

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Chalottetown.

W. D. Compton of Bangor was in the city this week.

Allie Webster of Morell spent Thursday in the city.

Miss Annie McEwen of Boston, Mass., returned to Bristol Thursday where she will spend the summer with her friends there.

Any person desiring to purchase a strong second hand double seated carriage at a bargain should apply at this office at once. Rear seat can be removed, thus making it an excellent market wagon.

The Plant liner A. W. Perry says the Halifax Herald of the 14th inst., sailed on Wednesday for Boston. She leaves there on Saturday next for Halifax and leaves there on Monday morning on her first trip to Hawkesbury and P. S. Island this year. Returning there she leaves Wednesday at mid-night for Boston.

A correspondent writing from Tracadie says. Far away on the Isthmus of Panama, Ira McLean, a former Tracadie boy, holds a position of honor and trust, and is another successful islander abroad. Mr. McLean is assistant engineer on the Panama Canal. He graduated from Harvard in 1899 as Bachelor of Science, and since that time he has been in the employ of the American government. Mr. McLean is a nephew of John Moynagh, Ten Mile House.

The Guardian regrets to announce the death of one of most progressive and successful farmers of this Province, Roland O. MacDonald of Orwell. On Saturday 9th inst. Mr. MacDonald was suddenly taken ill of heart failure and expired within an hour. He was a man of exemplary character, a consistent member of the Catholic Church and he will be long remembered as a firm friend and good neighbor. He leaves a widow, also an aged mother, and a brother now residing in British Columbia. His only child a beautiful girl of five, died about a year ago. To his bereaved widow and mother, The Guardian extends sincere sympathy.

It is expected that a football team from Charlottetown, will visit New Glasgow on May 25th, say the New Glasgow Enterprise, "and play a game with our boys. This interchange of football games between the Islanders and New Glasgow has become a fixture and that one is appreciated here as the visitors put up an excellent game on the field and are usually accompanied by a band and a large number of enthusiasts. The regret is that New Glasgow cannot at present command steamship accommodation to return the compliment and visit the Island capital in force. Perhaps some day there will be a steamer available and matters squared."

In the last issue of the Maritime Baptist, appears the following from North River in this Province:—"The Lord is reviving His work here. I baptised and received four into the church last Sabbath. We expect to baptize others soon. The church at Kingston is also being blessed. Souls are being converted there. I wish also to put on record my gratitude to the Long Creek church for the present winter of a valuable solid nickel mounted harness. Also to speak of the kindness of the North River congregation, who filled the parsonage one evening and left us well supplied with groceries. In fact the perpetual kindness of this people over the entire field is cheering to a hard worked pastor.—S. H. Cornwall.

The Guardian today appears without the usual sermon which has been a feature, for some time, of the Saturday issues. The omission this week is not the fault of The Guardian. Arrangements were made as usual, but the sermon did not arrive on time. In this respect it may be said that many Guardian readers look eagerly for a weekly sermon, and it is the desire of this paper to provide the same. If the different pastors of this City and Province have any desire to reach thousands who are not accessible to them on Sundays, they should avail themselves of the privilege of using these columns, which are willingly placed at their disposal for the purpose. If they will do so without further invitation their sermons will receive due attention, but it is impossible for this paper to undertake to furnish that which it finds, in many cases, impossible to obtain. For today, readers will find on another page a synopsis of a very timely and sagacious address by Rev. Madison C. Peters, of Chicago, on "Poverty A Boon to Boys," which is heartily recommended.

"Put it to the test, let your teapot prove to you that for purity, flavor, quality and reliability "Salada" is supreme.

The tide will be high this morning at 10.46 and tonight at 11.46.

The names of the winners and the winning lines in Jas. Paton & Co's limerick competition will be found in their ad today.

The Royal Scots Concert Party are world famous. They appear next Thursday evening in the Opera House here, and all who love good music, good clean entertainment, and humor which is refined, will see their seats are purchased in good time.

Advertisers are again reminded that their "business locals" as well as their "changes" must be received at this office not later than one o'clock sharp of each week day, exclusive of statutory holidays, to insure insertion in next issue. All received later than the above hours will also appear when they do not interfere with the setting in type of the regular news of the day.

Speaking of Fred Howard's work as a member of the Royal Scots Concert Party, one who has recently heard him says:—"He is a whole show in himself. As a ventriloquist he is unexcelled, as a musician he takes first rank wherever he goes. "Fun in a Barrick Room" is a laughable number brimming over with the element of comedy, his skill as an entertainer being simply marvellous. Then in "Wee McGregor's plaintive cry" "I canna see," he leaves a memory with his audience that lingers long after Mr. Howard has left the scene of his conquest behind him.

The Hon. Sydney Fraser, replying to a question in the Dominion House of Commons recently as to where the new experimental farms would be established for which provision is made in the parliamentary estimates announced that the Department of Agriculture is now in communication with the governments of Nova Scotia and Prince Edward Island in regard to the establishment of experimental farms in these provinces. It was also considering applications from parts of Quebec and from the provinces of Saskatchewan and Alberta. It was hoped that some definite arrangement would be reached this coming season as to where some of the new farms would be situated.

Wilbert Reeves, W. P., M. H. McIntosh and S. R. Cairns, Committee, have forwarded to the relatives of their late lamented fellow-Divisioner John W. Campbell, Charlottetown, the following:—"The affliction, whereby your home has been deprived of a dutiful son and loving brother, causes to flow to you the sympathy and compassion of the community and we the members of Harmony Division which your departed loved one was a useful and valued member, desire to give expression to our feelings of sympathy and sorrow. Our young friend has been cut down in the morning of life, upon the very threshold of this world's opportunities, but we rejoice in the hope that God in his goodness has called him to the enjoyment of the richest blessings of a better world. We pray the Heavenly Father to grant you strength and fortitude in your bereavement and commend you to the comfort of the Saviour who has said, Let not your heart be troubled ye believe in God believe also in me. In my Father's house are many Mansions.
