## ITALY REPORTED READY TO NEGOTIATE PEACE

### Ethiopians Lose Heavily In Battle On Northern Front

Army Of Ras Kassa Annihilated. Peace Negotiations Would Be Based On Recent Italian Victories Paris Hears.

(C. P. By Guardian's Special Wire)  
Premier Mussolini, whose soldiers achieved a new major victory over the Ethiopian army of Ras Kassa, was reported in Paris Sunday to have indicated a willingness to listen to peace proposals.  
The French government was represented, however, as not sure whether II Duce's reported move was an expression of his real wishes or an attempt to forestall further sanctions when the League of Nations sanctions committee meets at Geneva Monday.  
Informed persons in Rome stated II Duce was ready to consider peace proposals—but said they must be "adequate."  
Ras Kassa was reported in flight with a few followers, leaving 5,000 men in the Tembien, after a vain effort to repulse a determined Italian onslaught.  
At northern Italian army headquarters it was reported a squadron of planes had bombed and dispersed Emperor Haile Selassie's bodyguard of imperial troops, marching north near Goro with the Negus to meet the invaders. Whether the Negus was injured was not known.

### HOUSE LIKELY TO OPEN ON MARCH 24

Prince Edward Island Legislative Assembly will hold its first 1936 session between March 21 and 25, it was learned on good authority today, March 24.  
The date is three weeks later than any Prince Edward Island Legislature opening in the past five years.  
The Premier, Thane A. Campbell, left Saturday for Ottawa to attend conference between provincial and federal legal heads for discussion of the British North America Act.  
Hon. J. P. MacIntyre, Minister of Public Works, is acting premier.

### SOMETHING TO CACKLE ABOUT

(C. P. By Guardian's Special Wire)  
APOHAQUIL N. B., March 1.—A 12-month pullet, owned by Ernest Hamilton has something to cackle about. It laid a huge egg, and inside was another perfectly formed one, shell and all. The whole thing weighed six ounces and measured 7-1/2 inches by nine.

### LEADERS IN JAPANESE REVOLT SUICIDE

### TORONTO GANGSTER SHOTS TWO

Father and Son Gravely Wounded When Attempting To Prevent Car Theft.

(C. P. by Guardian's Special Wire)  
TORONTO, March 1.—Moved down by gangster bullets in a vain effort to prevent theft of a car from their garage in nearby Markham, Edgar Stonehouse and his 22-year-old son, James, battled for life in hospital here tonight.  
The father, 58-year-old owner of the garage, and the son were virtually blasted from the running-board of the car they attempted to stop and were found lying on the snow-covered highway. There were three men in the machine.  
The injured men survived an operation for removal of the bullets. The father was shot just over the left eye, the bullet emerging behind the ear. Young Stonehouse was shot in both hands and has a serious wound in the abdomen.  
"Get back where you came from or I'll blow you too," one of the bandits threatened Leslie Hagen, who aroused from his sleep by the first shots, went outside his home to investigate.  
"I've shot one," the bandit added, "and you'll be the next."  
Constable James Walker was fired at as he attempted to chase the bandits. He took refuge behind his car and none of the bullets found their mark.

### Death Of Mr. W.E. Hyndman Saturday Night

News of the unexpectedly sudden passing on Saturday night of Mr. W. Earle Hyndman will be learned with general regret by many sincere friends in Charlottetown and throughout the province.  
Mr. Hyndman, who was in his 61st year, had been associated with the Dominion Department of Public Works for upwards of forty years and had planned and supervised the construction of many important public works in all parts of the province including the Souris breakwater, the concrete highway into Borden and the potato warehouses and docking facilities at Charlottetown, Summerside, Georgetown and Souris. For some time past he had been unwell and on Saturday morning entered the Prince Edward Island Hospital for treatment. It was found necessary to perform an operation from which he failed to rally, passing quietly away in the presence of his immediate family.  
After getting practical experience at the Robb Engineering Works at the late Mr. Hyndman studied at McGill University and then spent several years surveying in British Columbia and the prairie West, then returning to the Island to take the position of junior engineer with the Department of Public Works, and some years ago succeeded the late Mr. J. B. Hegon as District Engineer.  
The sympathy of the community will go out to his wife, Winifred Colton, his daughter Helen, and his two sons F. Walter Hyndman and Robert E. Hyndman as well as to his aged mother, Mrs. Fred W. Hyndman and other members of the family.

again take precedence but the generous allowance of time for non-government business in the House, always accorded in the first month of a Parliamentary session, will be curtailed. Hereafter Monday will be the only private members' full day.  
Resumption of debate on the Canada-United States trade agreement will be the chief government business this week. There is nothing on the order paper to indicate what other government measures will be forthcoming. It is understood, however, that the next major legislation to appear will be that to create a national commission on unemployment and relief.

### Debate On League Of Nations In House Today

(C. P. By Guardian's Special Wire)  
OTTAWA, March 1.—A debate on League of Nations affairs to be precipitated by T. C. Douglas (C.C.F., Weyburn) is scheduled as the first business on the order paper of the House of Commons to-morrow.  
Mr. Douglas will move a resolution urging on the government the necessity for "sincere and complete fulfilment" of all obligations assumed under the covenant of the League. Unless there is a "sincere acceptance and application" of those obligations his resolution says, Canada should refuse to engage in any foreign war.  
Private members' resolutions will

### FASCISTS CELEBRATE VICTORIES

Mussolini Lauds Troops — Attention Focused On League Committee Meeting Today.  
(By Andree Berding, Associated Press Foreign Staff)  
ROME, March 1.—Premier Mussolini told his followers and the world today that Italian troops are advancing and "their deeds speak for themselves and will continue to speak."  
Addressing 30,000 cheering Fascists before the Venezia Palace, observing the 40th anniversary of the battle of Adua, II Duce said:  
"Your thoughts today are thoughts of victory. Our heroes are vindicated. Our soldiers advance and their deeds speak for themselves and will continue to speak."

"Your thoughts today are thoughts of victory. Our heroes are vindicated. Our soldiers advance and their deeds speak for themselves and will continue to speak."  
Happy News  
The Italians received happy news from the front. Marshal Pietro Badoglio telegraphed that "on the Eritrean front Ras Kassa's army is badly beaten and is breaking up."  
Two days after the capture of Amba Alaji, the most southern point the Italians reached 40 years ago, King Victor Emmanuel and II Duce attended a mass celebration before the Unknown Soldier's tomb in commemoration of those who fell at Adua.  
A dozen survivors of the battle of Adua in 1934, when an Italian army was crushed by the Ethiopians, attended.  
Well informed sources said Europe's troubled situation is at a turning point toward the end of the week, as soon as decisions of the committee of 18 are known.  
If sanctions are extended, Italy probably will retire from the League, denounce some clauses of the Treaty of Versailles, withdraw from the Locarno Treaty for the duration of sanctions, and denounce or suspend some international conventions concerning railroad, maritime and air traffic.

### ANTI SEMITIC DRIVE RESUMED IN GERMANY

Action Follows Quiet Which Prevailed During Holding Of Winter Olympics.  
BERLIN, March 1.—(A. P.)—A new anti-Semitic wave was ushered in today in Germany following weeks of quiet because of the Winter Olympics.  
Nazi attempts not to offend foreign visitors during the games. The official organ "German Justice" announced 763 notaries had been ousted through the recent Nurnberg anti-Jewish laws.  
Simultaneously, the newspaper "Freie Presse" announced a campaign had gone to sleep in Charlottetown and throughout the province. Mr. Hyndman, who was in his 61st year, had been associated with the Dominion Department of Public Works for upwards of forty years and had planned and supervised the construction of many important public works in all parts of the province including the Souris breakwater, the concrete highway into Borden and the potato warehouses and docking facilities at Charlottetown, Summerside, Georgetown and Souris. ### Few Votes Polled In Saturday's By Election Contest

Official Liberal Candidate Wins Easily Over Independent Liberal.  
In a by-election in Fourth Prince District Saturday, Mr. Horace Wright, Bedeque, official Liberal candidate, was accorded a sweeping majority although only one half of the electors in the constituency cast ballots.  
The successful candidate, accorded 925 votes, had a majority of 673 over his opponent, Mr. Douglas Bell of Cape Traverse, who ran as an independent Liberal.  
Mr. Bell, a nephew of the late Premier J. H. Bell, polled only 252 ballots, losing his deposit. He would have needed one half of the winning total to retain it.  
Mr. Wright was in the provincial house from 1927 until 1931 when he was defeated in general elections.  
The late Premier Walter M. Lea was elected in the constituency in the provincial general elections last July. He had held the seat and leadership of the government a bare six months when he died of pneumonia. He polled 1,590 votes, his opponent, Mr. Morrison polling 1,025.  
Mr. Wright was nominated to contest the vacant Prince County seat almost a month ago, and Mr. Bell, formerly a strong Liberal supporter, entered the field as an independent Liberal on nomination day last week.  
Premier the Hon. Thane A. Campbell in a message to Fourth Prince electors a few days ago warned that any who supported the independent candidate would be reading themselves out of the Liberal party.  
Mr. Bell's election would not have affected materially the constitution of the House, which would have remained without a Conservative opposition representative.

### To Follow In Footsteps Of His Beloved Father

LONDON, March 1.—(C. P. Cable)—The King today delivered his first broadcast message to the people of the British Empire since he succeeded the Throne and assured his hearers he would endeavor conscientiously to promote the well-being of his fellow-men.  
His Majesty, who spoke for 10 minutes, expressed his gratitude for the tributes which had been paid by people all over the world to King George and said: "It now falls upon me to succeed him and to carry on his work."  
He spoke slowly and distinctly. It was his 76th appearance at the microphone, although his first since he succeeded King George. The speech was broadcast throughout the Empire and in 11 foreign countries.  
The Same Man  
"I am better known to most of you as the Prince of Wales, as a man who during the war and since has had the opportunity of getting to know the people of nearly every country of the world under all conditions and circumstances," said King Edward.  
"And although I now speak to you as King, I am still the same man who has had that experience and whose constant effort it will be to continue to promote the well-being of his fellow-men."  
"May the future bring peace and understanding throughout the world, prosperity and happiness to British people and may we be worthy of the heritage which is ours."  
His Majesty paid tribute to his father and said: "Queen Mary, my family and myself have been greatly helped by the world-wide tributes of genuine sorrow which we have received from every side."  
The King sent his greeting "as King-Emperor" to the Princes and Peoples of India.  
"The associations in peace and war between the British and Indian peoples have been long honorable," he said, "and the example set by Queen Victoria, King Edward VII and King George lays on me as their successor a solemn trust to maintain and strengthen those associations."  
Probably one of the largest audiences in the world heard the message. The broadcast, made from a studio on the third floor of the British Broadcasting Corporation's headquarters, was heard by millions in Great Britain, in all parts of the Empire and in many other countries.

### Three Die In Ontario Fire

KITIGAN, Ont., March 1.—With three of their children dead, Mr. and Mrs. Joseph Belanger and their last surviving son lay in hospital at Hearst, Ont., tonight suffering from burns received when fire destroyed their home here.  
The fire occurred in sub-zero weather early Saturday morning at this Northern Ontario settlement 200 miles north of Sudbury. Mr. and Mrs. Belanger and their son Leon, one year old, were removed to hospital at Hearst, 70 miles west of here, later in the day.  
The children who died in the flames were Francois, seven years old; Rebecca, five years old, and Louis, four years old. They were trapped in the bedroom as the fire destroyed the small home while the parents fought to rescue them.

### Hitler Ready To Negotiate Anglo-German Naval Pact

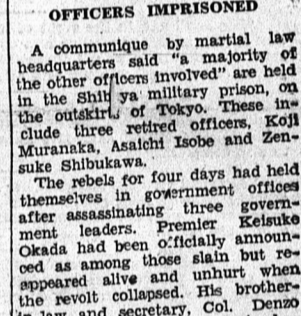

(A. P. By Guardian's Special Wire)  
LONDON, March 1.—A high source disclosed today that Reichswehrminister Hitler had made a gesture of friendliness to Great Britain by consenting to negotiations in London for the proposed new Anglo-German naval treaty.  
The instructions from Hitler, it was said, had been received by the German embassy but will not be communicated to the British government until later this week.  
The proposed pact was said to contain four points:  
1. A limitation of the size of armaments on aircraft-carriers;  
2. A halt in the construction of "class A" (heavy) cruisers;  
3. A restriction in the size of cruisers to 8,000 tons with guns of moderate calibre;  
4. A limitation on the size of armaments for submarines.  
The strain of anxiety was apparent among delegates to the International Naval Conference.  
Both British and Americans awaited a statement from the French as to whether they would accept a new general naval treaty—the treaty which Italy already has indicated she is "not yet ready" to agree to. The French delegates said only that they had as yet received no instructions from Paris.

### REPORTED SLAIN, PREMIER UNHARMED

Suppression Of Uprising Announced As Okada Reappears.  
(By Glenn Babb)  
(Associated Press Foreign Staff)  
(A. P. By Guardian's Special Wire)  
TOKYO, March 2.—(Monday)—The fate of 21 surviving leaders of a military rebellion and the character of the cabinet to succeed that shattered by an assassin's coup today were foremost questions confronting Japan.  
The primarily military phase of the gravest domestic crisis in the modern history of the Empire ended with the suppression of the uprising and the political phase came to the fore.  
Twenty active army officers and three retired ones, it was officially announced, headed the revolt.  
Two of them committed suicide. Capt. Teruzo Ando, alleged leader of the revolt, shot himself in the head yesterday and his self-inflicted death was followed by that of Capt. Shiro Nonaka, martial law headquarters announced. Another officer attempted suicide but failed.

OFFICERS IMPRISONED  
A communique by martial law headquarters said "a majority of the other officers involved" are held in the Shitaya military prison, on the outskirts of Tokyo. These include three retired officers, Koji Muranaka, Asachi Izobe and Zensuke Shibukawa.  
The rebels for four days had held themselves in government offices after assassinating three government leaders.  
Premier Keisuke Okada had been officially announced as among those slain but reappeared alive and unhurt when the revolt collapsed. His brother-in-law and secretary, Col. Demzo Matsuo, had been killed instead.  
Although official secrecy was maintained as to the Premier's whereabouts during the revolt, persons who saw him after his reappearance expressed belief he hid in the servants' quarters at his official residence Wednesday and then went to his private home.
