DEE-LIGHTFUL!—The Cape Town correspondent of the Sackville Tribune says: "One of the pleasantest sights imaginable is across the strait by the car ferry 'Prince Edward Island.'" On a bright summer day, when the breeze is gently stirring the waves, a brief journey to Port Borden and return is a real delight."

GRANVILLE ITEMS.—With the beautiful weather the crops are looking fine, especially grain, hay and apples. The road-master, Mr. Wm. R. Taylor, is now busy with the road machine. It is not easy to get teams to operate the machine. The Morris Bridge which was damaged some time with storm and high tides, has been put in good shape by the road-master. Mr. George Weeks has his saw mill going nearly every day, and a good deal of lumber is being brought in. Mr. William Hall is about completing an up-to-date hen-house for Mr. James E. Burgoyne. The ice-cream social in the Hall on the 26th was quite a success in numbers and finance. Mr. and Mrs. John H. Henry, of Hardisty, Alberta, are now visiting in Granville at the home of Mr. Henry's brother, Mr. A. K. Henry. The semi-annual examination of North Granville school was held on Wednesday, June 25, a good number being present. The school was examined by the teacher. Good work has been done during the last year. The following received prizes from the teacher: General Proficiency in Grade VI, Milton Burgoyne; general proficiency in Grade II, Earl da Taylor and Elaine Morris (equal); Taylor; Gertrude Mallett; attendance, Elaine Morris, 173 1/2 days. Mr. Benjamin Taylor, who has been overseas for the last four and a half years, has returned home, and is warmly welcomed by his many friends and acquaintances. "Beh" is looking exceedingly fine. Mr. and Mrs. Ira Mallett have moved into their new home which is a very comfortable residence. The store has visited Granville and left with Mr. and Mrs. James Taper a bouncing baby boy, and with Mr. and Mrs. Lester Chappelle a pretty little baby girl. Pearly Stream Division is holding regular meetings, and some are very interesting. Several new members are being added to the old. The Division was honored with a visit from an old member, Mr. George Campbell, who has been away for the past nine years. Mr. and Mrs. Thomas Farish, who have been staying in Granville for the last two years, have moved to Clinton. They will be greatly missed in Granville.

It is in Demand—So great is the demand for Dr. Thomas' Electric Oil that a large factory is kept continually busy making and bottling it. To be in demand shows popular appreciation of this preparation which stands at the head of proprietary compounds as the leading Oil in the market, and it is generally admitted that it is deserving of the lead.

Proper Exercise is Essential to Perfect Health. Ask your Doctor—he will tell you that without the right sort of exercise, the muscles become weak, soft and flabby instead of strong and firm.

The organs of the body will also perform their functions more naturally if healthy exercise is taken.

Open-air exercise is best,—the kind you get at Fishing, Golfing, Kodaking, Etc., Etc.

We have everything needed to make these sports healthful and pleasant,—right qualities at right prices.

KIND APPRECIATION.—Visitors arriving in Summerside and Charlottetown, and other points of the province, speak encouragingly of the great improvements being worked out to keep lawns, boulevards and homes neat and attractive. Nature this year has excelled herself in the richness of foliage in trees, plants and flowers, and with a little extra effort by each and all the "Garden of the Gulf" may be made more beautiful than ever. With hearty co-operation the Prince Edward Island Floral Association expects to have the best results and display of flowers by the end of next month than ever in its history. Let every one do their best to beautify their home surrounding and nature will do her part.
