

Suffering Women! Before Giving Up

Altogether, Write Me!!

Listen, Women! All the physicking in the world won't put you right. What you need is a purely local treatment like "Orange Lily" and if I am so confident about it as to send you ten days' treatment, absolutely FREE, you will, I am sure, be interested enough to follow what I want to tell you.

I think we are all agreed that a perfect understanding of women's ills and a thorough sympathy with such cases cannot be expected from men, however wise and learned. Only someone who has actually gone through the experience can fully realize the sufferings of hundreds of thousands of our women to-day.

My own case taught me that the ailments to which we are subject, and from which so many of the women of Canada suffer, can be conquered, surely and finally. I endured almost beyond belief for years, and contracted a particularly obstinate condition because I neglected attending to my trouble, yet "Orange Lily" got to work at once and put me permanently right in a very short time.

Dosing and drenching the system with violent drugs is worse than useless; in fact, often aggravates the trouble. "Orange Lily" has a perfect action because it works right at the seat of the malady, leaving other organs to continue their functions undisturbed. You apply "Orange Lily" yourself in the privacy of your own home. No more humiliating "examinations" by prying doctors. No more embarrassing questionings. You use "Orange Lily" for ten days, free, at my expense, and the treatment doesn't interfere with your daily work.

Write me to-day, now, before you leave this page. In matters like this, delays are sometimes dangerous. Let me send this helpful free treatment at once. Address: Mrs. Lydia W. Ladd, successor to Mrs. Frances E. Currah, Windsor, Ont.
