S. A. McDonald's Card

To the Elector of Charlottetown Ladies and Gentlemen:—

At the solicitation of a large number of citizens I have consented to become a candidate for Mayor at the forthcoming Elections.

I am in favor of a progressive Civic policy. With a car-ferry to the Mainland and a reduction in our freight rates, the chief obstacle to making Charlottetown a manufacturing city is removed.

If elected, I will endeavor to get industries located here, by making such concessions, from time to time as are prudent and in the interests of our city.

Situated, as we are, in close touch with the coal fields of Nova Scotia, with excellent shipping facilities by rail and water, Charlottetown, the fifth largest city in the Maritime Provinces, will then have as many inducements to offer investors as any other city. Think what it will mean to our working men. Instead of going abroad they will remain at home and help to build a greater Charlottetown.

I am in favor of improved sanitary laws as well as all measures having for their object the advancement of our city and province.

I am opposed to any further increase in civic taxation.

I take this opportunity of soliciting your support and of thanking the electors of Ward Five, for electing me to represent that large and representative body of citizens, in 1906 1908 and 1910, and trust that I may receive from them their hearty support for the Mayoralty.

I Beg To Remain,
Yours Most Respectfully,
S. A. McDONALD

CHURCH UNION

(Continued from page 2).

concerned, it may be of interest to many of the readers of your esteemed journal to present a brief summary of some of the principal items which have brought this very important matter to its present stage. After a somewhat extended preliminary discussion re the question of a closer union on the part of the churches named, a large Committee was appointed in 1903 to consider the whole matter. This Committee consisted of some 150 members composed of 65 from the Presbyterian Church an equal number of the Methodist Church and about 20 from the Congregational Church. To this very representative and influential body was remitted the work of providing, if possible, a basis on which the Several negotiating Churches might ultimately agree, and at the proper time be submitted to the Several Courts, Congregations and Churches of the contracting parties for their Confirmation or dissent. The united Committee met in 1903, 1904, 1905, 1906, 1907 and concluded their work in a three days session in December 1908. The result of those years of prayerful consideration by one of the most representative Committees ever delegated to consider a question of this character we have the Basis of Union now being placed in all the families connected with the Churches Concerned. It was, we are informed, with great unanimity that the Contents of this document were finally agreed upon by the Union Committee Concessions which many do not deem vital or fundamental were made by each of the negotiating Churches and this Surrender of non-essentials contributed to the creation of an ecclesiastical document which has been greatly admired in many quarters and which has already received the Sanction of the highest Courts of the Churches interested. A glance at the action already taken is highly significant and means much when the proposed organic union is considered in all its hearings.

The Presbyterian General Assembly of 1910 after a lengthy and memorable discussion pronounced its verdict on the Basis with 184 for and 73 against. Up to June 1911 out of some 70 Presbyteries 67 had voted upon the question with 50 for and 12 against. The Presbytery of P. E. Island voted 42 yeas and 7 nays. The Annual Conference and General Conference of the Methodist Church have also considered the question and recorded their decisions.

The General Conference held at Victoria, B. C., in 1910, took action with 220 for and 35 against. Nine out of the twelve Conference into which the Methodist Church is divided pronounced upon the Basis up to June, 1911, with 1419 delegates for and 223 against or 86 percent in favor with only 14 percent against. Seventy-seven Congregational Churches voted with 62 yeas and 15 nays. The final stage has now been reached and upon the action of the Churches and Congregations now voting on question, the success or failure of one of the most radical and far reaching propositions in Christian history, will at least for the present, be determined. In this democratic age, no Assembly Conference or other official Court can Consummate a Scheme of such gigantic and Vital issues without Consultation and without the voice of the people whose will in political and religious reforms has become an authorative and imperial consideration which no Church or Government may trifle or disdain. And so to the members and a certain class of adherents as well, of the churches affected the final settlement of this much discussed question has been remitted and we shall await the voice of the people on this great issue with profound interest and a keen sympathetic concern.

CARD

To the Electors of Ward Four

Ladies AND Gentlemen:—

At the request of a large number of electors of Ward Four, I have consented to be a candidate for City Councillor at the forth coming Civic Elections.

In thus publicly asking for your support, I promise, if elected, while paying due attention to the special needs of Ward Four to endeavor to promise the establishment of more industries in the city, to retain our capital and thus provide more work for our laborers and citizens; to so far as possible reduce the cost of living, and to improve the conditions under which many of our people are housed; to inaugurate a better system for aiding those who may be in destitute circumstances, and a charge upon the City and its charities.

I shall also endeavor, so far as is consisent with our present revenue to improve the sanitary and hygienic condition of the city and to provide for the proper inspection of our food supply.

Yours Respectfully,
D. McLAUCHAN
