The American coal-tar dye industry, rapidly expanding since the first World War, is now meeting domestic and military needs and has made available for export about 13 per cent of the total value of its sales.

Magnetic storms that disturb the earth's magnetic field and often creates disturbances in telegraph and wireless communications also have an effect on the intensity of cosmic rays as measured at sea level.

## "LET'S GO" Farming calls all STUDENTS

FARM labour is definitely scarce. ... Students can fill the gaps made by war in the ranks of those needed on the land. ... Boys 15 and up and girls 16 and up are urgently needed for farms this summer. ... This is the chance for boys and girls to answer a real patriotic appeal. ... Don't say "no"!

Here is how you go about it: **ACT NOW!** Consult your Agricultural Representative or any local Committee established for placing farm workers in your District; or Write to the Director, Farm Labour Bureau, Charlottetown; or Communicate with the nearest Employment and Selective Service Office.
