Passed Final Exams As Chartered Accts.

The Institute of Chartered Accountants of Prince Edward Island have announced that Mr. Lorne Ives of Charlottetown (above) had been successful in passing the final examinations for Chartered Accountants which were written in October by candidates from all parts of Canada. Mr. Ives, the son of Mr. and Mrs. H. W. Ives of Charlottetown was born in Montague in 1917 and received his early education in the Montague School. Later he attended Prince of Wales College in Charlottetown, graduating from that institution shortly before the war. Early in 1939 he became a student in Chartered Accountancy being employed by D. F. Archibald, C.A., who at that time conducted an office in Charlottetown. Immediately upon the outbreak of war Mr. Ives resigned his position and enlisted in the Second Medium Battery (RCA) of Charlottetown. He proceeded overseas with this unit and subsequently served in the United Kingdom and the North West European theatre of war. Returning to Canada at the cessation of hostilities, Mr. Ives was discharged with the rank of Sergeant. He immediately joined the staff of Morrell and Company, Chartered Accountants, and since 1947 has been Senior Clerk in the Charlottetown office of that firm. In 1946, Mr. Ives was married to the former Mary Brown of Charlottetown.

Senator McIntyre Moves Gov't Compensation Bill For P. E. Island Employees

In the Senate chamber, Ottawa, on Dec. 1, Senator J.P. McIntyre spoke as follows in moving second reading of a Bill to amend the Government Employees Compensation Act: "Honourable Senators, the purpose of this bill is to provide, in accordance with the Workmen's Compensation Act of Prince Edward Island which was enacted on March 23 last, for determination of compensation for injuries to federal government employees in that province. "As honourable Senators know, previous to this year Prince Edward Island had no Workmen's Compensation Act. In all other provinces, when any employee of the federal government was unfortunate enough to suffer injury or contract some industrial or other disease which caused death or disability, compensation was paid by the Federal Government in accordance with the provisions of the law of the province in which the workman resided. "As, however, previous to this year Prince Edward Island was without a workmen's compensation law, when a federal employee was injured or disabled or his death was caused by an industrial disease, the compensation payable was determinable not by any law of that province but in accordance with the provisions of the Workmen's Compensation Act of New Brunswick, as provided for by section 4 of the Government Employees Compensation Act, passed by this parliament in 1947.

SENATOR MCINTYRE

Provision of Bill This Act provides that if personal injury or industrial disease is suffered by an employee of His Majesty in the course of his employment, compensation shall be paid to him on the basis of the Workmen's Compensation Act of the province in which the injury or disease is suffered. "Thus, if a federal employee were injured in Ottawa, he would be paid the amount specified for such injury by the Workmen's Compensation Act of the province of Ontario. These payments are to be made by the Minister of Finance. "This plan has been in operation in every province except Prince Edward Island; but now that Prince Edward Island has its own Workmen's Compensation Act, as passed at the last session of the legislature, the provisions of section 4 of the federal Act are unnecessary, and the repeal of that section is quite in order. "Therefore, all that this bill proposes to do is to repeal section 4 and to allow the Prince Edward Island Workmen's Compensation Act to apply as the basis of payment to an employee of His Majesty injured in Prince Edward Island, in the same way that the compensation Acts of the other provinces of Canada apply within those provinces. "I think this is good legislation, because if any employee of His Majesty is unfortunate enough to suffer injury or contract an industrial disease in the course of his employment in Prince Edward Island, it will no longer be necessary to refer to the Workmen's Compensation Act of New Brunswick in order to pay him compensation. "The motion was agreed to and the bill was read a second time.

OTTAWA, Dec. 4 — (CP) — Representatives of Canada's Young Progressive Conservatives Friday night discussed various methods by which they might play a more effective role in their party and the political life of Canada. The discussions were held during a day-long meeting of the Young Progressive Conservative Association that featured an address by George Drew, national leader of the party. E. D. Fulton, president of the association and member of parliament for Kamloops, said tonight that the executive felt the association had not been as "effective" in the past as it might have been. "But we are determined to make it more effective in the future," said Mr. Fulton. "We do not intend to be content with standing on the side and offering suggestions. We intend to aid in achieving success within and for the party." Mr. Fulton said the executive had not yet formulated any "concrete" plan for action. It was understood that some members of the executive were critical of the reluctance of older party members to make room for younger members and let them demonstrate their ability. Earlier today Mr. Drew told the meeting that it was his intention to build-up a Young Progressive Conservative organization "on a far more effective scale than ever before." He suggested that the association should set itself the objective of establishing Y. P. C. A. summer schools in every province next year to study the problems of the party on both a national and provincial scale. He also urged the setting-up of study groups. "Young Progressive Conservatives are not a separate branch of the party," said Mr. Drew. They are vital members of the broad party organization. Mr. Drew said the party is strong and was getting stronger with "fighting battalions" of a party doing organizational work in every province.

Trinity W. M. S. Afternoon Auxiliary

The Afternoon Auxiliary, W.M.S. of Trinity United Church, Charlottetown, met in the Social Hall on Thursday afternoon December 1, at 3 p.m. The president, Mrs. Gordon Avarid, presided and a large number of members and friends were present. The hall was nicely decorated, in keeping with the approaching festive season, by Mrs. Ruby Houle and Mrs. J.A. MacNair, who were in charge of the day's program. A Christmas tree, a centre table trimmed in spruce with a cross standing in the centre, two white candles on either side, and softly shaded lights made a very effective setting for the Christmas Service. Following the opening Worship Service, a short business period was held. As our watch word in every department, throughout the year, is "Advance", Mrs. Avarid extended a cordial invitation to those visiting to become active members. She also spoke of the Prince Edward Island Presbyterial, which meets in Hertz Hall and Trinity Church, on January 25 and 26, 1950, and urged all members to keep those days in mind and endeavor to attend the three meetings. Mrs. Morson, Community Friendship secretary reported one hundred and fifty eight visits made in November. The business period was followed with the beautiful Christmas Service taken from the Missionary Monthly with the theme: "Our Faith in Jesus Christ". Around the worship centre were grouped the leaders, Mrs. H.E.D. Ashford, and her assistants, Mrs. H.C. Rice, Mrs. A.B. Bagnall, Mrs. L.E. Bustin and Mrs. L.W. Saunders, who each in turn, lighted a candle of Faith in Jesus Christ. A group of ladies from Trinity Choir added very much to the Service, by singing several Christmas Hymns and Carols throughout the program. Two beautifully rendered solos, Silent Night, Holy Night, by Mrs. W.C. Watts, and "In the Bleak Midwinter Long Ago" by Mrs. Keith Henry, were much appreciated. A very inspiring meeting was brought to a close by singing "Joy to the World! The Lord is Come", and the Mizpah Benediction. Trinity Afternoon Auxiliary W.M.S.
