1. Mabel Matheson, 2. Tena McDonald, 3. Ada Acorn.

Class 8
Manual Training

1. Richie Matheson, A. D. McMaster, 2. Norman McLeod, John

PRESBYTERIANS

AND CHURCH UNION

N connection with this vital issue, there are some facts which you should know and think about, before you allow your church to be legislated out of existence.

DO YOU KNOW

1. There are 100,000 members of the Presbyterian Church who have never had a chance to vote on this question of Union?
2. There are thousands of our men who were overseas when the last vote was taken—the soldiers?
3. The people—who are the church—have never had a single chance to vote on the proposed Bills?

DO YOU KNOW

1. That it is now eight years since the people had a chance to vote on the question of union?
2. That during that time:—
(A) The great war ended and peace was declared?
(B) Colossal changes have taken place in commerce, industry and society?
(C) Uncertainty and unrest are disturbing the minds of men?
3. That the people have never had a chance to vote on the Proposed Legislation?

Considering these facts: IS IT RIGHT

1. To force union on the church now?
2. To ignore the new members and soldiers?
3. To pass these Bills without a vote?
4. To disrupt our ancient and beloved church?

"Pray for the Peace of Jerusalem, They shall prosper that love thee."

When you buy a cleaner consider the attachments

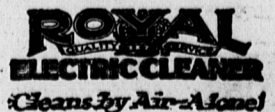

Every housewife appreciates that house-cleaning is not confined alone to carpets—floors—and linoleums—and so the intending purchaser of an Electric Cleaner, who wishes for maximum service from her Cleaner, should see to it that the attachments are simple and efficient.

Now, while the ROYAL, with its "cleans-by-air-alone" method and its extra wide nozzle, is best for carpets and floors, it is also scientifically superior in regard to its attachments.

The suction of the ROYAL is unhampered by brushes, belts or gears. ROYAL attachments are more thorough, more capable and efficient. They are simply and easily connected. You merely slip off the nozzle and attach the suction hose and then the particular cleaner tool you wish to use.

Here are some of the uses for ROYAL attachments. Let us give you a free demonstration in your own home:—

- Floors and Floor Coverings, Curtains and Draperies, Picture Mouldings and Plate Rails, Upholstered Furniture, Auto Tops and Upholstery, Clothing and Furs, Mattresses and Bedding, China Cabinets, Pianos, Walls and Wallpaper, Pictures and Chandeliers, Books and Bookcases, Dresser Drawers, Fire Places and Grates, Men's and Women's Hats.

Cleans by Air-Action!

Free demonstrations of the ROYAL gladly given in your own home.
