BLAZING THRILLS PACE "CONGO BILL"

The teeming, mysterious jungles of Africa provide the fabulous background for Columbia's new super-serial, "Congo Bill," whose first thrilling installment will be shown at the Capitol Theater starting today. Succeeding chapters will follow each week.

With Don McGuire in the title role as the mighty jungle hero, red-blooded thrill piles upon red-blooded thrill! Advance reports tell of unparalleled jungle spectacle as the plucky king of the jungle plunges into one super-adventure after another in his search for a captive white queen!

The other key players include Cleo Moore, Jack Ingram and I. Stanford Jolley.

Based on "Action Comics" magazine comic strip, "Congo Bill," created by Whitney Ellsworth, the screenplay was fashioned by George H. Plympton, Arthur Hoerl and Lewis Clay. Spencer Bennet and Thomas Carr co-directed for producer Sam Katzman.

Much has already been written regarding the different performances of the King's County Legion Band, but none has deserved more praise and honour than the performance they staged in Montague Christmas eve. Not only were the children thrilled, but the grown-ups as well, when, despite a definite chill in the air, which caused the valves of some of the instruments to freeze up, the Bandsmen drove through the town playing the beloved Christmas carols, under the direction of their Bandmaster, Mr. Archie Hume. For the occasion they were given the use of a specially lighted truck by Mr. R. W. Beck. A special feature, one that delighted young and old alike, was the presence of Santa Claus, the same Santa who was heard over Radio Station C.F.C.Y. before Christmas. As the party moved slowly along the street, more than one child was heard to exclaim, "The real Santa!" The Bandsmen visited several private homes where they played for shut-ins and elderly people, and then they visited the King's County Memorial Hospital where, at the conclusion of their program they were served refreshments by the matron, Mrs. McCormack, and her staff. Leaving the Hospital, they drove through the town stopping before the stores where they received a very hearty applause. This was the first such performance in Montague and it is hoped the Band will make it an annual occasion, as it gave a proper Christmas touch to the festive season. The Band has given a number of splendid performances since its beginning last year and many complimentary comments have been heard on every occasion. Their next public appearance will be in Murray Harbour at the official opening of the new rink in that town.

The high hopes of the skaters, hockey players, and curlers have been dashed to the mud which now prevails on all dirt roads. During Christmas week both rinks could boast an excellent sheet of ice, but now there is no more. Mr. Preston MacDonald, the manager of the skating rink has put considerable time on the rink to build up the ice, only to lose the greater part during the last two weeks. Hockey fans who were anxiously anticipating the first game were disappointed as well as the hockey players. The official opening of the Murray Harbour rink had also to be postponed after elaborate preparations. The most disappointed, however were the youngsters who were looking forward to their skating and hockey. The hockey team is also anxious to get the schedule going so that it will be completed before the intermediate series gets underway. Their new uniforms are really classy with maroon and gold colors, while the gold crest has METEORS lettered in script writing. The executive has chosen well in getting such colourful uniforms. The ice in the curling rink is practically all gone, after all the tedious work of marking off the ice in preparation for New Year's Day. But looking at it now, it looks as if the curling season will be very short in Montague. Although the Gaboury Cup playoffs are only a few days away, Montague will be represented even though they have not as yet had any practice. It is understood that three teams will participate, and they have hopes of bringing home the trophy. Mr.. Dan Semple has been keeping his weather eye peeled for the first signs of cold weather, and should there be a change soon we may have curling yet.

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath.) Get FASTEETH at any drug store.
