**RADIO REPORT IS ADOPTED**

OTTAWA, May 11.—(By The Canadian Press)—With the assertion that radio is a weapon which can be used in such a way as to do a great deal of harm, or can be so utilized as to build up culture and advance education, Hon. Raymond Morand, (Cons., East Essex), chairman of the Commons Committee on radio broadcasting, moved concurrence in the report of that committee this afternoon. The report recommends eventual nationalization of radio broadcasting.

At the outset Dr. Morand paid a tribute to the helpfulness of his colleagues on the committee. He also stated that evidence presented to the committee had been well prepared. It had come from all over Canada.

Radio was in its infancy, Dr. Morand said. But a short time ago it was merely a toy and people used it to see how far they could reach into space by its assistance. From that point, it had grown to be a valuable adjunct to education, and a utility of great power.

Today radio was found in the schools and churches. It was a valuable aid to agriculture. It assisted the police. It had become a factor in many lines of human endeavor, and a valued factor.

The committee had been asked to study the Aird report, continued Dr. Morand. This report was made in 1929. In studying it members of the committee had been fortunate in hearing statements by the three gentlemen who made the Aird report, and their evidence had been of great assistance. Again, the committee had been asked to suggest a technical scheme for radio broadcasting. In order to do this it had been necessary to secure help from technical advisers. The scheme evolved would, he believed, give to Canada the type of broadcasting to which the Dominion was entitled. Ample coverage had been provided for all Canada and with the promised additional channels the suggested system would lay down a basis of caring for Canada's radio requirements even if the population were doubled.

A problem that faced the committee was the fact that there existed in Canada no machinery to plan and control radio programs, advertising or the possibility of the business becoming a monopoly. And there seemed no doubt radio was susceptible to monopoly. E.W. Beatty, President of the Canadian Pacific Railroad Company had told the committee that radio was a "natural monopoly."

The subject of advertising was one that received a great deal of attention, Dr. Morand said. In the publicly owned British system direct advertising was completely eliminated from the air. In the privately owned United States system advertising was the primary factor. Canada, being in such close communion with the United States, could not afford to prohibit advertising altogether as it would be unfair to Canadian products to have United States competing products advertised on American programs which would be poked up here. So the committee had limited advertising to five per cent of the program period, and left it to the proposed radio commission to define just what class of advertising would be accepted.

To provide this controlling machinery the committee had recommended a commission of three members. The finances would come entirely from revenue and with an estimated 700,000 receiving sets paying \$1,400,000 per year in license fees, it was felt that the new system could be established without any capital expenditure.

As a member of the Radio Committee, he felt that he would like to make one or two comments, said W. D. Euler (Lib., North Waterloo). He testified to the "complete and constant good feeling which had prevailed at meetings of the committee," and paid a tribute to the tact of the chairman.

Speaking generally, the committee, in its recommendations had followed the Aird report. The principles followed was that radio is a natural monopoly. Only

so many channels existed which could be used, and the committee was opposed to private monopoly of these channels.

There was nothing in the report, Mr. Euler stated, which would prevent the listener-in from enjoying absolutely all the privileges which he had today unless there would be some modification by way of control over advertising and the program. The smaller stations could continue as privately owned ones, although there would be the element of control to some extent. Mr. Euler took issue with circulars which had been sent, he declared, all over Ontario, representing that nationalization of broadcasting would mean the expenditure of \$15,000,000 per annum and a license fee of \$80 per year. With these circulars, Mr. Euler declared, were sent postcards for enrolment in a certain so-called radio league. He would leave it to the judgment of the members if representations of this kind, which were not correct, did not influence the signing of such cards for membership. It was not likely, he stated, that under the proposed system that license would be materially increased from what the fee was now. Again, there were no capital expenditures recommended by the committee, and he wished to remark that under the old fee of \$1 annually to the owner of the radio set there had been a balance left over in one year of \$1,100,000.

The report was then adopted.

**ROOKIE SHUTS YANKS OUT 3-0**  
**Research Work In Fox Diseases**

(Canadian Press)  
 NEW YORK, May 11.—Johnny Allen, a rookie right hander who was knocked out of the box the first time he faced Major League batting and who had only one good relief hurling job to show for his previous efforts, turned in a pitching masterpiece today to give the Yankees a 3 to 0 victory over the St. Louis Browns. The triumph, the fourth straight for New York, brought a clean sweep in the series which was cut to two games. It also dropped the Browns to sixth place in the American League standing, a few points behind the idle Philadelphia Athletics.

Allen gave the Browns only five hits, three of which came in the last two innings and might have done better if he had received perfect support.

**Experiments Now Being Carried Out With Every Prospect Of Success, Foxmen Are Told By Hon. G. Shelton Sharp.**

A delegation, representing a number of fox breeders in the vicinity of Summerside and composed of Messrs. Hillard Muttart, B. W. Robinson and B. G. H. Harmon, waited upon the directors of the Canadian National Fox Breeders Association on Tuesday evening at their regular monthly Board meeting held in the head office at Summerside and asked for information as to what was being done in Canada in regard to research work on fox diseases and suggested the necessity of some cooperative effort among the fox breeders of registered and unregistered animals with a view to forming an organization to assist in carrying on fox research work.

Directors present at the meeting from outside the Province were Messrs. Fremont, Quebec; Klinton, Manitoba; L. T. Leeman, Salisbury, N. S.; L. D. McKenzie, Turro; H. S. Murray, Chatham, N. B.

Hon. G. Shelton Sharp, president, and Mr. A. S. Robertson of Charlottetown, were present, besides directors from Kensington and Summerside.

The president informed the delegation that ever since 1930 the Association has been actively interested in promoting in Canada all phases of disease research and for that purpose supplied foxes for experimental work both for research in Ontario, and on the Island in the work carried on by Dr. Wickware.

In June, 1931, at Toronto, a delegation from the Association met Major Dunkin of Laidlaw and Dunkin laboratories at Mill Hill, England, who are famous research workers in canine distemper. Present at this meeting were Dr. Hilton, Inspector Veterinary General and Dr. Watson of the research laboratory at Hull, Quebec. As a result of this meeting the Federal Government sent an invitation to Major Dunkin to come to Ottawa and discuss with them ways and means of dealing with diseases among foxes.

At this interview Major Dunkin made recommendation as to the proper facilities for dealing with the situation and suggested establishing a laboratory along the lines of their Mill Hill laboratory in England, which would enable them to carry on research work in fox diseases in Canada.

Acting on this advice the Government constructed a laboratory with the necessary equipment at a cost of approximately \$50,000 and have purchased for experimental purposes some seventy foxes and are making a study of every phase of diseases among foxes.

In addition Hon. Robert Weir, Federal Minister of Agriculture, furnished the necessary facilities to Dr. Wickware to carry on research work in this Province and to procure live fox distemper virus which was forwarded to the laboratories of Dunkin and Laidlaw at Mill Hill, England, where experiments were carried out on dogs and ferrets with satisfactory results.

It was found by these experiments that dogs could be inoculated with fox distemper virus and could also be immunized with dog distemper and anti serum. Further tests are being carried out along this line with every prospect of success. The Association is cooperating with the Welcome Research Station in England in conjunction with Dunkin and Laidlaw and the Federal Government research station and doing everything possible to safeguard the health of the fox population in Canada.

**National League**

NEW YORK, May 11.—Lombardi, Herman and Hafey of the Reds began swinging again at Cleveland, backing "Red" Lucas in scoring a 4 to 1 victory over the Phillies.

Leo Durocher swung too, but without a bat and Bartell of the Phils and not a ball was his target. Nipped in the eighth trying to steal second twice in the game, he quarrelled with Bartell and bowled the second baseman over. The flurry cost him his place in the game.

Lombardi had a place in scoring three Cincinnati runs. In the sixth he singled, Hafey doubles and Heath's single brought both home. In the seventh with two out his single after Herman's double put over another tally.

After pitching ten very good innings and one shaky one that carried the game overtime in a 3-3 tie, "Wild Bill" Hallahan justified his nickname in the twelfth inning at St. Louis with an outstanding burst of wildness that gave the Brooklyn Dodgers three runs and a 6 to 3 victory over the Cardinals.

Going into the twelfth, Hallahan had given only eight hits and had fanned around a dozen Brooklyn batsmen. But Frank O'Doul opened the final inning with a double and as he tried to "bear down" Hallahan made three wild pitches, equalling the major league record, walked a man intentionally and allowed three more hits.

**THE SISTERS OF THE CHARLOTTETOWN HOSPITAL**

acknowledged with thanks a cheque from Prowse Bros.—annual donation from the anniversary sale.

RECEIVE CHEQUE—The Board of Trustees of P. E. I. Hospital accepted with thanks a cheque from Prowse Bros. from their anniversary sale.

GETS POSITION—Mr. Walter MacNutt of this city, who recently passed his examinations at the Toronto Conservatory of Music with high honors, has been appointed Organist of the Anglican Church at Barrie, Ontario.

FLAGS HALF MAST—Flags on Government House, the Provincial Building and other public buildings will be half masted today as a tribute to the late President Doumer of France, whose funeral will be held today.

ON OFFICIAL VISIT—Mrs. Ruby M. Houle, Vice President of the Rebekahs for the Maritime Provinces and Newfoundland is on her regular visitation tour and is at present down the South Shore as far as Sable Island. She will visit all lodges in the jurisdiction.

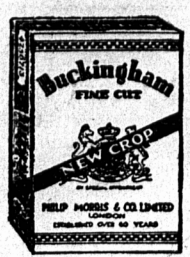

FALCONWOOD GROUNDS—For the past week much work has been done on the grounds at the rear of the new Falconwood Hospital Building, corner of Kent and Hillsboro Streets. The grounds were cleared up and rubbish burned, an old shed torn down and now a neat board fence has been built completely enclosing the grounds.

NEW NIGHT WATCHMAN—Mr. A. E. Cannon, a lifelong resident of this city, who had three sons serving overseas and one buried at Etaples had secured the position of night watchman for stores located on Grafton, Queen, Kent and Great George Street, recently patrolled by the late Thos. McMahon for the past twenty years.

CELEBRATES HIS FIRST SOLEMN HIGH MASS—The newly ordained priest, Rev. J. P. Emmett O'Hanley celebrated his first solemn High Mass in St. Peter's Church, St. Peter's Bay, on Sunday, May 8th. He was attended by Rev. Raymond McKenzie, St. Dunstan's University as deacon and by the pastor, Rev. A. McAulay as sub-deacon. A very able sermon appropriate to the occasion was preached by Father McKenzie. In his discourse he eloquently reviewed the history of the institution of the holy priesthood pointing out the goodness and love of God in his relation with mankind throughout the ages. Concluding the speaker congratulated the young priest for co-operating with God's grace and accepting a life of service in the Sanctuary. He also congratulated his good pastor, his parents, and the people of the parish in giving this new priest to the church. After the service Father O'Hanley was presented with a purse and an address.

"I have tried Buckingham Fine Cut and have found it excellent cigarette tobacco and also found it mild and sweet."

**Whiskey Plant Raided In Mt'l.**

MONTREAL, May 11.—(By the Canadian Press)—A blow at illicit liquor dealing with parts of Quebec and the Maritime Provinces was struck here today, in the opinion of Quebec liquor commission police, who seized 500 bottles of whiskey, a modern distilling plant and 5,000 labels bearing the trade marks of various distilleries.

Three men who were found in the dwelling house which the commission police raided were arrested, charged and will be arraigned later. They gave their names as Leandre Leblanc, 32, Lucien Rohner, 34 and William Babino, 35, and stated they were natives of New Brunswick.

The commission police stated they had been watching the men for some time. Today they decided to raid. After securing entrance to the house under suspicion and arresting the three men found in it, police searched the cellar which revealed an up-to-date bottling plant, modern machinery for making whiskey and 500 bottles of liquor, done up ready for shipment in packages of twenty bottles each.

Each bottle was carefully labelled and corked, the trade-marks being almost impossible to detect from genuine ones, police stated. Some 5,000 labels were discovered as well as several bags of bottle caps, corks and tin-foil. Police stated the whiskey in parcels was ready for shipment to various points in this province and the Maritimes.

**THE FEDERAL PARLIAMENT**

TO BE PAID ON MAY 15

OTTAWA, May 11.—(By the Canadian Press)—To enable Dominion civil servants to be paid on May 15, an interim supply bill for \$16,554,759.22 was passed in the House of Commons today. The amount represents one-twelfth of the main estimates for the present fiscal year, Hon. E. N. Rhodes, Minister of Finance, sponsored the measure.

RADIO BROADCASTING

OTTAWA, May 11.—The Prime Minister has given notice of legislation to implement the report of the commons committee on radio broadcasting. Mr. Bennett has given notice that he will move, in the House, the following resolution.

"Resolved, that it is expedient to bring in a measure to provide for the constitution of a commission to be known as the Canadian Radio Broadcasting Commission for the purpose of acquiring, operating, regulating and controlling radio broadcasting in Canada."

DIVORCE BILLS

OTTAWA, May 11.—(By the Canadian Press)—The Senate was occupied with divorce bills today and did not reach the New Zealand treaty, which was to have been considered, but which will now go over until the next sitting on Friday. One divorce bill, the principal of which live in Westmount, Quebec, was voted down. Senator Baillentine declared that the petition was based chiefly on testimony of two detectives, while numerous reputable persons had testified in contradiction. He felt a woman's name would be unjustly stigmatized were the charges accepted and the divorce granted. The bill was voted down on division.

UNEMPLOYMENT RELIEF

OTTAWA, May 11.—(By the Canadian Press)—When the Government's unemployment relief bill came before the House of Commons, in committee, again today, Hon. Peter Hennean (Lib., Kenora-Rainy River), asked if it was still the intention of the Government to go on with the construction of the trans-Canada highway in northern Ontario, on a fifty-fifty basis with the province.

The basis would necessarily have to be agreed on between the Dominion and the province, responded Hon. W. A. Gordon, Minister of Labor. He believed, however, that an agreement on the matter would be reached. It was the desire of the Dominion Government to proceed with the construction of the trans-Canada highway in cooperation with the Ontario Government.

COST \$8,654,908.11

OTTAWA, May 11.—(By The Canadian Press)—Property purchased in connection with the Montreal terminals of the Canadian National Railways, work on which had been discontinued, cost \$8,654,908.11, Sir Henry Thornton, the President, told the House of Commons committee on railways and shipping today.

Commissions on real estate amounted to \$54,809.42; retainers to realtors, \$34,736.42; fees to agents \$33,843.66.

**Boys Work Board In Annual Meeting**

The annual meeting of the Prince Edward Island Boys Work Board, which is the Provincial Committee to carry on boys work under the Maritime Religious Education Council, was held in Hearts Memorial Hall at 10.30 on Tuesday, Rev. I. Judson Levy, Maritime Boys work secretary was present with the Board. Reports for the years work were received and routine business transacted. Arrangements were completed whereby the Y. M. C. A. and the M. R. E. C. will hold a joint boys' camp this year at Cance Cove the dates of which are July 6th-15th, and the fee for each boy has been set at \$5. This is the information for which the Y boys and Tuxis Trail Rangers throughout the province have been waiting. They will now make their plans and look eagerly forward for the banner camp at Cance Cove on these days.

The boys work board appointed the following officers for the ensuing year. Chairman Rev. W. E. Aitken; vice chairman, Rev. J. B. Wilson, Rev. D. M. Sinclair; secretary treasurer, Rev. C. N. Brown; additional members of executive, R. A. Pendleton, E. H. Gillis, Braden Jelly, Rev. E. J. Chisholm.

**P. E. I. Presbytery Of United Church**

The quarterly meeting of the Presbytery of the United Church of Canada convened in Hearts Memorial Hall on Monday at 2 p.m. with a good attendance of ministers and laymen. The first two sessions were devoted to conference and study. In the afternoon Rev. F. E. Boothroyd delivered a most searching and stimulating paper on "The Devotional Life of the Minister." Rev. G. A. Christie followed with an excellent paper on "The Congregation in Action." Both these papers provoked most profitable discussions. In the evening Rev. J. W. A. Nicholson led an intensely interesting and instructive discussion on "The Work of the Church in the face of present economic and social conditions."

At the sessions on Tuesday, Presbytery devoted itself to business and disposed of a large docket which included many important matters. Permission was granted to the Cornwall Charge to sell the manse property at New Dominion. Georgetown Charge was given permission to build a new Manse, the plans of which were approved. The resignation of Rev. H. S. Bishop as Minister of Cavendish Charge was regretfully received and appreciation of Mr. Bishop's good work during his ministry there was expressed by members of the Court. Mr. Bishop has accepted a call to the United Church in Woodstock, N. B. Application for retirement from the active work on the grounds of ill health, was received from Dr. J. R. Saint and acted upon with regret by members of the Presbytery who deeply appreciated the valuable service that Dr. Saint has rendered the church during his ministry.

A call from the St. Peter's Bay Charge to Rev. W. E. Aitken was received and sustained and transferred to the Settlement Committee of Conference. A call from Pownal Charge to Rev. George Elliott of Elmsdale was received and sustained, and transmitted to the Settlement Committee.

The committee on students, presented Thomas J. Humphrey, B. A., and John Alton Vincent, B. A., both members of the Graduating Class of Pine Hill this year and recommended them as suitable candidates for the Ministry. In solemn service these men were licensed by Presbytery to preach and recommended to the Maritime Conference for ordination in June.

New officers of Presbytery were elected as follows:

Chairman, Rev. D. K. Ross, Secretary, Rev. W. E. Aitken, Treasurer, Rev. J. M. MacLeod, Rev. F. E. Boothroyd and Rev. L. P. Archibald were nominated as members of the Settlement Committee, Rev. F. E. Boothroyd and Mr. G. F. Hutchison were nominated as Commissioners to General Council.

The secretary read a report stating that to the appeal of the National Relief Committee for aid for the stricken areas of Saskatchewan, each one of the thirty four charges within the bounds of Presbytery had generously responded. In addition to the many boxes of clothing and bedding, five carloads of vegetables and foodstuffs had gone forward to the West from the United Church in this Province.

Other reports were received and other business transacted, and a fuller account of them will appear in a later issue.

**Girl Guides Of Ch'town Hold Concert**

An enjoyable concert put on by the Girl Guides of the city was held last evening in St. Peter's Cathedral Hall.

The varied and interesting program was a credit to the members of the various patrols taking part and to Miss Mary McNutt, their Captain.

The program opened with O Canada, followed by "The Wedding of the Painted Doll," sung and dramatized by 16 Guides. Humor was added to the number by the taking of the parts of the bridegroom and best man by two girls appropriately dressed.

The next number was a humorous duet by Guides P. Whitlock and P. Gesner.

A playette, "Robin Hood," was well acted by seven Girl Guides.

The Highland Fling capably danced by Miss M. Prowse, was enthusiastically received.

A humorous duet, "Romeo and Juliet," by Guides Dot and Jean Carmody also received much applause.

During an intermission in which candy was sold, the audience was entertained by piano solos by Misses M. Taylor, P. Gesner and M. Prowse.

Part two of the program opened

**Judge Gets A "Cut" Resigns**

WINNIPEG, May 11.—(By the Canadian Press)—Judge L. St. G. Stubbs today resigned his position as Justice of the Surrogate Court in protest against a reduction in his salary, approved at the last session of the Manitoba Legislature. He continues as senior county court judge.

In his letter of resignation to Hon. W. J. Major, Attorney-General, Judge Stubbs termed legislation which reduced surrogate court salaries from \$13,000 a year to \$4,000 "sheer, stark political scoundgery." He resigned, he said, as "a protest against the outrage of the fundamental principle of the independence of the Bench."

**Senator Girroir Laid To Rest**

OTTAWA, May 11.—(By The Canadian Press)—Attended by Rt. Hon. R. B. Bennett, the Prime Minister, members of the Cabinet and the Senate of Canada, the funeral of Hon. Edward I. Girroir, K. C., a Senator, representing the Acadians of Nova Scotia, since 1912, was held today. Services were held at the Blessed Sacrament Church with burial in Notre Dame Cemetery.

Senator Girroir, who was one of the most popular members of the Upper House and also prominent in mining companies throughout the Dominion, died at his home here Sunday following a long illness.

**THOMAS**

(Continued from Page 1)

tion, which referred to possible action against the Free State when the present Imperial preferences under the general import duties act expire on Nov. 15, was a hypothetical one in the present circumstances. The oath bill has been passed by the Dail but it is now before the Irish Free State Senate. The intent of the Government's declaration however was plain. Mr. Thomas replied: "The position is that the Free State bill for the abolition of the oath is directly in conflict with the obligations undertaken by the Free State under the treaty of 1921. It appears to the Government that if the bill becomes law it will be unreasonable to expect they should enter into negotiations for further agreements with a government which had repudiated an existing agreement."

The immediate impression, and one which the Government undoubtedly intended to convey, was that if the Free State abolishes the oath the delegation from the United Kingdom will not enter any agreement with the Free State at the Imperial Economic Conference at Ottawa.

An authoritative explanation of the choice of today for the declaration is contained in a statement to Reuter's press agency that the United Kingdom Government regards it as desirable to make its position clear to the other parts of the Empire well in advance of the Imperial Conference. If the oath bill is made law, the Free State Government will find itself, after Nov. 15, when the imperial preferences in the import duties act expire, in the same position as any foreign country with which no special agreement has been made to mitigate the effects of the new tariffs, which range up to 20 per cent in most cases.

As to the effects of the statement, opinions differ. In some quarters the belief is held that the Free State Senate towards the end of the month will reject the bill and will find the British Government's statement a helpful reason.

On the other hand, Irishmen at Westminster hold the Senate will not dare to reject the bill, because if it does President De Valera will appeal to the country and will undoubtedly include a proposal to abolish the Senate.

**Senator Girroir Returns From Great Britain**

(Canadian Press)  
 FREDERICTON, N. B., May 11.—George W. Bartlett, of this city, has returned home from a three months trip to Great Britain during which he investigated the possibilities of New Brunswick hardwood operators obtaining a foothold in the market there. He represented the Department of Lands and Mines in an unofficial capacity as well as private interests, and this morning conferred with the Deputy Minister G. Prince.

**Farmers & Breeders**

Your attention is called to Friday 1322, one of the finest Percheron Stallions ever brought to this province. Graded as a three year old and has a class A certificate and was champion horse at Amherst in 1931 and will make the season of 1932 at owner's stables, York, and Fridays of each week at Charlottetown. Mares at owner's risk.
