

THREE YEARS' WORK IN P. E. ISLAND

Three years have just passed since Oxygen Therapy was introduced into P. E. Island. For the first half of that period the Oxyther was sold and for the remaining time the Farador, which represents the same system of healing placed on a more scientific basis.

When Oxygen Therapy was introduced many believed it would be short lived, but while it has not taken the island by storm the demand has been constant. More than three hundred people have purchased or rented these machines and in the great majority of cases the results have been little short of marvellous.

Hundreds of Island people, including prominent business men, clergymen, etc., strongly recommend the Farador. Ask for literature.

W. E. ENMAN, Farador Agent, 12 Alley Street, Charlottetown.

—SPRINGFIELD SCHOOL.—The standing of Springfield School, Lot 8, for the month of Dec. 1914 is as follows:—Grade VI.—1. Cora Foley, Grade V.—1. Jay Brooks; 2. James McLeod; 3. Beatrice Ellis. Grade IV.—1. Annie Easter; 2. George Moreshead; 3. Edna Ellis. Grade III.—1. Evelyn McDougall; 2. Eleanor Ellis; 3. Lorena Robertson. Grade II.—1. John Easter; 2. Mildred Easter and Howard Waite (equal); 3. Eva England.

—EXAMINATION.—The half-yearly examinations of the South West, Lot 16, school was held a short time ago in the school room. The examination was conducted by the teacher Miss Annie McEwen in the presence of a fairly large number of ratemakers who were perfectly satisfied that the pupils are being carefully instructed. At the conclusion of the examination a nice programme consisting of recitations, dialogues and songs, was delivered by the pupils. A feature, worthy of special mention, was a recitation by Miss Lulu McLean, entitled—"Aunt Jemima's Courtship." The singing of the National Anthem brought the proceedings to a close.—H.

—DEBATING CLUB.—At this season of the year, when people look for some harmless pastime to pass away the long nights, it is well to reflect a moment and consider if one could not provide some forms of amusements that would be at the same time diverting and instructive. Such were the reflections of those who a few years ago, organized together and started the Abram's Village Debating Club. And the great interest evinced by the members in attending to the weekly meetings this winter, is evident proof that the idea prevailing in the minds of organizers at the inauguration of this club, still reigns among many. The writer does not wish to impress that only the members of this club are conscious of the necessity of increased knowledge; no, not at all. The people of Abram's Village and of Egmond Bay in general are well on the alert to acquire enlightenment, and to keep up the spirit of progressiveness both in material and educational lines. They have their farmers' Institutes, Egg Clubs, exhibition, various life protecting associations, etc., but among all these associations the Debating Club is not the least important. It is at a debate that one can acquire learning and at the same time be a tutor. The members all learn and they all teach one another. It is at a debate that one can learn the art of speaking distinctly and fluently, and to convey one's thoughts in brief and well refined expressions. It is at a debate that one learns to respect the opinions of his fellowmen, to express in a convincing manner his arguments on such and such a question. An important feature of the Abram's Village Debating Club is that at each meeting a member is required to give a lecture on any subject he may have prepared during the previous week. These lectures, which are perhaps not equal to what we hear from professional lecturers are at the same time an instructive element, and may be for some the beginning of a series of lectures given by the speaker when in is professional career.—M.

—RESOLUTION OF SYMPATHY.—Branch 421 C. M. B. A., Grand River has passed the following resolutions of Condolence—That whereas it has pleased Almighty God to remove by the hand of death Mrs. ANGUS McDonald, mother of our esteemed Spiritual Adviser, Rev. John A. McDonald, also John H. Praught father of our esteemed Brother Leo P. Praught. Therefore resolved that we the members of Branch 421 C. M. B. A., do hereby tender to Rev. John A. McDonald and Brother Leo P. Praught our heartfelt sympathy in their sore bereavement. Further resolved that a copy of this resolution be spread on the minutes of the meeting and forwarded to the local press and to the Canadian for Publication.

—MT. CARMEL.—Mr. and Mrs. Octave Gallant, Mr. and Mrs. Joseph P. Arsenault and Mr. Benj. Poirier, Mr. Carmel, were the guests of Mr. Joseph C. Gallant, Abram's Village, on last Sunday evening. Mr. Sylvain Gallant of St. Gilberts, was employed two days at Mr. Adolphus Gallant's, Abram's Village, pressing hay. Mr. Francis S. Arsenault, Abram's Village, who is attending College in Upper Caracuit, spent his Christmas holidays with his parents. Mrs. Mathurin Gallant, of Abram's Village, has been engaged for the next term to teach in Cape Egmond school. Mrs. Gallant, who in former years held an unexcelled reputation as a teacher, is no doubt performing a commendable act in complying with the wishes of the ratemakers of that district, they having been without a teacher since the beginning of the school year.—M.

—CLINTON SCHOOL EXAMINATION.—The public examination of Clinton school was held on Dec. 23rd. Seventeen visitors present. The children of the Primary Department were examined first, and by their ready responses showed very careful teaching. A well prepared program was then given. Santa Claus arrived bringing gifts of cards and candies. The teacher Miss Carrie Easter was presented with a beautiful mirror and inkindness as a token of the goodwill which existed between teacher and scholars. The visitors, after expressing their satisfaction with the manner in which the scholars conducted themselves, departed for the Principal's department. The room as was that of the primary was exquisitely decorated. A Christmas tree laden with gifts occupied one corner. After the visitors were comfortably seated the scholars were examined in the different studies by their teacher, Miss Ruth MacGregor. After the classes, a delightful programme consisting of readings, songs and dialogues was delivered by the scholars. The parents etc. were well pleased with such a display of cleverness from the pupils, and congratulated Miss MacGregor on the manner in which they were trained. The Christmas tree was next rid of gifts, which consisted of prizes for attendance given to Theresa Woodside, Ruby and Harry Graham and Bertha Watts, also one for general proficiency awarded to Miss Ruth MacGregor. Cards and candies for each individual. One of the proofs of the esteem in which the teacher was held by her pupils was a beautiful standing mirror and inkindness delivered by the following address: Dear Teacher:—Xmas is drawing near and we feel that this is a very suitable time for us to show in at least some small way, the high esteem in which we hold you as teacher. Since you have come among us your incessant efforts for our welfare have given us a greater amount of sticktootiveness than we ever before possessed; and have made us more careful and assiduous in regard to our studies, and now realize the truth of Longfellow's saying when he wrote—The heights by great men reached and kept. Were not attained by sudden flight, but they, while their companions slept, Were toiling upward in the night. And now, dear teacher, thanking you for your many pains-taking efforts for our welfare and success, we ask you to accept this small token as an emblem of the love and affection of our young hearts, together with the best wishes for a Merry Xmas. Signed on behalf of the pupils of Clinton school. After Miss MacGregor had made a fitting reply she thanked the pupils for their generosity. Mr. Harrington on behalf of the visitors expressed pleasure and surprise in now rapidly the school was progressing. He thanked Miss MacGregor for the trouble she had taken both in instructing the children and in making the room attractive. After singing the National Anthem all took leave after wishing each and every one a Merry Christmas.

Deceased had been sick for some time but was improving and her recovery was expected. She ate her dinner and died shortly after, heart failure being the cause. Besides a sorrowing husband and eight children ranging from seventeen years to two weeks she leaves to mourn a father and mother, five brothers and five sisters namely Mr. and Mrs. Charles Sellick, Greenwood; Fred, Alberton; David, Greenwood; Ches, Lynn, Mass.; Simpson, and George, South America, and Harold Hackett, Fitzgah, were George Smith and Clara, Seattle, Wash. With few exceptions owing no doubt to some slight imperfections which must always be expected at first everything worked splendidly. The street lights are certainly a vast improvement.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS If feverish, bilious, constipated, give fruit laxative at once. Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Twitching of the Nerves Broken-down System

Now Entirely Cured—Never Used Any Medicine With Such Benefit as Dr. Chase's Nerve Food.

Headaches, sleeplessness and nervousness are often very disagreeable, but when your nervous system gets into such a condition that the nerves twitch and jerk, and you have peculiar sensations come over you there is cause for grave alarm. Everybody reads the thought of paralysis or locomotor ataxia. Nothing is worse to look forward to than helplessness. Sometimes it is helplessness of body, and at other times the mind is affected, which is far worse. The writer of this letter did not know what to expect, but fortunately began the use of Dr. Chase's Nerve Food in time to head off danger, and

writes that she was entirely cured of the old trouble. The last paragraph proves that the cure was lasting. Mrs. John McKellar, 11 Barton street east, Hamilton, Ont., writes:—"I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and suffered from twitching of the nerves and disagreeable nervous sensations. "I then began using Dr. Chase's Nerve Food, and can say that I never used any medicine that did me so much good; in fact, I am entirely cured of my old trouble. The Nerve Food not only strengthened the nerves, but also built up my system in every way." Under more recent date Mrs. McKellar writes confirming her cure, and states that she has had inquiries from many people who had heard of the great benefits she obtained from Dr. Chase's Nerve Food. Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50. At all dealers.

ment over the old kerosene light. They must prove of the greatest convenience to persons travelling at night, as the layer of ice covering the sidewalks rendered them positively dangerous. This attempt of the people of Alberton to keep pace with the other towns and villages of the Island is certainly deserving of the highest commendation and it is hoped that nothing will happen to bring about their discontinuance.
