Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the natural performance of their functions.

Accept no substitute for Hood's. "My appetite was gone; nothing tempted me to eat, and what little I did eat felt annoying and unpleasant in my stomach. I tried many remedies without any benefit whatever. Finally, Hood's Sarsaparilla having been recommended, I began its use. After taking one bottle my stomach would retain food, and my appetite began to improve. After taking three bottles I was completely cured." WILLIAM ROSS, Wellington street, Sarnia, Ontario.

Hood's Sarsaparilla promises to cure and keeps the promise.

Everybody knows how eloquent Rev. J. W. McConnell B. A. can be when on a patriotic subject. His new lecture "The Story of Napoleon and the Battle of Waterloo," gives him great scope, and he has taken full advantage of it. Hear him in the First Methodist Church schoolroom next Thursday night April 14th.

The Guardian is requested by Mayor Kelly to state that a meeting of the citizens interested in the purchase of—or reopening of the Hotel Davies will be held in the Council Chambers this (Saturday) afternoon at 4 o'clock. It is desired that a large attendance of citizens will be present as the matter is urgent.

Miss Constance Arnaud, daughter of F. H. and Mrs. Arnaud, formerly of Charlottetown, P. E. I., was married at 9.30 o'clock (Wednesday) morning to Albert Shorey, member of the large wholesale firm of Shorey & Co., of Montreal. The ceremony, which was quiet, owing to the unavoidable absence of the bride's parents, took place in the fashionable Church of St. James the Apostle, St. Catherine street west, which was very prettily decorated. Rev. Canon El egod officiated.

JAMES PATON & Co. are to be congratulated upon their success in having won eleventh place in a recent advertising competition conducted by a large U. S. manufacturing concern and open to Canada and the United States. The judges were Lord & Thomas, the great newspaper advertising agency of Chicago, and the Charlottetown firm had as their competitors many of the leading mercantile firms of America. James Paton & Co have always taken a leading place in Island advertising and those who have watched the skill and judgment their advertising man, J. A. McLaren has always displayed will not be surprised at their success.

A WRITER to the Wolfville Acadian contributes a valuable letter on the horticultural industry. In part he says that "black knot" can be controlled and practically exterminated is beyond controversy; yet nineteen out of twenty of our plum growers allow the knot to propagate and scatter from year to year until most of the trees are entirely worthless, and should be cut down and burned. Speaking of new varieties of apples the correspondent remarks that "Mr. Peck also introduced a new apple, the Arctic, originated in Maine, U. S. A., which gives promise to superior excellence as grown there. Mr. Peck is an extensive grower of nursery stock himself, and buyers dealing with him can be sure of fair treatment, as he not only knows his business but regulates it by a Christian conscience".

MOORE & McLEOD.

One of the enterprises that must engage the attention of Canada in the future is the "open door"—the S. R. of Belle Isle. The eastern provinces are particularly interested in closing out the cold Arctic currents that enter the Gulf of St. Lawrence by that passage, carrying with them the icebergs of the frozen north, chilling the atmosphere and the water, causing fog, late springs and general dreariness. With this northern door closed there is no reason why ships could not reach Quebec in winter, grapes grow in Anticosti, peaches in Prince Edward Island and tomatoes in Cape Breton, all in the open air.—Montreal Exchange.

SPECIAL NOTICES.

The care of children's eyes is a matter of the utmost importance. Few parents realize their responsibility in this matter. Many a poor child has spent years of misery at school, been called dull and stupid simply because of some eye defect which made school work next to impossible. Read G. F. Hutchinson's ad. in this paper. It states some startling facts, emphasizing this most important matter 21 d w 11
