Andrew - Patton Wedding

The marriage of Miss Isabel Georgina Andrew, daughter of Mr. and Mrs. John B. Andrew, Belmont Lake Lodge, Charlottetown, to Mr. John R. Patton, son of Mr. and Mrs. Walter G. Patton, Amherst, took place Saturday afternoon at the home of the bride's parents.

Rev. George A. Christie performed the ceremony in the presence of relatives and friends. The house was beautifully decorated for the occasion with garden flowers.

The bride, who was unattended, wore a costume of peach silk lace, and carried an old-fashioned nosegay. Her little niece, Dorothy Andrew, daughter of Lieut.-Col. Fred. I. Andrew and Mrs. Andrew, acted as flower girl.

Mendelssohn's Wedding March was played by Miss Mary Ferguson, and Miss Lena McLure sang "For You Alone."

During the reception which followed the ceremony Miss Ferguson sang "I Love You Truly", and Miss Marion Thompson played several violin selections.

Mrs. Jonathan West poured tea and Miss Jean Rodd cut the cake. The following ladies assisted in serving: Miss Marjorie White, Miss Louise Andrew, Miss Marion MacWilliams, Miss May Hertz, Miss Doris Rodd, Miss Grace Harper, Miss Mildred Thompson, and Miss Hilda Bradley.

Little Shirley Allen of St. John opened the door and Miss Emma McNevin ushered the guests into the reception room.

Mr. and Mrs. Patton left for a motor trip to Cape Breton.

The bride's going away costume was of navy blue, with a coat of blue fox fur and with accessories to match.

The bride was the recipient of numerous and valuable gifts. These included: a bridge lamp from the Women's Institute of East Royalty, and a casserole from the Young People's Society of Trinity Church, Charlottetown.

On Thursday evening she was given a miscellaneous shower by the people of East Royalty and surrounding districts.

There were also many individual gifts.

On their return from their honeymoon trip, Mr. and Mrs. Patton will reside at Dartmouth, N.S. where the groom is chemist with the Imperial Oil Company.

Among the out of town guests at the wedding were: Mrs. H. L. White of Gladstone, Michigan, Mr. and Mrs. Leslie Allen and daughter Shirley of St. John and Mrs. Viney Timmons and daughter Jean of Minneapolis, Minn. Miss Nadine Reper of Truro.

The Guardian joins with many friends in city and country in extending heartiest felicitations.

World Peace Is People's Problem Speaker Declared

The League of Nations would succeed in establishing universal peace when the people took an interest in its activities and not leave peace efforts for the governments, Prof. C. H. Mercer told a St. Paul's Church congregation yesterday morning in the course of an address on "International Goodwill and the League of Nations". Prof. Mercer is teacher of modern languages at Dalhousie University, Halifax, and a past president of the League of Nations Society there. He is also a member of the National Council of the League of Nations at Ottawa and president of the Prisoners' Welfare Association.

In his address Prof. Mercer spoke on world peace in four dimensions, might, right, light and love. Under the heading "Might and Right" the speaker told how the League was concerned in the prevention of war through collective security by the imposition of sanctions and similar methods. The failure of the League in Manchuria and Ethiopia was not so much because the principles of the league were at fault as that the nations themselves did not back up the League in its efforts.

The League is the only way so far discovered for solving the problem of war and until a better way is found it should be backed up in its efforts, the speaker declared.

"Part of the proof is available in speeches and literature" of the Communist Party of America . . .

The American continued its article by stating "the final and conclusive portion of it (the proof to which it referred) has come in the form of a report in the July, 1936, issue of the "Communist International," official magazine of the Third International published by the executive committee of the Communist Party at Moscow. It is printed in the Russian language.

"This report was furnished, as a phase of his communist activities, by Earl Browder, executive secretary of the Communist Party of America.

"It is Browder's own avowal to the party chiefs at Moscow that orders are being implicitly and explicitly obeyed.

"Earl Browder is, of course the titular nominee of the Communist Party of America for president.

"The real candidate—the unofficial candidate of the committee—is Franklin D. Roosevelt.

"Browder himself is campaigning obliquely for Roosevelt's reelection . . ."

The American's article contains no statement indicating what President Roosevelt's attitude is towards communist activities in the campaign.

A MILLION MILES A YEAR To Serve You

In the Yukon's barren wastes, a dog-team crawls across the bleak landscape, a day of Aklavik . . . Way up in Northern Quebec a silvery plane glides to rest on a sparkling lake in front of a new gold camp . . . And on Cape Breton's rugged coast, within sight and sound of the pounding surf, a small car jogs and jolts along a little-travelled road . . . each carrying an Imperial man on his appointed round.

You want your "smokes" when you want them, and Imperial salesmen see that you get them whether you live in the wilds of the frozen North, on a deep sea trawler, or at an exclusive city club.

That is the saga of selling tobacco products. On blazed trail or boulevard, by Mackenzie River steamer or air-conditioned train, our men are on the road travelling each year more than a million miles throughout the length and breadth of Canada, visiting the nearly 60,000 outlets for Imperial Tobacco products.

Picked, experienced and wise in the likes and dislikes of smokers, this sales and advertising staff of ours numbers 219 men. Facing hardships cheerfully, they meet the events of the day with a smile—whether they be thrilling or prosaic, routine or extraordinary. And though dealers' problems differ, all call for assistance—so these men must be resourceful in reaching solutions, because the answers can't be found by looking in "the back of the book!"

We like to think of our representatives and the dealers as ambassadors of goodwill to you. On their efforts and sympathetic understanding of your wants and preferences depends so much of our success in pleasing you.

Italy To Seek New Loans From U. S.

(A.P. By Guardian's Special Wire) ROME, Sept. 20—(A.P.)—Italy hinted today to a desire for war debts refunding and new loans from the United States.

The new ambassador to Washington, Fulvio Surcich, probably will discuss Italian financial relations with the United States shortly after his arrival this fall, informed sources said.

The discussions would be based on two coordinated points:

1. Resettlement or refunding on a much lower scale of Italy's \$1,014,065,749 war debt.

2. The possibility of floating a new loan.

A BIG PRICE SPREAD

Sir:—A friend of the writer took some tomatoes to a store in this Province and asked "Do you want some tomatoes?" "Yes," said the Clerk, "we have none on hand." "How much are you paying?" asked the producer. "2 cents per lb." said the clerk. The sale was made. The producer was to call later for the baskets. When he returned, he noticed that the same tomatoes were on sale at 8 cents per lb. 300% profit! Is it any wonder farmers are thinking of co-operatives in selling and buying? I am, Sir, etc.

Fliers Abandoned Hope Of Rescue

EDMONTON, Sept. 20—(C.P.)—Flight Lieut. Sheldon Coleman and Aircraftsman Joseph Fortey, Royal Canadian Air Force men had abandoned hope of rescue and were waiting death when found by Pilot Matt Berry after being lost 30 days in the barren lands, Pilot Berry revealed over the week-end in a story copyrighted by the Edmonton Journal.

The veteran northern pilot said the R. C. A. F. men both of whom were formerly stationed in Nova Scotia had been lost when gasoline

drums and a spare motor in their airplane affected their magnetic compass. He paid tribute to the work of other Air Force pilots who combed the barren lands for weeks in an intensive search for the lost pair. Berry joined the search four days before the men were found.

Hospital Services

Some of our people do not seem to realize that the Prince Edward Island Hospital is doing a wonderful charitable work. Those who are able to pay are expected to, while those unable to pay are given just the same attention. It is not generally known that last year 209 free patients were given treatment, costing the Hospital \$15,146.00, or nearly 25% of the entire expenditure.

Surely these facts should be enough to show the very best reason for contributing to its support.

The Annual Collection for the Prince Edward Island Hospital will be taken during the first week of October.

There is great need of contributing friends to cope with the increasing number of free patients, and without the help of those who are able to give it will be impossible to attend to those who are unable to pay. Be charitable. L-6625-11.
