Lauzon, Peltier To Enter Appeal

KINGSTON, Ont., Nov. 4 (CP)—Special guards of the Ontario Provincial Police tonight patrolled the area of the Frontenac County jail where Ulysse Lauzon, 32, and Joseph Peltier, 19, both of Windsor, Ont., are being held pending hearing of their appeal against sentences totalling 35 years each in penitentiary.

The jail is back of the county court house at which the two men with 22-year-old Walter Koresky of Windsor, were convicted of bank robbery charges. Koresky was given 15 years on two charges. The men have 30 days in which to enter an appeal and during that time will be lodged in jail. J. S. Allan, chief of police, said today he would appeal the sentences of Lauzon and Peltier, but H. A. Kozlowski, counsel for Koresky, said plans for an appeal in the latter case were indefinite.

Will Require Tire Permits Another Year

TORONTO, Nov. 4 (CP)—Ordinary passenger car owners will have to wait for a year before they can purchase automobile tires without special permits. F. W. Litchfield, chairman of the board of directors of the Goodyear Tire and Rubber Company, said at a news conference Saturday.

MEAT FROM AUSTRALIA

MELBOURNE, Australia (CP)—Declining demands for the services in the Pacific will mean more Australian meat for Britain next year, food authorities said recently.

Coming Events

- Show Morell, Tuesday, 11-3, 5, 7
- Dance in Emerald Hall Friday, Nov. 9th, 11-3, 5, 7, 9
- St. David's Bazaar and High Tea, Town Hall, Georgetown, Thursday, Nov. 8th, 11-3-21
- Farmers who are buying good used feed bags daily, 10-3-5-11
- Boyle, 11-3-21
- Boyle and Dance in St. Patrick's School, 11-3-21
- Boyle, 11-3-21
- Loading hogs every Tuesday for Davis & Fraser Ltd. Phone collect for trucking service R. N. Dawson, Crapaud, 1-14-Sat.-Mon-11

Gov't Purchase Helped Boost Total Saturday

Dominion Total Ahead Of Similar Stage In Last Loan.

The victory loan total in this Province had reached \$2,712,250 Saturday 4, was announced by loan officials, or more than 82 per cent of the overall objective.

It was learned that the Provincial Government made a \$250,000 purchase of ninth victory loan bonds.

By districts the totals Saturday were: Summerside, \$741,750; Prince County, \$298,150; Charlottetown, \$1,044,500; Queen's County, \$391,500; King's County, \$275,000.

It was pointed out that taken by counties, with Charlottetown and Summerside included, Queen's leads with 70 per cent of its overall objective attained; Prince County is a close second with 78 per cent, while King's has 50 per cent.

Loan officials emphasized over the week-end the value and importance of the \$100 million subscriptions in attaining one of the most important objectives of the campaign, namely to fight against inflation.

At Summerside last week, however, three Germans were sentenced to death at a general military court for looting and using firearms.

D. F. R. D. is strongest in the county districts, where well fed German prisoners—military workers in the towns and cities—do not realize that Germany's economic and social life can be saved from collapse only by the presence of Allied troops.

A Canadian corporal, returning from a tour of duty in Europe, was badly kicked and beaten by two German youths that he had to be taken to hospital.

Meyer Asking To See Family

AURICH, Germany, Nov. 4 (CP Cable)—From a solitary cell in Aurich's naval barracks, Maj. Gen. Kurt Meyer, German SS general awarding Iron Cross in the Canadian army's first war crimes case, has begged Lt.-Col. R. P. Olark of Vancouver to act as his intermediary to allow him to visit his family.

Indications today were that the request will be granted but not until after the war has ended. Meyer was captured in Normandy during Nov. 29, 1944, and has never seen his family for more than 1-1/2 years and has never seen his young son. The family now is at Heide, Germany.

In his daily walks Meyer, in halting English, insists that he is first and foremost a Nazi, that he believes in Hitler and the Hitler system and would do anything he had done over again.

N. S. Gov't Makes Big Bond Purchase

HALIFAX, Nov. 4 (CP)—Premier Angus L. Macdonald announced yesterday the Province of Nova Scotia's ninth victory loan campaign for \$1,500,000 with a two-week total of \$1,104,010.50.

This was the present loan campaign's final week of \$1,250,000 over the same stage of the eighth campaign, which raised more than \$1,500,000 on an objective of \$1,350,000.

Saturday's figures also brought sales to individuals in the province of \$592,977,000 compared with \$455,389,900 in the previous campaign. Total sales Saturday were more than \$25,000,000 in advance of the \$75,000,000 target of the second Saturday of the eighth loan.

Large investments reported during the week-end were headed by G. W. W. Life Assurance Company, Winnipeg, with \$150,000. Other large purchasers included St. John's, \$135,000; Continental, \$135,000; M. J. & Sons, \$135,000; Gold Mines, Ltd., and subsidiary companies, \$100,000; City of Quebec amortization fund, \$75,000.

12 Missing After Landing At Sea

HONOLULU, Nov. 4 (AP)—Aircraft carriers today in a search for 12 crew members missing after a United States army transport plane made a forced landing in the Pacific ocean off Hawaii, claims a spokesman of the 27 aboard.

In the same general area, a big Pan-American Airways Honolulu liner en route to San Francisco came down today with engine trouble and the 13 passengers and crew of 10 were taken aboard a baby flat-top and the plane was being towed back to Honolulu, Pan-American announced.

The aircraft reported eight persons were picked up from the ocean seas by surface craft at the site of the transport plane landing Saturday, 650 miles east of Hawaii. One of two women passengers aboard was among those rescued.

Schooner Runs Into Rough Weather

ST. JOHN'S N.F.L.D., Nov. 4 (CP Cable)—Twenty-seven days out of the 300-mile trip from Sydney, N.S., the coal-laden schooner Herbert L. Rowding arrived here Saturday, encountering storms early on the voyage, she took shelter at St. Pierre, in the French colony, and was towed from there by the tug Cachetol.

Japs Planned Huge Subs To Bomb Panama Canal

YOKOSUKA, Japan, Nov. 4 (AP)—Japan's two midget submarines, each equipped with four torpedoes, were intended as carriers for the bombing of the Panama Canal, the newspaper Mainichi said today.

The only trouble with them, "Julius Verne" war weapons was that they were impracticable. American and Japanese officers agreed, and the attempt on the Panama Canal never was made.

Both of the submarines, the world's largest and now temporarily part of the United States Navy, are of 570 tons, 600 feet long, with a

Prime Minister King Sails For New York

SOUTHAMPTON, Nov. 4 (CP)—Prime Minister Mackenzie King sailed today aboard the liner Queen Mary for New York on a route to Washington and forth-coming atomic-energy talks with President Truman and Prime Minister Churchill.

King was accompanied by 11,400 United States troops and 173 civilian passengers.

Heavy Accident Toil In Nova Scotia

HALIFAX, Nov. 4 (CP)—38 persons have died in traffic accidents in Nova Scotia, compared with 40 in the period from Jan. 1 to Aug. 31 when gasoline rationing was in effect, motor vehicle registrar Elliot S. Campbell said today.

Failure to grant the right of way to other vehicles caused more accidents than any other single factor, he said, and attributed drunken driving showed a drop from last year.

Older cars, defective equipment, and worn-out tires, resulting from wartime shortages, failed to figure largely in most instances.

Chinese Gov't Seeks To End Civil Strife

CHUNGKING, Nov. 4 (AP)—President Chiang Kai-Shek's top aide, Gen. Ho Ying Chin, reiterated on his arrival in Peiping Sunday that the Government is determined to re-open its lines of communication through Communist-held areas.

Ho minimized the reports of an attempt to grant the Communists an interim commander in his last post.

Among the pre-war staff appointments held by the General were district engineer officer at Calgary, Quebec, and Victoria, and assistant director of military intelligence at Defence Headquarters.

Convicted Of Stealing Bells

BRUSSELS, Nov. 4 (AP)—Nicolas Van Coppenhouth, who amassed nearly \$5,000,000 selling bells taken from Belgian churches, was convicted by the high court Saturday of selling the metal to German munitions firms during the occupation and was sentenced to life imprisonment.

"Battle Of New York" Costly To Big Ship

NEW YORK, Nov. 4 (AP)—Enthusiastic Vancouver souvenir hunters who made off with \$5,000 worth of articles from the British aircraft carrier implacable last month were pitted against the 638,000 New Yorkers who swarmed aboard the United States battleship Missouri during her two-week stay here.

The effects of the "Battle of New York City" were detailed at a press conference Saturday by the Missouri's officers who said the damage was worse than that suffered by Japanese air attacks in the war's closing stages. The peak "attack"

Ch.town Due For Improved Air Service

BY ALLAN NICKLESON
WINDSOR, Ont., Nov. 4 (CP)—Some 8,500 members of local 195 of the United Automobile Workers, 27 district automotive plants voted today and tonight to strike immediately in support of 10,000 striking production workers, members of local 200 of the U.A.W., at the Ford Motor Company of Canada Ltd. here.

This brings to approximately 18,500 the number of automotive workers on strike.

In this week-end spread of the automotive strike which grew from demands for a new bargaining agreement and union recognition, local 195 officials said plants now affected included three plants of Chrysler Corporation of Canada Ltd., with a total union employment of 3,800.

Twenty office workers at the Chrysler plants removed company books from the offices.

Joining the other employees on strike are workers from such plants as Canadian Industries Ltd., Auto Specialties, Car Wood, Kelley Wheel, Gelfredson and Truscott Steel, all with between 250 and 300 union employees.

In the case of a Canadian Industries, Ltd., union officials said a certain number of union workers will be allowed to remain in the plant to keep chemical processes in working order.

Fifty employees of the Detroit-based Hessel Company, a bus service connecting Windsor and Detroit by tunnel under the Detroit River, were included in the strike action but will remain at work for the present.

Union heads said the new strike was effective as from tonight and that the men would not be returning to work tomorrow.

Local 195 officials said strike action was taken without obtaining permission of the international executive board of the U. A. W. in Detroit which previously had turned down requests by the local that its members be allowed to strike.

More Direct Service

When the new licenses are granted, there will be more direct service between Charlottetown and Halifax and other Nova Scotia points.

The service to Charlottetown was raised in the committee by A. M. Nicholson, C.C.F. member for Mackenzie in Saskatchewan.

He said that Trans-Canada Airlines have two planes flying over Charlottetown every day of the week.

"I understand that Trans-Canada Airlines have two planes flying over Charlottetown every day of the week," said Mr. Nicholson, in view of the very unsatisfactory transportation condition into Prince Edward Island, I was wondering if consideration has been given to having TCA stop at Charlottetown. I know that Maritime Central Airways has been operating a service between Charlottetown and Halifax, but it is difficult to get reservations on their planes; and in view of the fact that the aircraft are passing over and that Prince Edward Island is a very important part of Canada, I think it might be linked directly with Trans-Canada."

H. J. Symington, president of Trans-Canada Airlines, said: "All I can say is that Trans-Canada."

Goering's Words In 1938 Come To Haunt Him

(Germany's seizure of Austria in 1938 was arranged by high Nazi officials in telephone conversations. The conversations were recorded by the Gestapo and the recordings subsequently were recovered from the rubble of Berlin by Daniel De Lette.)

By DANIEL DE LETTE
Copyright, 1945, by The Associated Press

BERLIN, Nov. 4 (AP)—Reichsmarschall Hermann Goering dictated the telegram to Benito Mussolini and Seyss-Inquart was to prepare invading German armed forces into Austria.

"Tell him," said Goering in haste to the German State Secretary Wilhelm Keppeler, "it is not necessary that he send the telegram. He only has to say agreed!"

This was arranged the present for the march of German troops into Austria, the act that led to the extinction of Austria as an independent state and its annexation March 13, 1938, to Hitler's greater Reich.

Out of the mouth of the Nazis themselves, living and dead, comes this inside story of the Anschluss.

Towing Drydock St. John's To Halifax

ST. JOHN'S N.F.L.D., Nov. 4 (CP Cable)—The Royal Canadian Navy's floating drydock which was towed from St. John's to Halifax in the battle of the Atlantic left St. John's yesterday for Halifax under tow.

Soviet Gov't Has Big Dirigible

MOSCOW, Nov. 4 (AP)—The big Soviet dirigible "victory" has just completed a flight of more than 80 hours over the Black Sea, an article in the Moscow newspaper Bolshhevik reported today. (This is the first mention of Soviet dirigibles to come from Moscow. The dispatch gave no indication of the size of the aircraft.)

Meteorological Office, Toronto

Meteorological Office, Toronto (CP Cable)—Minimum and maximum temperatures: Vancouver 46, 56; Edmonton 36, 46; Regina 40, 50; Winnipeg 18, 40; Toronto 40, 50; Ottawa 26, 37; Montreal 38, 41; Quebec 32, 40; Moncton 48, 51; Halifax 53, 58; Charlottetown 55; Sydney 49, 61; Yarmouth 51, 57.

Forecast: Lower St. Lawrence: Mostly fair and cool; probably light showers or snowdrifts north of the St. Lawrence at night.

Lake St. John: Partly cloudy and cold followed by strong southwest winds and light snow towards night.

Gulf, Bay Chaleur and North Shore: Strong northeast to north-west winds; cloudy and cool with some snow or part rain.

Maritime West: Strong northerly winds; moderate easterly gusts with occasional rain or probably part snow in New Brunswick.

Maritime East: Strong winds or moderate easterly shifts to north and northwest with occasional rain.

High tide this morning at 11:24 and tonight at 11.

Sun sets this afternoon at 4:44 and has tomorrow morning at 6:45.

Canada Able To Supply Own Toys

MONTREAL, Nov. 4 (CP)—Canada, from a nation almost wholly dependent on toy imports, is self-sufficient in providing toys for her 3,000,000 children, the Prices Board announced yesterday.

A survey showed that with the labor situation improving and increased quantities of metal, hardware and paperboard at the disposal of the manufacturers, the prospects for Christmas toys this year are particularly bright.

In the metal field, electrically driven trains will remain in short supply, while miniature replicas of the munitions of war have been replaced by metal trucks, manual trains and automobiles. Kiddy cars and small metal wagons, scooters and sleds will be available. Tricycles, doll carriages, roller skates and more elaborate toys are not expected on the market before next Christmas.

More than 40 per cent of the toys sent to the Board for pricing are made of wood. The survey showed that ingenuity is evident in the mechanical aspects of the wooden playthings, which have good appearance and durability.

Plastic toys, such as model airplanes, autos and plastic replicas of the cardboard games are ready for the Christmas market.

Die but smaller quantities of sugar being available to the manufacturer—50 per cent of the 1941 supply—will be completed by 30 per cent last year—there will be a heavier demand on them due to meat rationing.

EDITOR'S WIFE DIES

MANITOW, Man., Nov. 4 (CP)—Mrs. W. J. Row, 75, wife of the editor of the Western Canadian Manitow, and herself co-editor of the weekly newspaper, died at her home here Saturday.

IF YOU LIVE A FRIEND FIVE DOLLARS AND NEVER SEE HIM AGAIN; IT'S AGAIN!
