Non-Electric Refrigerator

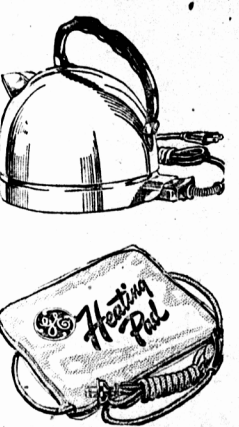

Operates on Kerosene, keeps food fresh, makes ice, saves work, operates for just a few cents a day—NO ELECTRICAL POWER NEEDED.

A small kerosene flame does the work in the famous SERVEL Refrigerator. It circulates the refrigerant that makes ice and cold. There is not a single moving part in the freezing system, none to make noise. Thus SERVEL performs faithfully, silently, efficiently. See them Now—in the appliance section.

Washers

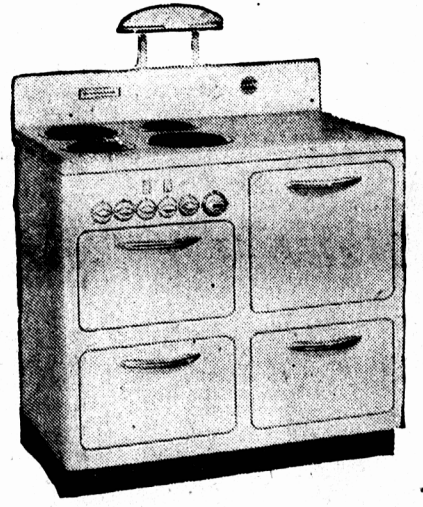

The demand for washers is still ahead of production, but we have them arriving at regular intervals. Drop in, and ask about—CANADA'S BEST WASHERS.
