—There were 223 passengers going by the Empress yesterday and 30 returning.

—Wylie Clark, of Sydney paid a visit to his father S. H. Clark, Summerside Thursday.

—W. S. Ferguson, formerly of Summerside, but now of Sydney, paid a visit to Summerside yesterday.

—Misses Ethel and Louise McDonald who have been visiting in Charlottetown have returned to Summerside.

—Dr. Diamond of Newcastle, N. B., was in Summerside Thursday night on his way home from the exhibition.

—Miss Eleanor Compton, of St. Eleanor's has returned from an extended visit to his sister Mrs. Brittan, Roxbury Mass.

—The Guardian is pleased to hear that Rev. J. C. McLean is expected to arrive home today from the Charlottetown Hospital quite recovered.

—Miss Ethel Carruthers returned to her home in English yesterday, after a very pleasant visit in Summerside, where she was the guest of Miss Jessie Howatt.

—One year ago Thursday the great fire wiped out one third of the residential portion of Summerside destroying \$175,000 worth of property. Since then some important changes for better interest of the town have taken place. Prompt action was taken to install a modern system of waterworks and sewerage which is now well under way, and the fire department received considerable attention in the way of reorganization. During the past summer a brick freight shed has been built on site of old one where the fire started. The Court House is being built and a new armory will shortly be under construction. The Baptist and Christian churches are being rebuilt and the trail of the fire is being filled with some beautiful residences with much improvements on the pre-existing ones. The Summerside Electric Co. Ltd., have built a new power house and plant. Most other persons who were losers by the fire intend building on a larger and better scale than before. The prospects are that in few years Summerside will have completely recovered from her losses and again be one of the most progressive towns in the Maritime Provinces.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is, Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It thereby restores the foundation of the disease and gives the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure, and will refund the money.

Address: F. J. CHENEY, Co. Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.

Beautiful and Reliable Furs

That this is going to prove a "Fur Season" is evident from the great demand. That this old reliable house is, as heretofore, head quarters for reliable furs, is equally evident from our unusually large sales for this early season.

Our furs need little boasting—they speak for themselves—and our reputation for selling reliable guaranteed furs in the past, is now bearing good fruit.

We have as usual an immense range of all the best varieties such as Mink, Sable, Stone Marten, Marmot, Mock Fisher, Isabella Fox &c. in sets and separate pieces, at all prices; according to quality, up to the very best.

Our stock of ladies fur coats is up to our usual high standard, both in quality and style, and come in all the best kinds such as Persian lamb, Russian lamb, Seal Astrachan &c.

Our men's Coon coats are splendid. There is no question of values here, they simply cannot be equalled much less surpassed. Come in and prove this. You will also find the prices moderate.

We have a nice range of ladies fur-lined coats at different prices. If what you want is not among them, we will take your order, and have a coat made to your own choice. This is by far the best method, as you can then have the combination of style, cloth, fur and price you require, which is so hard to get in a ready made. Your order can be completed in about 10 days.

All visitors to the exhibition are cordially invited to come in and view our immense showing, which is certainly well worth a visit.

Enterprise Monarch Steel Range

It is said the proof of a pudding is in the eating. The proof of a range is in its working qualities—therefore try one and see; but before doing so, ask some of your neighbors or friends who have a Monarch in use to tell you what they think of it. Their verdict will be the same as that of hundreds of others, namely, that for Perfect Baking, Ease of Operation and Economy it has no superior.

Our absolute guarantee goes with every one. No expense or effort has been spared to have the MONARCH the most complete and perfect steel range made in Canada and we invite the most careful comparison. The price is low and within the reach of all. Fully illustrated circular for the asking. Write for one.
