Wear Those Shoes That Tortured You

CINCINNATI AUTHORITY TELLS HOW TO DRY UP A CORN SO IT LIFTS OUT

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

Soldiers Home Coming Campaign

The Emergency Call

Many organizations are willing to assist a deserving case. The Salvation Army is ready to assist in any emergency. That is why the Salvation Army's need for funds at this time must meet with whole-hearted response.

With the repatriation of 300,000 soldiers, notwithstanding all that the Government is planning to do to meet the needs of the men, countless problems will arise, problems of human need, problems that must be met and coped with AT ONCE. They are not things that can wait.

That is why the Salvation Army Emergency Homes are centres of such steady activity. When an emergency arises in the home of a soldier who has done his bit, there must be prompt response, however difficult the individual problem. Here are a few typical cases:

Husband, a discharged soldier, goes to another town to work. Fails to send money home. Salvation Army finds family helpless with no cash and no coal in house. Family all removed to Emergency Home, where in their two-room suite, suitably furnished and warm, they can exist in something approaching comfort until the breadwinner can help them. In an adjoining suite may be a mother and children on the way to rejoin father in another city. A missed train connection or any one of a hundred mishaps leaves them stranded for the night.

A room in a Salvation Army Emergency Home is seldom vacant for more than a few hours at a time, and with the crisis arising from the difficulty of re-establishing so many soldiers into civilian life, there must be no cessation in the work for lack of funds.

Salvation Army Million Dollar Fund THIS WEEK

And the Emergency Home work is just one small part of the work for which the fund is needed. The Salvation Army must provide comforts for the boys over there awaiting transportation home. The Salvation Army Hostels from France to Vancouver must be ready at all times to receive and entertain returned men. The soldier must be helped back to civil life; he needs a job; perhaps he returns to find his wife sick, and a friendly hand is needed in the home now and then. The Salvation Army visitors find ample opportunities for service, and they are instrumental in holding many a home together.

The soldier's child has the right to be well born, and there will be many an ex-soldier heartily glad that his wife can benefit by the attention of doctors and trained nurses at the Salvation Army Maternity Home.

Many of the boys will return to happy homes, homes well provided for. Difficult as it may be for even these men to accustom themselves to the old ways of living, their problem is simplicity itself compared with that of the soldiers and their families that the Salvation Army will be called upon to help.

And this help MUST be forthcoming. Our returned men must not be left to drift. It is the personal problem of the nation to-day, and every thinking man and woman is thoroughly grateful that there is an organization equipped to meet the crisis—an organization trained for this very work—an organization whose work is founded on sacrificial service—whose every ministration is prompted by such a love as that of the Good Samaritan.

Let your offering on behalf of the Homecoming Soldier be a measure of your sense of obligation to those who died for you on the battlefield.

"It is more blessed to give than to receive."
