

New Spring Hats

We have endeavored for the last few years to be the first in the city to introduce new hats for the incoming season. It is with pleasure we again inform you that our first shipment of new hats the celebrated Buckley, England's best, is again the first new hat shown in the city. This hat is absolutely guaranteed by the makers and by us.

For young men we have the noblest line ever shown here in the new dented crown or college hats in the Fedora shapes. The new 1909 are the noblest ever shown by us.

This season we are going to make the hat business one of the strongest departments in our store. We have made arrangements with the Buckley at manufacturers to send us each month a shipment of the newest lines as they are introduced in the large cities, in this way we will be enabled to give our customers the latest ideas in hats from month to month as introduced in London and New York.

You are cordially invited to inspect our new hats at the leading hat store in this city.

NEW WONDERLAND TONIGHT

A Fine New Reel With Laughter and Interest Abounding--New Illustrated Song.

Of laughable properties, and with comrade looking at him, and remorse lots of strange situations, the pic will not let him rest. In the meantime the friend has been rescued by good people, and in reality appears to night. It will be supplemented by the "Foul Play" a theme of more than ordinary interest. A man to whom a large amount of money has been left, shows the letter announcing the legacy to a friend. This friend plots to get it, and waylays him as he is journeying to where the money is. He throws him over a bank, after tempting his life and thinking he has been successful he gets the money in the day, and lives royally on it. But conscience seizes him and in visions he sees the one time Come tonight.

KING EDWARD SANCTIONS A PERPETUAL MARATHON

TORONTO, Feb. 2. — To establish an annual Marathon race, over the Olympic course, from Windsor Castle to the Stadium.
To make the event perpetual and open to the world.
To give as a prize a trophy valued at \$2,000.
This, briefly, is the proposal outlined by J. M. Andrew, an executive member of the Polytechnic Harriers, London, England, in a recent letter to Steward Crocker, who is manager of the Canadian Olympic team.
His Majesty King Edward already has sanctioned the start of the race from Windsor Park, and Canadians are especially invited to send representatives to compete.

Mr. Andrew's letter also contains the kindest possible references to the Canadians who visited England for the world-famous games, and also the most outspoken and damaging opinion of the conduct of the "unprincipled men" composing the management and members of the athletic team sent over by the United States.
"It is a matter of great moment to Canadians that Mr. Crocker and the young men representing the Dominion at the Olympic games were able to make such a remarkably favorable impression on their British hosts. The fact that they were Canadians had very little to do with the making of so enviable a reputation. But that it is even more happy and desirable success things and things works in a favorable have been written to express the fact that "a good name is rather to be chosen than great riches," and that honor is the only good in life worth striving for.

The Canadian team have proved this before the world, and Canada is now reaping golden opinions because of the actions of her sons. The resulting good cannot be over-estimated.
The letter to Mr. Crocker is as follows:—
"I am glad to hear that all your boys arrived home safe and pleased with their visit to old England. We have, on our side, made many friends with your boys, and we hope vice versa. Amongst the friendship made none are more fast than those with the Canadians.
"Our fellows (not forgetting the ladies) are in raptures over the manliness of Bobbie Kerr and Archibald, and one and all will receive a very hearty welcome when they visit us again. Our institute is at the disposal of any whom you care to send.

SILLY STATEMENTS

"The Olympic games have left no regrets with us, with the exception of the conduct of the U.S.A. I have only read extracts of the pamphlet published by one of their committee, Mr. Kirby, but the silliest statements of the whole lot are those attributing bad language to me, and myself striking Hayes. Our association did laugh when they found that it was Jack Andrew that swore at them.
"But, joking aside, I do regret this trouble between them and us, but I certainly cannot see how we

PERPETUAL MARATHON.

"I am now organizing an annual polytechnic race, open to the world, over the historical course, Windsor Castle to the Stadium. The King has already sanctioned the start taking place in Windsor Park, so it will be looked on as the race of the year. I wished the A. A. A. to take charge, but they prefer the Polytechnic doing it.
"A trophy (classical design is being made), and will cost not less than five hundred pounds (\$2,500). Of course this will be perpetual, and the country will hold it for one year under similar conditions to the A. A. A. cups, the individual winner receiving a miniature of some value, about twenty to thirty pounds.
WILL CANADIANS GO?
"Now will you make this known and let me know if there is likelihood of your promptly being represented? If you do not care to send trainers, you can rely upon the Polytechnic boys doing the needful in a perfect manner. Let me know soon, as I wish to create interest in what I believe will be a good sporting event.
"Give my kindest regards to all.

CLEAR THE FILTERS!

Your Health Depends On It.

In its course around the body the blood is continually gathering up waste matter—worn out tissue and other impurities.
Then it flows through the kidneys, which should filter out all this poisonous material and empty it into the bladder. But sometimes the kidneys get sluggish and clogged up with waste matter, and fail to do their work properly. Then the trouble begins. Instead of leaving the kidneys pure and life-giving, the blood comes out still loaded with Uric Acid, which it carries to every part of the body. Settling in joints and tissues, this Uric Acid very soon causes Rheumatism, with its untold sufferings.
The natural sensible course then is to clear the filters—the kidneys—with "Father Morrisey's No. 7." One tablet three times a day, followed by a glass of cold water, will bring relief in a very short time. Joints will lumber up, the blood will be purified, and the Rheumatism cured. See at your druggist's, or from Father Morrisey Medicine Co., Chatham, N.B.
