient strength no doubt Mr. Coulson will make it interesting for some of the Montague horsemen.

Dealers in Montague yesterday were paying forty-two cents a bus for oats; twenty-two to twenty-five cents a doz for eggs; ten dollars a ton for loose hay; ten and a quarter cents a lb for pork; twenty-two cents a lb for butter and twenty-five cents a doz for eggs.

Dealers in Alberton yesterday a lb for hides and nine dollars a ton for white oats; thirty-nine cents a bus for black oats; eighteen cents a lb for butter, twenty cents a doz for eggs; nine and a quarter to nine and a half cents a lb for pork, nine cents were paying thirty-eight cents a bus for loose hay.

The Crystals won both games in Summerside last night, the senior game by a score of four to three and the Intermediate by four to two. At half time in the Junior game score stood two to nothing in favor of the Abbies but in the last half the Crystals scored four goals to the Abbies none. This gives the Intermediate trophy to the Crystals. At half time in the Senior game; the score stood three to one in favor of the Crystals.

The teams were the same as in the previous game between the Abbies and the Crystals, A. J. Painchaud, the officials were Referees—A. C. Saunders and O. McEachern. Umpires—L. Sharp and J. A. Webster.

The senior league is now completed and has resulted in a three cornered tie. The outcome will arouse a great deal of interest.

The following short synopsis of the splendid work done by the Crapaud Creamery Company will be most interesting to all dairymen in this Province who appreciate the merits of a first class creamery.

This Company started business here in 1895 and has run summer and winter ever since making butter the best ever of about \$25,000. The first directors were—E. C. Lea, Geo Sturdy, Robert McVittie, W. J. Newson, W. D. Sherrin, Donald McLean, G. W. Newson and R. F. Lord.

A good business was done last year making 90,540 lbs butter which sold for \$21,083.80. There were one hundred and fifteen patrons who furnished milk and forty-five patrons furnished cream. The net value of butter fat in milk was \$150. The net value of butter fat in cream was 24.60. It is the intention to put the factory in good shape this spring. A cement floor will be put in and other necessary repairs made. The Crapaud Creamery Company has bought out Mr Venning of Tryon and will divide his business with the Albany factory. They will get half the other half. This will help the old factories very much, and will no doubt help very much to cheapen the manufacture, and the drawing of milk. The Directors for this year are—R. C. Lea, C. Moore, W. D. Sherrin, John Howatt, Wm B. Stordale, Chas Wright and Geo Sturdy. R. C. Lea is president and has been ever since the company started and the success of the business is very much owing to his good work. D. McLean is the obliging secretary.

Probably the most novel method yet pursued in an attempt to get letters across the sea where no mail butter fact is revealed yesterday when Judge Blanchard of this City received from friends in the Magdalen Islands two letters which had been placed in a puncheon rigged with sails. On February 1st, last A. J. and C. F. Painchaud, Amherst Island, Magdalen Islands, rigged up the puncheon as stated above and with a northeast wind blowing they launched their mail packet.

They had previously placed in it several letters one of which is as follows: Amherst Island, Magdalen Islands, Feb 1, 1910. Dear Mr. Blanchard:—

You are no doubt aware that our telegraph cable parted on the fourth of January last and since left us in a complete exile. We had a little snow at the first of the winter but since the west of January

There passed peacefully away at Alexandria, Mary McRae, relict of the late John Wood, in the 89th year of her age. She was a woman of sterling character and had lived a Christian life for the past number of years. She leaves to mourn one brother, Daniel McRae, of Tea Hill, and two sisters, Sarah and Margaret, of Charlottetown; also two step-sons, Lemuel, at home, and Daniel, of Hazelbrook; and four step-daughters, Mrs. William Burhoe, Whitman, Mass.; Samuel Seal, and Mrs. William Ballem, Mt. Albion, West. Mrs. Mary Mitchell, Village Green. Her remains, followed by a large concourse of relatives and friends were laid to rest beside those of her husband at Alexandria Cemetery. The services were conducted by the past-Rev. H. S. Erb.

The following items from Covehead Road will be found interesting: The roads in this section are in excellent condition and the farmers are busily engaged in hauling their wood and scantling. The many friends of John Berrigan are pleased to see him out again after his recent illness. William Birt, Jr., has sold his beautiful Clyde mare, for which he received a handsome sum. Misses Ida McDonald and Christy McEachern have returned from a pleasant visit to Piquisquit. While there they were the guests of Mrs. Levesque. The school of Covehead is progressing favorably under the able management of M. Gallant, Rustico. Charles and Edward Beardon have returned home from Bangor, Me. The skating rink, which has recently been established here, affords the young people much merriment. Alfred Jay, P squid; has spent a week recently with friends in Covehead.

On the recommendation of the Rev. W. Harrison, Chairman of the District, and on the request of the past-Rev. George Orman, the quarterly board of Zion Church invited Evangelist J. S. McKay to labor a month here. He arrived to commence on January 15th. The weather was so unfavorable that only eight week-night meetings and single services on the Sundays could be held, but the mighty power of God, the Holy Spirit, was present and quite a number, probably forty persons, came in for the Lord's side. The profession of Christianity affords a great help and stimulus and uplift. The Evangelist did not know a solitary person when he arrived here but he leaves behind him hearts full of gladness and gratitude to God for his visit, and so long as life lasts he will be held dear in the hearts and memories of some of the Montague horsemen.

The snow disappeared and we now travel with our summer vehicles. We have no ice around Magdalen Islands yet. It looks as the continuance of a very mild winter. We expected a steamer to bring us some news. She could certainly make a splendid landing. This may never splendor landing. This letter with several others goes in a puncheon that we have rigged to make the trip across the Gulf with instructions to the finder and hope it will be successful. We are all well and hope you are the same.

A. J. PAINCHAUD. On February 13 the puncheon was picked up at Port Hastings and the contents sent to Halifax and from there the different letters were mailed to their intended recipients.

The letter from C. F. Painchaud was wet and illegible, the most extraordinary thing in this line in recent years and is the first news received from the Magdalen's since the breaking of the cable.

It is reported that the C. G. S. Stanley has been ordered to the Magdalen's by official in Halifax.

THURSDAY Many friends will regret to hear of the death of Evard Binney, aged twenty-two, eldest son of William John and Mrs. Evans, formerly of Kensington, but now of Vancouver, B. C.

At the Police Court in this city yesterday the cases against Frank Mahar and Samuel Morrison were continued yesterday afternoon. The taking of evidence for the prosecution was practically concluded. The evidence against Mahar concerns knives and other cutlery which it is claimed came from Cameron's store. Both parties were remanded until this morning.

About forty of the passengers who came from the west by the hockey special Tuesday afternoon remained at the Summerside rink to see the hockey game finished thinking that the train would not leave without them. To their great surprise they found that the train had left. It was then about 1 a.m. and they found it very difficult to get accommodation for the night.

An Oyster Bed Bridge correspondent writes: The smelt season is now over. The two principal buyers, Edmund Carr and Richard Kelly, have brought their successful business to a close. Thomas E. Carr, who has done such satisfactory work in thrashing business; has now purchased a circular saw, which will be a great boon to his many customers. Henry McQuarrie and William McLeod have purchased two fine sleighs. Hedley Horne was in the city yesterday.

The retail City market prices yesterday were as follows:—Black oats per bus, forty-three to forty-five cents; white oats per bus, forty-one to forty-two cents; potatoes per bus, thirty cents; hay pressed per ton, nine fifty to ten twenty-five and loose per cwt fifty to sixty cents; straw pressed per ton five fifty to six fifty and loose per cwt thirty-one cents; butter per lb twenty-two to twenty-six cents and eggs per doz twenty to twenty-five cents. The dealers prices were:—Black oats per bus forty-five, white oats per bus forty-three; pressed hay per ton, nine fifty to ten dollars; pressed straw per ton five fifty to six; potatoes per bus thirty cents; butter per lb twenty-two to twenty-three; eggs per doz twenty-five cents; pork per lb nine and three-quarters to ten and three-eighths and ten and one-half for pressed.

There passed peacefully away at Alexandria, Mary McRae, relict of the late John Wood, in the 89th year of her age. She was a woman of sterling character and had lived a Christian life for the past number of years. She leaves to mourn one brother, Daniel McRae, of Tea Hill, and two sisters, Sarah and Margaret, of Charlottetown; also two step-sons, Lemuel, at home, and Daniel, of Hazelbrook; and four step-daughters, Mrs. William Burhoe, Whitman, Mass.; Samuel Seal, and Mrs. William Ballem, Mt. Man Shorn of Strength

Weak Liver So Udemined His Vitality That He Almost Died.

"Early manhood vigor easily led me to view irregularities of my system as incapable of affecting my strength. I am a barrister," writes a well-known attorney, "and there are times in our professional work so exciting and exhausting that any weakness reveals itself in all its naked awfulness. Pressure of work prompted me to ignore some of the distressing symptoms of impaired liver activity—sour stomach, indigestion after eating, loss of intellectual activity. It was not until a severe attack of sleeplessness following an exacting session of court, and a nervous excitability later developed, that I realized fully my condition. My physician ordered complete change and rest, but no engagements rendered impossible this course.

"To correct the system I began using Dr. Hamilton's Pills; and to my delight, not only did they establish regularity, but the liver activity of my earlier days returned. The solution of my health problem was immediate, digestion improved, appetite became active, and my nerves were speedily up to my old fighting mark. Please head me as Dr. Hamilton's Pills man."

No medicine so valuable for those leading sedentary life as Dr. Hamilton's Pills, sold in yellow boxes, 25c, all dealers, or The Catarthous Co., Kingston, Canada.

THE FINEST QUALITY Baker's Breakfast Cocoa

WALTER BAKER & CO. Ltd. Established 1780 DORCHESTER MASS. Branch House: 86 St. Peter St., Montreal

The Ladies sewing circle of Summerside, realized the sum of \$120 at the supper and bazaar held Tuesday night in Epworth Hall.

A bad fire occurred at Mount Alton Tuesday morning by which a large barn belonging to C. H. Hawley Jones was consumed with all its contents, including a large amount of hay and straw, a new jaunting sleigh, two truck wagons and a driving wagon. The fire was discovered by some of the neighbors who did all they could to subdue the flames, but without avail.

Many will hear with deep sorrow of the death of Rev Dr A. F. Carr, of Campbellton, N. B., formerly of Alberton. Dr. Carr was a native of this province. He was born at North St. Eleanor's, 65 years ago. After studying at the medical College of Michigan he came to Alberton where he began work in 1875 remaining there for some fifteen years when he removed to Campbellton, N. B., where he has had charge of the same congregation ever since. G. W. Carr, North St. Eleanor's, and George Carr of Michigan are his brothers.

Last night the S. D. C. Mock Parliament held an interesting session. The Premier being absent the leadership was taken up by the Minister of Railways. The official speakers were: Michael Blanchard and Tealair Hon. Owen Kirgins, member from Halifax, moved a resolution on Maritime representation after a forceful speech. The resolution was seconded by Lawrence Smith. Excellent speeches were delivered for the Government by H. A. McAdam, from Champlain, and H. S. McDonald, who was speaking when the house adjourned at ten o'clock.

A very successful and well patronized concert was held in the hall at Wiltshire on Friday evening 11th inst. The concert was under the auspices of the C. O. F. The following program was rendered: Opening chorus, the choir, Vocal solo, Miss Winnie Waye, Reading, Geo W. McPhee, Violin duet, Amos Monaghan and Miss Lena Monaghan. Reading, Miss Irene Mitchell. Dialogue, "A stranger in a strange land," Misses McDonald, and Misses K. Kelly, McLean and McPherson. Vocal solo, Miss Lena Monaghan. Reading, Clement T. Flood. Vocal duet, Miss Flora Campbell and Dr. MacDonald. Reading, Mr. McDonald. Instrumental music, Miss Lena Monaghan Vocal Solo, Frank J. Flood. Reading, Jerome Monaghan. "God Save the King." Mrs. E. W. Campbell presided and the order was excellent. The sum of forty dollars was realized. The accompanists were Misses Balderson, Mathieson and Douglas and Mr. Monaghan.

Man Shorn of Strength

Weak Liver So Udemined His Vitality That He Almost Died.

"Early manhood vigor easily led me to view irregularities of my system as incapable of affecting my strength. I am a barrister," writes a well-known attorney, "and there are times in our professional work so exciting and exhausting that any weakness reveals itself in all its naked awfulness. Pressure of work prompted me to ignore some of the distressing symptoms of impaired liver activity—sour stomach, indigestion after eating, loss of intellectual activity. It was not until a severe attack of sleeplessness following an exacting session of court, and a nervous excitability later developed, that I realized fully my condition. My physician ordered complete change and rest, but no engagements rendered impossible this course.

"To correct the system I began using Dr. Hamilton's Pills; and to my delight, not only did they establish regularity, but the liver activity of my earlier days returned. The solution of my health problem was immediate, digestion improved, appetite became active, and my nerves were speedily up to my old fighting mark. Please head me as Dr. Hamilton's Pills man."
