New Adventures Lure Lone Wolf To Old Haunts

—Whenever the Lone Wolf gets into trouble, it's because of an attractive young woman. That has been an axiom among film fans ever since the debonair sleuth first tiit the screen to prove himself one of the most engaging of all rescals. and that axiom receives added entertain-ment significance in Colcmbia's newest in the Lone Wolf series, "One Dangerous Night", which stars Warren William at the Capitol Theatre.

There is not just one woman to get the Lone Wolf into trouble: there are five!

The girls are Marguerite Chapman, Mona Barrie, Tala Birell, Anna Savage and Marguerite Hayes. They are lovely, lively and remarkably innocent . . . . even if one of them did plan to leave her husband and elope with a blackmailer, even if a second did plan to rob that "gentleman," even if the remaining three are in a room with his newly-created corpse.

—CONSPIRACY CASE — The case of John (Holman) Gallant, Summerside, charged with conspiracy was adjourned until Monday morning at the close of yesterday's sitting of the Supreme Court at Summerside. —EVENING AUXILIARY—Mrs. Lorne Campbell and Mrs. Harold Milligan were hostesses to Trinity Evening Auxiliary on Tuesday evening when they met in the Church Parlor for their regular meeting. Mrs. Allison MacLean led the devotional period, bringing to us the Easter Message, Christ is Risen! The Church is Born! Mrs. MacLean was assisted by several members of the Society, who, by interesting readings, took us to many different places all over the world and revealed to us that "The Church was found There." The study book "For all of Life," was then taken up and Mrs. Arthur Allen outlined the chapter "The Purpose of Worship", which was most interesting and was very much enjoyed by all. The business period was conducted by the President. The minutes were read and the roll call was responded to by 18 members and one visitor. Reports were received from the treasurer and from the visiting committee. The meeting was brought to a close with the Benediction after which lunch was served and a social hour spent.—S

Addresses Y's Men On Soviet System

Changes wrought in Russia in the past twenty-five years have been as great as those made in a century in this country, R.H. Rogers said in an address to the Y's Men's club Thursday night in the Y. M. C. A. here. Mr. Rogers reviewed the rise of the present form of Government, a government set up by the masses and a system of public ownership patterned on the principals originated by Karl Marx.

The basis of authority, he said, are the soldiers, the workers and the peasants who live in villages and work on farms in the vicinity.

There is room for individuality in the Russian setup, said the speaker who said that most workers are members of trade unions but they are different from our unions. They have no capitalists to fight against but fight to improve conditions. From the general manager down all are members of the unions. Meetings are well attended and criticism is encouraged Often it is unmerciful. The main concern of the workers is not to curtail production but to produce more and better goods and services.

The wage rates are arrived at by central council of trade unions and there may be eight to ten different scales in a factory with great chances of advancement. The consumers co-operatives were described as a great success.

There are government farms, co-operative farms and some privately owned farms, he said. The great aim is to produce an abundance of goods.

Reviewing the causes which led to the 1917 revolution he said that there had been a corrupt, inefficient and oppressed government and poverty had been extreme. Lenin had formed a solid group which was sold on Communism and every occasion was taken to instil communistic doctrines into the people.

Ralph MacLean presented a baby spoon to Wylie Allan.

The meeting was presided over by Fred Wotton.

Credit Union Organized At Kelly's Cross

Despite bad roads and inclement weather a large number of the residents of Kelly's Cross and vicinity congregated in the hall at Kelly's Cross on Wednesday, April 12th for the purpose of organizing a Credit Union. The purpose of the meeting was explained by the pastor of Kelly's Cross, Rev. L.J. Ayers and on motion it was unanimously agreed to proceed with the work of organization. The proposed rules and regulations were then voted upon and unanimously agreed to. The election of officers resulted as follows:

Board of Directors: Mark Curley President; J.W. Bradley, Vice-President; G. Duffy, Clerk; W. Bradley, Manager-Treasurer; Frank Roach, E. Gorman, A. Monaghan.

Credit Committee: G. Monaghan, Louis Hagan, John E. Trainor, Peter Stordy, William Waddell.

Supervisory Committee: Rev. L. J. Ayers, Aeneas Kiggins, Anthony Smith.

Rev. M. E. Francis of the Extension Department of St. Dunstan's University then gave a talk on the Cooperative Movement in general and Credit Unions in particular, after which the office was opened for business, when forty-three charter members subscribed for one or more shares each.

Father Ayers congratulated all present on the interest and enthusiasm shown, and thanked them for their intensive study of Credit Unions through the past winter which made it possible to organize a Credit Union which promises to be one of the best on the Island.

Juveniles And Indians

At the annual meeting of the Anglican Diocesan Church Society held recently in the City the report of the Social Service Department was accepted. This report dealt with various matters including the following, which is of general interest.

"Juveniles: From reports juvenile delihquency is on the increase. This seems to be the universal opinion. Suggested methods for combatting it are enforcement of curfew laws; more religious education; A closer contact between clergy and teachers; organizations to interest children during their leisure hours, such as A.Y.P.A., Boy Scouts and Girl Guides, etc.; a return by parents to the old-fashioned home conditions where they and their small children would be found gathered together for study and enjoyment. Too many children today are left to look after themselves, whilst the parents attend the pictures, Bingo games and parties of all kinds.

Indians

"It is all too evident that after over 175 years of low estate in this Province any effort to raise the standard of our Indians as a whole to a higher plane will be a long and tedious task. The Indians, whose fathers once held sway on this Island, have a right to far better conditions and chances of making an honourable living than has been the case in the past. We understand that their children are not permitted to attend many public schools on the Island on the plea that they are dirty and consumptive. Indians, if they are given the chance and accept it, can be as clean as any of their white brothers, as was proved in the last war and probably is being proved in the present conflict.

Great efforts should be made by the Dominion Government, of whom they are wards, to improve their health and home conditions and their education, so that in a generation or so they could fill their place in labour and the professions as their brothers do in Western Canada. In this way they will become citizens rather than wards of this Dominion. At a recent court case in Montreal an Indian living on a reserve was compelled to report for military duty as he was a British subject. Surely a man compelled to fight for his country at the risk of his life should be entitled to all the privileges of his white brother. Indians are as much the children of the Kingdom of God as the white men, and should be given a chance and opportunity, even if it takes time, to play their part as useful and good citizens in the upbuilding of this Province and Dominion. Many of our Indian women, whose husbands or sons are serving in the Forces, are squandering their war allowances. In this respect they are not unlike a far too large number of their white sisters. If the future of these people is to be guarded more administrations of allowances are necessary.

TURNIPS GLUT MARKET — Several hundred carloads of turnips are reported to be in farm storehouses, pits and cellars throughout the Province, with no opportunity of marketing them. One farmer offered to supply a car at 15 cents a bushel and could get no offers. The cause is attributed partly to refrigerator car shortage and also to the huge potato production in United States last year. The potato shortage in the previous year enhanced the demand for turnips from this Province, but this year the demand was very slack. Most of the turnips now in storage will have to be fed to live-stock it is feared.

DR. KEEPING GIVES ADDRESS — Trinity United Church Young People's Union sponsored an address on Friday evening on "venereal disease" by the Deputy Minister of Public Health, Dr. B. C. Keeping. A sing song of hymns opened the meeting. Following the announcement of the address next week on tuberculosis to be given by Dr. Creelman, Dr. Keeping was graciously introduced by Erma Mallett. Dr. Keeping first described the symptons of syphilis and gonorrhoea. He gave the percentages of the number of cases found in the call-ups to service, in U. S. A. and Canada. The most important means of combat are the arousing of public opinion and the education of the public, and most important of all a high standard of morality among single and married people of all ages. Literature on the subject of venereal diseases was distributed to all present. Jean MacLean expressed the appreciation of the Y. P. U. to the speaker. An interval of quiet music was followed by a duet by Dorothy Allen and Marion Harper, "O Jesus, I have promised to serve Thee". The scripture reading, Proverbs 22: 1-11 was read by Annie MacKay. All sang "Creations Lord, We give Thee Thanks" and the responsive reading was Psalm 34 The singing of "Just as I am, young strong and free" preceded the meditation "City Streets, Education and your Y. P. U." A solo, "To build a character both sure and strong" was sung to the tune of "My Task" by Pansy MacAusland. The closing hymn "Now God be with us" was sung as a prayer, and the leader of the service, Blanche Howatt pronounced the benediction.

A talk on Credit Unions by Rev. M.E. Francis, of the Extension Department of St Dunstan's University was then followed by a business meeting at which sixty-one charter members subscribed for what was an unusual number of shares for a first meeting. This was undoubtedly one of the best Credit Union organization meetings ever held in this province and the people of Lot 65 are to be congratulated on their initiative and enterprise, in this their initial success in co-operative endeavour.
