MONTREAL Mt'l. Stock Exchange

MONTREAL, Nov. 12.—Strength in paper stocks and selected specialties held the spotlight during today's session of the Montreal Stock Exchange with prices advancing from fractions to more than five points.

The International Paper Company's announcement that it will increase its 1935 contracts \$2.50 for the first six months and not more than \$2.50 additional for the six months of 1935, acted as a spur to the newspaper issues.

Canadian Celanese preferred responded to the official announcement of the plan to eliminate the \$24 arrears in dividends on the stock by rising two points to 120 where it equalled the year's high.

Brazilian Traction, International Nickel, Canadian Pacific Railway, National Electric, Shawinigan Power, Massey-Harris, Steel of Canada, and McColl-Fontaine were among the issues to hold unchanged.

MINING. MONTREAL, Nov. 12.—Interest in the silver market was stirred up today by a jump in the price of bar metal on the Montreal and London markets.

EXCHANGE. MONTREAL, Nov. 12.—British and foreign exchange in relation to the Canadian market as compiled by the Royal Bank of Canada, closed today as follows:

London spot and forward silver rates 220 to 240 points higher. The advance was understood to have been the result of London buying of the United States Government setting more gold than silver and provisions of the silver purchase act were not being fulfilled on a sufficiently large scale.
