Takes Peiping

Communist Gen. Yeh Chien-Ying, at the head of an honor guard, marched into Peiping to accept the city formally from the Nationalists. The Red forces rode in American trucks and jeeps and carried American rifles, bazookas and machine guns, all apparently captured from the Nationalists.

League of Nations; a peace treaty and a non-aggression pact with Finland.

She swallowed Latvia, Lithuania and Estonia in the face of treaties of peace, mutual assistance and non-aggression with each.

In 1942 Russia repeated her pledge to uphold the Atlantic charter in a treaty with Great Britain, specifically agreeing to collaborate after the war in a peace settlement based on its pledges of no territorial aggrandizement, and the right of peoples to choose their own governments.

In 1943 Russia pledged herself by treaty not to interfere in the internal affairs of Czechoslovakia.

There must be 50 of these cases in which Soviet Russia has shown an absolute disregard for her international agreements. She has stacked treaty on treaty, just as she recently suggested another one with the United States on top of the United Nations peace pact.

Under the circumstances, her offer of a non-aggression pact to Norway can only be considered a direct threat, and that is the way the Scandinavians are taking it.

But this time the small powers have an alternative which they did not have in the 30's. The Western Powers are offering an alliance designed to be so strong that it will prevent war by its unassailability. And for the first time in history the United States is throwing her strength into the pool before war develops, instead of afterward.

Stalin and Hitler used their pacts merely to hold the small countries still until they could be eaten at leisure. They made the term "non-aggression pact" an ominous one. The Kremlin can hardly be surprised if "defence alliance" sounds better.

PRIZE WINNERS

(Continued from Page 1)

the Junior Section were Doreen Cusack, 12, Tracadie Cross, a pupil at Glenaladale School and Niels Hansen, 12, 8 North River Road, Charlottetown and a pupil at West Kent School, who win respectively, a silver and a bronze medal.

As principal of the school which the senior Gold Medalist attended, Dr. G. D. Steel of Prince of Wales College, will be invited to visit Naval Establishments at Halifax and enjoy a short trip to sea aboard an H.M.C.S. ship, as soon as possible after the closing of the College. Lt.-Col. Leo MacDonald will have the same opportunity if the Provincial Junior winner should win the Junior All-Canada award.

The Judges of the contest in the Province were: Navy League representative, Hon. Mr. Justice Tweedy; R. C. N. representative, Capt. J. J. Connolly; author, Lt.-Col. K. S. Rogers; educationists, Dr. G. D. Steel, Prince of Wales College and Rt. Rev. R. V. MacKenzie, St. Dunstan's University.

BIRTHS, MARRIAGES, DEATHS

50c Per Insertion

BIRTHS

MACHON—At Montague Memorial Hospital on February 5th, 1949, to Mr. and Mrs. Ernest Machon (nee Evelyn Stewart) of Murray Harbor, a daughter, Janice Evelyn. Weight 8 lbs. 7 oz.

MARRIAGES

CLOW-MacPHERSON—On Feb. 3, at Trinity United Church Manse by Rev. Wm. C. Dudley, D.D., LL.D., Ella Jane MacPherson, Southport, to Ivan Wendell Clow, Charlottetown.

DEATHS

ROACH — At Malpeque Feb. 6, Mrs Sarah Roach aged 96 years. Funeral from her late residence Tuesday at 1.30 p.m., followed by service in Keir Memorial Church at 2 p.m. Interment Malpeque.

SPECIALS TODAY! Growing girls Red Rubber Soled Sandals. Men's crepe and rubber soled sport shoes, and workboots! Boys workboots ! ! LePage Shoe Sale (Queen St.)

AT GYRO—Last night's meeting of the Charlottetown Gyro Club was devoted entirely to business. Mr. Ev. MacFarlane was chairman. Plans were made for the Gyro dance Thursday night and it was decided to go ahead with a white elephant sale, although the date was not fixed.

LEFT FOR ARABIA — Mr. Leo Flood left New York on Feb. 3rd for Arabia where he has accepted a position as foreman with the American Mining and Smelting Co. of New York. He will fly via Lisbon, Algiers, Tripoli, Bengasi Cairo and Jedda. Mr. Flood is formerly of Kelly's Cross of this province.

CITY POLICE COURT — At the Stipendiary Magistrate's Court yesterday, a man charged with uttering a forged cheque was remanded for two days. Two drunk and incapables appeared, one being sentenced to 20 days in jail and the other fined $6 and costs or 10 days. A man charged with being drunk and disorderly was remanded for one week.

INJURED BY HORSE — Mr. Michael Dalton of Lake Verde was taken to the Charlottetown Hospital last night by ambulance after he was injured at his farm. It was reported the man met with an accident while using a horse and was dragged around the yard before getting clear. Extent of his injuries was not learned but it was reported that in addition to injuries some concern was felt since the man, a veteran of the First Great War, was suffering from a heart condition. He was taken to the City by an A.A. Hennessey Funeral Home ambulance.

RETURNS FROM

(Continued from Page 1)

new currency some time ago improved conditions a bit, he said. The destructive marks of war he found everywhere he went and little in the way of reconstruction seems to have been done. One thing Mr. Herr found everywhere was a firm belief in the inevitability of war between Russia and the West. When it comes the people are afraid that the Red forces will sweep across Germany with little resistance.

Mr. Herr himself knows nothing first hand of Hitler and National Socialism because Hitler had not made much impression on the German scene when Mr. Herr left Germany in 1930. But he said he could not see any evidence that any traces of it still exist in the part of Germany that he visited.

His father and mother had rather a hard time of it at the end of the war as the fighting went across their farm and their house was destroyed by artillery fire. After two or three years of living in their poultry house they managed to rebuild their home with the help of a son that lives with them.

Mr. Herr said that he was deluged with question from one and all about Canada. They were anxious to know, among other things, how he was treated during the war and Mr. Herr was happy to tell them of the kindness and tolerance of the Canadian people to himself, an alien in their midst, at that trying time.

Mr. Herr found trans Atlantic flying merely routine and all his time in the air was uneventful. Practically all the aircraft that he travelled in were full and there seems to be a lot of long distance travel by air.

Mr. Herr is very glad to be back in Canada and he says that there are not many people over there that would hesitate to leave Europe behind them if they had the opportunity.—S.

Takes Poll Of Television Set Owners

By Bob Thomas

HOLLYWOOD, Feb. 7 — (AP) — What do the people who own television sets think about television?

To get this information, I posed as a television repair man for a day.

The poll is not meant to be a scientific one, but I think it does show a representative cross-section of television viewers. Here are the questions and answers:

1. Do you like television?

Generally, the answer was yes. Several said, "I don't know what we did without it." One woman declared it was a godsend to her husband, a semi-invalid—"it made his life worth living."

On the debit side, a grandmother said she didn't look at it much unless there were younger folks around. A business man didn't care for it particularly, except for sports.

2. What don't you like about television?

One elderly woman said there was too much sports. A writer complained about lack of rehearsal and poor lighting. A student said too much emphasis was on entertainment, with none on thought-provoking features.

Other complaints, lack of good shows, technical disturbances, small screen. One woman groused that it ruins conversation.

3. Do you listen to the radio less often?

Nearly all said yes. One couple listens only to news commentators, which programs are generally lacking on video.

4. Do you go to the movies less often?

One woman said she hadn't seen a movie in a year and a half. How long had she owned a television set? "A year and a half." This was typical of the answers.

5. How has television changed your way of life?

The business man reported it has increased his liquor bill, since more people drop in. Another complained it "has made a theatre out of my home," for kids from all over the neighborhood.

COOKS for Photographs.

CONFEDERATION LIFE INSURANCE.

FIREMEN CALLED — Charlottetown firemen were called at 10 o'clock last night for a slight fire at Proud and Moreside's, Great George Street. There was practically no damage.

NAVAL BARRACKS MEETING — A meeting of the naval authorities with the City Council to discuss the Park site for the proposed Naval barracks will be called this week by Mayor MacDonald. One point for consideration by the Council, the Mayor states, will be the City's jurisdiction in the matter. In the meantime, detailed reports have been prepared for the Council's annual meeting, which takes places this evening.

FUNERAL YESTERDAY — The funeral of the late Seymour MacInnis of 165 Cumberland Street was held yesterday afternoon from the Cutcliffe Funeral Home. The service at the home and grave was conducted by the Rev. W. E. Dudley, D.D. The Odd Fellows held their service at the home. The pallbearers were W.B. Cullen, P. W. Turner, P. L. Smallwood, John Martin, James Vickerson, Robert Diamond. Interment was in the People's Cemetery.

TRINITY Y.P.U. — Trinity Y.P.P.U. held its regular weekly meeting in the Social Hall on Friday evening. Hon. Mr. Justice Tweedy concluded his series of Citizenship programmes with a quiz. The business meeting was then held. It was decided that there would be no meeting next Friday evening as the Y.P.U. are presenting their play in Heartz Hall. Recreation under the direction of the recreation committee was very much enjoyed. A lively sing song led by Malcolm Matheson followed by the devotional period led by Velma Burke and Malcolm Matheson brought the meeting to a close. Mary Morrison and Joyce Proctor were pianists for the evening.

PARTY LEADERS

Continued from page 1

for the United Kingdom Parliament to amend the British North America Act and bring the two countries together.

Opposition leaders expressed support and voiced heart-felt welcome to a 10th province.

Mr. St. Laurent, opening a debate which may carry through this week, declared that the terms of union, while they might appear to apply only to Newfoundland, will have "the effect of law for all Canadians," whether they live in the new island province or in any of the other provinces.

George Drew, Progressive Conservative leader, said Newfoundland developed from the "hard work and fortitude" of a "great people" and told the chamber it could not disregard the criticism which had been directed against the methods employed in bringing the confederation dream to fulfillment.

M. J. Coldwell, C.C.F. leader, said Canada and Newfoundland must work together to "develop the material resources of the island for the purpose of raising the standards of living".

Solon Low, Social Credit leader, gave his "unqualified" support for the principle of the legislation, but said he had some "misgivings" about the fact that there had not been a clear majority of the Newfoundland electorate in favor of confederation.

Defence Minister Claxton, who served as acting External Affairs Minister during the negotiations, described the union as one of the greatest historic steps in Canada's history.

At Night Session

At the night sitting speakers included A.M. Nicholson (CCF—MacKenzie), G.H. Castleden (CCF—Yorkton) and Clarie Gillis (CCF—Cape Breton South).

After they finished a bill based on the resolution was introduced and given first reading. Debate on the legislation will start tomorrow with the political leaders possibly participating again.

The Commons gave first reading to a bill to amend various Federal statutes to make them applicable to Newfoundland after the island joins Canada.

Members then turned to discussion of various Government resolutions on the order paper, including one to extend controls on rentals and steel.

Finance Minister Abbott said the Government plans to ask for an extension of price ceilings on rents, steel, certain types of timber, flour, bread and butter.

With interest centred on the Newfoundland legislation, there were few developments in the opening stages of the sitting.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill! Bony limbs fill out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special vigor-building, flesh-building tonic, Ostrex. Its tonics, stimulants, invigorators, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting *too* fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size *only* 60c. Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists.

School Board Estimates Approved

The regular monthly meeting of the City School Board was held yesterday afternoon with Dr. I. J. Yeo presiding. The estimates for 1949 as presented by the Finance Committee were approved. A large amount of routine business was transacted.

Mention was made of the fact that on Friday last Mr. D. B. Lusty, Organizer of the C.B.C. Maritime School Broadcasts spoke to the teachers of the City Schools in Rochford Square School about utilizing the radio programmes. Mr. Lusty stated that each class could probably not utilize more than three or four programmes, but for these there should be preparation of the class by the teacher, and a follow up discussion period after the broadcast. Mr. Lusty stressed the fact that radio broadcasts are time consuming and costly to produce, nevertheless they are well worth while, bringing recognized experts on the different subjects into all classrooms. Other countries spend large sums of money on this type of education. In the United States it has been incorporated into the formal educational system. Inspectors oversee radio work and expect reports from teachers on this phase of education. Miss Mabel Matheson, President of City Teachers Institute presided.

During the meeting appreciation was expressed that both officials of the City Firemen and Physical Fitness Department were present at the school sports in the Forum. It is hoped that commencing next September improved accommodation will be available in Prince of Wales College for pupils of the City Schools in connection with Domestic Science.

JUDGE TWEEDY

Continued from page 1

report, which is published below. The financial report was read by Lt.-Col. Leo MacDonald. Capt. J. J. Connolly read the Sea Cadets report and pointed out that, at his request, all visiting ships had thrown open their vessels to the Sea Cadets. As he was now relinquishing his office with the Cadets, Capt. Connolly suggested that this idea should be followed by his successor.

The secretary, Mr. J. E. Burnett, read a bulletin from Navy League Headquarters, announcing the establishment of a Maritime Museum at H. M. C. Dockyard, Halifax, the purpose of which would be "to collect under one roof, place on public display, and preserve for posterity, relics and documents pertaining to Canada's maritime history." Any museum pieces available should be reported to the Provincial Division and steps will be taken to supply shipping instructions.

PRESIDENT'S REPORT

Following is the text of President Tweedy's report:

"The year 1948 has been a very busy and interesting one for the Prince Edward Island Division of the Navy League of Canada.

"During the year nine meetings of your Executive were held and were very well attended. We were honoured on two occasions with the presence of our Dominion Secretary, Mr. H. R. Gillard of Toronto. Lt. Comdr. A. D. Raeburn, R.C.N.(R), Area Officer for Sea Cadets also attended several of our meetings, and, by his kindly interest, made a great contribution to the success of our work here. Captain A. P. Musgrave, O.B.E., R.C.N., Director of Sea Cadets, Ottawa, also attended one of our meetings, and by his wise counsel and advice helped us materially.

"Of course the highlight of the year was the inspection of our Sea Cadet Corps by Commodore A. M. Hope, O.B.E., R.C.N., on May 28th. Commodore Hope showed a real interest in each Cadet and was a great inspiration to our boys. Incidentally, our Corps was rated the best Sea Cadet Corps in the Maritime area.

"Another highlight for the Cadets was the Sea Cadet Camp at Camp Major, Nova Scotia, August 1 to August 14. You will have presented to you for your consideration the Report of the Sea Cadet Committee by Captain Connolly.

Rendered Great Service

"Captain Connolly is now the Commanding Officer of H. M. C. S. Queen Charlotte, so that he will not be able to continue as chairman of the Sea Cadet Committee. Captain Connolly rendered a great service while chairman of this Committee, and his place will be hard to fill. We are assured of Captain Connolly's continued interest and support.

"As is well known here, the major activity of the Navy League in this Province is the carrying on of the Sea Cadet program. We are very fortunate in having an excellent group of instructors who devote their time and talent to the instruction of our Cadets.

The following is the list of officers attached to R.C.S.C. "Kent":

Lt. R. Morris, Commanding Officer.

Lt. L. Grant, Supply Officer.

Lt. R. Hennessey, Bandmaster.

Lt. J. Smallwood, Sub-Lt. N. MacDonald, Divisional Officers; Mr. Cummings, Instructor.

"We are also greatly indebted to Staff Officer Lt. M. J. Weymouth, R.C.N., H.M.C.S. 'Queen Charlotte', for his great interest in our Sea Cadets and for his co-operation at all times.

"Your President was able to attend his first meeting of Dominion Council at Winnipeg April 17 et fol. This meeting proved of great inspiration and real value.

Essay Contest

"Our Division also co-operated in the Navy League of Canada's National Essay Contest. I wish to pay tribute to those who took part in the contest. The essays received, while few in number, were all of a very high calibre. The task of making the awards was a very difficult one indeed for the judges.

"The judges of the contest in this Province were:

Navy League Representative, Hon. Mr. Justice Tweedy.

R. C. N. Representative, Commanding Officer H.M.C.S. "Queen Charlotte", Captain J. J. Connolly.

Author, Lt. Col. K. S. Rogers.

Educationists, Dr. G. D. Steele, Prince of Wales College, Rt. Rev. R. V. MacKenzie, St. Dunstan's University.

"I wish to thank those judges on behalf of the Navy League.

"The following list of ships visited the port of Charlottetown during 1948:

HMCS "Swansea", Lt. R. Timbrell, DSC, 29 June-1 July.

HMCS "Haida", Lt. Cdr. A. Pickard, OBE, 27-28 July.

HMCS "Nootka", Cdr. A. Storrs, DSC, 18-20 Aug.

USS "Fresno", Capt. W. Michelet, USN, 20-23 Aug.

HMCS "Swansea", Lt. R. Timbrell, DSC, 20-23 Sept.

HMCS "Magnificent", Comm. G. Miles, OBE, 14-18 Oct.

HMCS "Haida", Lt. Cdr. A. Pickard, OBE, 14-18 Oct.

USS "Burke", Lt. Cdr. C. Johnson, USN, 15-17 Nov.

USS "Weiss", Lt. Cdr. J. McGrady, USN, 15-17 Nov.

USS "Berdo", Lt. Cdr. E. Gibson, USN, 15-17 Nov.

USS "Schmidt", Lt. Cdr. G. Dawson, USN, 15-17 Nov.

USS "Carpelloti", Lt. Cdr. V. Rountree, USN, 15-17 Nov.

"The usual courtesy calls were exchanged between the commanding officers and your President. Entertainment was also provided for the officers and men while in port.

Membership Campaign

"It is the intention of your Executive to put on an active campaign for membership in the Navy League. A nominal fee will be charged. By so doing, it is hoped that greater interest will be stimulated in the work of the Navy League, particularly in its efforts with the Sea Cadets. This is primarily a youth movement, because we realize that the training of young citizens is more important than technical training even for Naval Service.

"The Charlottetown Branch of the Sea Cadets is open to all classes of boys from 14 to 17½ years of age. We hope and trust that no boy in the City of Charlottetown is denied the benefit of Sea Cadet training. Our quota can be any size we wish to make it. It was 50, then raised to 100, then reverted to 50 again together with a band. Our activities, too, may be such as we wish.

"In these days when we hear so much about juvenile delinquency, one would think that parents of boys within this age group would be only too anxious to see that their sons received this special training and discipline. Across Canada there are at least 800,000 teen age boys, yet there are only about 7,000 boys members of a Sea Cadet Corps.

"The aim of the instructors here is to make the corps so attractive that boys will want to join and parents of boys will want their sons to join. I feel we have here a great opportunity for service among the youth of our city.

"I wish to very sincerely and earnestly on your behalf thank our Secretary, Mr. J. E. Burnett for all the time and energy he has put into this work. Mr. Burnett is a young lawyer who has to make every minute of his time count. It is refreshing therefore to find him so able and willing to devote his time and energy to this great work. I wish also to thank your Executive for their courtesy and consideration at all times.

"The Press, too, has been very generous and sympathetic. I sincerely hope and trust that the work may go forward with added impetus during the year 1949."

SEA CADET ACTIVITIES

The following report of Sea Cadet activities was submitted by Capt. Connolly:

"The beginning of the Sea Cadet year coincided with that of the school term with an average of forty Cadets attending drills. Drills were held during the Fall and Winter months comprising Squad Drills, Signals, Boat Work, Anchors and Cables, Knots and Splices, etc. The R. C. M. P. showed several very instructive as well as entertaining Motion Pictures on life in the Far North.

"On May 28, 1948, the Corps was inspected by Commodore A. M. Hope, R.C.N., and as a result of the inspection we were rated the best Sea Cadet Corps in the Maritime Area.

"The Annual Sea Cadet Camp was held at Camp Major, Nova Scotia, from August 1st to August 14th with forty cadets attending under command of S/Lt. R. Hennessey, and from all reports made a very fine showing. Cadet L. Sweeney won the prize for the best all around Sea Cadet, and the Whaler Crew under L/Cadet Woods took all prizes for boat work and Seamanship. The Corps was also runner up in the Rifle Shoot and many other competitive events.

"After Camp activities were suspended for three weeks and in Sept. training again began with an increased compliment of 100 and two new Officers. At the present time training is in full swing with the Cadets enthusiastically participating in the drills as well as hockey and basketball.

"During the year we had several visits from the President and members of the Navy League.

"Captain Musgrave, R.C.N., Director of Sea Cadets, made an informal inspection of the Corps on November 12, 1948.

"Lt/Cmdr. A. D. Rayburn, R.C.N. (R) visited the Corps on the average of once a month."

Fishing Trout Out Of Season

Yesterday afternoon the game officer of the R.C.M. Police, Charlottetown and the N.C.O. in charge Montague Detachment teamed up and went on a blitz through southern Kings county.

During the course of patrol operations five persons were caught in the act of fishing trout out of season, two of them a man and his wife recently arrived from the States. A number of good sized winter run sea trout and a quantity of fishing equipment were seized by the officers and the owners notified to appear in court. The offenders hailed from Cambridge, Lower Montague and Maryland, U.S.A. It is understood that all stand liable to prosecution for three seperate offences under the Game Act: fishing for trout out of season, fishing for trout through the ice and angling without licenses.

Royal Canadian Mounted Police have launched a drive to put a crimp in the practice of catching trout before the season opens. The season on trout opens on April 16th.

Reviews Community Concert Activities At Rotary Luncheon

Charlottetown was one of the first cities in Canada to adopt the organized audience plan of bringing ranking artists here for their entertainment, said Mr. Russell Simmons, New York, representing the Community Concert Association, in his address to Rotarians yesterday. That was in 1931, today there are 1051 Community Concert cities and towns in Canada and the United States. Many different plans have been tried, but the only one which has proved itself altogether satisfactory is the one whereby the tickets for the series are sold in advance and the artists and number of concerts selected in accordance with the funds available.

Charlottetown last year had a membership of 865. A waiting list has also been growing due to the limited accommodation. Mr. Simmons said as far as the Community Concert Association is concerned, the situation in Charlottetown is a happy one.

A film featuring six of the Community artists was shown.

The amount of $25.00 was voted by the club to assist in putting on a dance in the Legion hall for the entertainment of displaced persons. Col. K.S Rogers in moving the motion said that the 70 displaced persons in the province were now on farms. Many of these people are professional men, scientists, business executives, and university graduates. They are anxious to make good in Canada and are rapidly learning English. Rotary as an International organization would fulfill one of its most important objects by assisting in this work and becoming acquainted with these people and assist them in every way to become good citizens.

Rotarian Frank Storey asked the assistance of club members in the forthcoming "March of Books". He said there is a great need of books in Europe to replace those destroyed during the last war. Books giving information on technical subjects were particularly required. Arrangements had been made for the Boy Scouts to assist in the collection.

Chairmen yesterday were Rotarians H.E. Hyndman and T. W. L. Prowse.

Funeral Yesterday Of Mr. Daniel Morrison

Showing the esteem in which he was held, a large number of people paid their last respects at the funeral of the late Mr. Daniel Morrison yesterday afternoon.

The deceased, who passed away at the Prince Edward Island Hospital on Saturday, was well and favorably known throughout the Province. For upwards of fifty years he had been employed at Bruce Stewart and Co., Ltd., and for the latter 25 of them had been plant superintendent. In 1942 he rose to the vice presidency of the firm.

A member of the I.O.O.F., Mr. Morrison was also a Past Master in this fraternal organization.

Surviving are his wife and one adopted son, who, together with a host of friends, will mourn his passing.

Funeral services were held at the MacLean Funeral Home, conducted by Rev. Dr. Dudley and Rev. Dr. Rice of Trinity United Church. The Odd Fellows service was also conducted by Messrs. George Ryan and Robert Compton with members of the organization attending in a body.

Honorary pallbearers were: Lt.-Col. C.L. MacKay, J.P., Crockett, Ewen Anderson, J.A. Webster, J.A. MacNair, Ambrose Seller. Active pallbearers were: Athol Burns, Harold MacLean, Percy Acorn, J.T. Martin Malcolm MacMillan, Warren Houston.

NINE-FOOT CLOCK

OSLO — (CP) — A nine-foot clock, one of the largest in northern Europe, was recently mounted on top of Bislett Stadium here. Case and mountings were manufactured in Norway and the mechanism was a gift from a Swiss watch firm.

Jr. Commerce Chamber Reorganizes In Ch'town

The local Junior Chamber of Commerce was reorganized last night at a well attended meeting held in the City Hall, presided over by Mr. Earl Nicholson. Election of officers will take place at a meeting scheduled for next Monday night, at which it is hoped to have an even larger representation present. The former Junior Chamber of Commerce ceased its activities here in 1947 when its members amalgamated with the Senior Board of Trade.

Mr. George Henderson, of Montreal, national chairman of the Extension Commission of the Canadian Junior Chamber of Commerce who is at present organizing like chambers throughout the Maritimes, was introduced by the chairman.

After expressing his appreciation for the fine attendance he went on to give a resume of the history of the organization. The first Junior Chamber was formed in St. Louis, Missouri, in 1915 and since then has grown to such an extent that it is represented in 40 nations. The first organization was formed in Canada at Winnipeg in 1923, and since that time growth throughout the Dominion has been rapid.

Touching on the Maritimes he said that at the start of the year there were six units in operation. Already this year one has been added at Shediac, N. B., and is growing rapidly.

Junior Chamber of Commerce is a non-political, non-sectarian body, the speaker explained. The age limit was from 18 to 36 and the local branch would become members of Region No. 12 which embraces the Maritimes and Newfoundland.

The organization has already proven its worth, he said, giving as one example the fact that last year the Foreign Exchange Control Board had given the Junior Canadian Chamber of Commerce credit for bringing into the Dominion more than one million dollars in foreign currency.

In closing Mr. Henderson emphasized the need of the members always co-operating to the fullest with the Charlottetown Board of Trade, the senor organization. He also suggested the members getting together and aiming at a large membership and getting interested in civic and community affairs.

Mayor Commends Movement

His Worship Mayor B. Earle McDonald felt that the move would be a splendid thing for the younger men of the City. At present these men are not getting a chance to express themselves and a move such as this one would prove beneficial. He warned the members not to expect "any wonders at the start," but he was confident the organization would grow steadily. He recalled when he himself had been a member of the Chamber of Commerce in 1937 and at that time its members used to attend meetings of the City Council in a body. That could be one aim of the new group, as the speaker felt that citizens were not taking nearly enough interest in Council meetings, judging by the few that are in attendance.

His Worship assured the meeting of the fullest support of the City Council. At the present time, he said a room is being fitted up in the City Hall for the holding of such meetings as this one, and the Junior Chamber of Commerce could have full privileges.

Mr. Walthen Gaudet, secretary of the Charlottetown Board of Trade, stated there was a definite place in the City for a Junior Chamber of Commerce. He went on to tell of the 1937 organization, to which he had belonged and which had ceased to function in 1947 owing to members being over the age limit. In this respect he urged his listeners to stress the age limit being held at from 18 to 36. He also urged the members to distinguish closely between the name of Junior Chamber of Commerce or Junior Board of Trade. There was a difference between the two bodies, he said, with the former stressing self-development and the latter community work. The Junior Chamber of Commerce however had done fine work in the past and he cited one accomplishment in particular, the inauguration of oratorical contests in the Island schools.

In closing he told the meeting that the Board of Trade would do all in its power in assisting the new organization.

Mr. Frank Curtis, President of the Charlottetown Board of Trade, told his listeners that the Board which he headed was enthusiastic over the movement and at its last council meeting had passed a resolution expressing fullest support of the new body.

WESTERN GUARDIAN

— PLEADS GUILTY — George McDonald, 17, of Summerside pleaded guilty to a charge of theft in the County Court Judge's Criminal Court in Summerside yesterday before Judge L.G. Lewis and was sentenced to twelve months in jail. McDonald had been caught in the jailor's office of the Prince County Jail about two o'clock one morning by Cst. Walpur of Summerside detachment R.C.M.P.. Another man got away. —S

Alberton Credit Union

The postponed annual meeting of the Alberton Credit Union was held in the Town Court House Friday, February 4, at 1.30 p.m., with the President, John Wallace, in the chair and Howard Hogan, Secretary. Mr. Leo Corcoran, Provincial Auditor of Charlottetown was present.

The annual statement was read and adopted. It showed the Credit Union in a healthy financial condition, as regards both deposits and loans. Membership now stands at 125.

A new slate of officers were elected as follows:

President — W. B. MacLellan.

Vice President — Stephen Burke.

Secretary Treasurer — Mrs. Everett Shea.

is on the march in every part of Canada."

OTTAWA, Feb. 7 —(CP) — Prime Minister St. Laurent, commenting on the Nicolet-Yamaska by-election, said tonight that for the Liberal Party the significance was that "unity means victory and division means defeat."

The Prime Minister made the following statement:

"The defeat of the Liberal candidate in Nicolet-Yamaska is as disappointing as the recent victory in Laval-Two Mountains was encouraging.

"The significance of the two results is that, for the Liberal Party, unity means success and division means defeat.

"I am just as confident as ever that the majority in Quebec and in the rest of the country is Liberal, and I am equally convinced that we Liberals can win whenever and wherever we work together as a team.

"As was stated in the House of Commons by one of the honorable members (M.J. Coldwell, C.C.F. leader), a few minutes ago, we should not forget that one swallow does not make a summer".
