FIRE AT HOLMAN'S - Fire, possibly caused by defective wiring, broke out in the nickle bar in the department store of R. T. Holman Ltd., Summerside about 11:15 P. M. Saturday night. The automatic sprinkler system set off the alarm. The fire was inside the back part of the bar next to the wall and the framework had to be pried from the wall to get at it. Firemen were then able to extinguish it with hand extinguishers. However, considerable damage was done to the bar itself by the chemicals and water from the sprinkler. There was probably also some damage from smoke which filled up the five and ten department and the furniture department upstairs. Steel doors and a brick wall prevented the smoke from spreading through the rest of the store.

PERSONS who take an interest in Federal politics have decided to keep a close watch on the actions of Quebec Liberal members of parliament who voted against the Government on the confidence vote Friday.

A total of 35 Quebec members, most of them Liberals, voted against the Government in protest against the passage of the ordinance authorizing the sending of 16,000 home defence troops overseas. The Liberals gave no indication that they plan to quit their party, and the Government likewise has given no indication of whether it will allow these men to stand as official Liberal candidates in the next Federal election.

There have been cases in the past where the Government, because the sitting Liberal member did not give the Government sufficient support, nominated a man to stand as official Liberal candidate at the next election.

Looking Ahead Nobel Prizes In Ottawa Are Presented

By The Ottawa Staff of The Canadian Press OTTAWA, Dec. 11 - (CP) - Now that the special meeting of parliament and cabinet discussions over nominations have ended, Prime Minister Mackenzie King has an accumulation of matters to attend to.

One of the important decisions he has to take is whether to appoint another air minister in place of Hon. C. G. Power who resigned and, if so, whom to appoint.

For the sixth year there was no peace prize. Recipients of the prizes were: Physics - Dr. Otto Stern, Carnegie Institute of Technology, Pittsburgh; Chemistry - Dr. Hermann Staudinger, University of Zurich, Switzerland; Medicine - Dr. Edward A. Doisy, St. Louis University School of Medicine and Dr. Henrik Dam, University of Copenhagen, Denmark.

Other winners who were not present, were Johannes V. Jensen, Danish author living in Copenhagen, who won the 1944 literature prize, and Dr. George Hevesy, Hungarian scientist living in Stockholm, who won the 1943 chemistry award.

Speakers at the forum tonight included Kent Cooper, executive director of the Associated Press, Editor Kobak, president, Mutual Broadcasting System and Darryl F. Zanuck vice president, 20th Century-Fox Film Corporation.

It is considered unlikely, however, that the Government will take such action in the cases of all Liberals who opposed the confidence vote.

How some sources in parliament circles believed that the formation of a new party of Quebec members may be in the offing as a result of the move Hon. P. J. A. Gardin, who resigned his Works Minister portfolio in 1942 over the conscription issue, was reported to be considering suggestions that he head a new party. Mr. Gardin has been non-committal on his plans.

In general, Mr. Houde's campaign has been a request for a vote of confidence that he says would show that residents of Montreal believe he was right in opposing National Registration in 1940 as part of his "no conscription" program. Mr. Raynault has campaigned on his record as mayor during the last four years.

Mr. Houde introduced a new note late last week when he claimed that Mr. Raynault was a member of the secret Order of Jacques Cartier and at the same time had advertised in a Masonic publication which Mr. Houde said was open only to free Masons. He asked if Mr. Raynault was spying on the Order of Jacques Cartier for the Free Masons.

Mr. Raynault replied that he knew many Free Masons - "and esteem them highly - they include the majority of the King but I am not myself a member of the Masonic Order or of the Order of Jacques Cartier."

Mr. T. D. Bouchard has charged that the Order of Jacques Cartier is plotting to establish an independent French and Catholic state in Canada.

7th Proclamation To German People

NEW YORK, Dec. 10 - (AP) - A proclamation issued today in the name of Gen. Eisenhower asked the aid of the German people "in routing out active Nazi individuals" and warned them to avoid "unpleasant consequences" with secret Nazi efforts to obstruct the Allied Military Government.

The proclamation, reported by the United States Office of War Information, was the seventh in a series explaining Allied plans for Germany. It told the German people that under Allied Military Government their right to their own property would be respected, but that they would not be permitted to retain what rightfully belongs to others.

The Germans were told that their first duty was to remain "peaceable and orderly" and to continue their daily occupation if they were engaged in a lawful pursuit.

Carnegie Grants To Universities

NEW YORK, Dec. 10 - (CP) - Grants to two Canadian institutions, the Queen's University (Kingston) and the Summer Session Language School at the Canadian Library Council, were reported tonight by the Carnegie Corporation of New York.

The report appeared over the signature of the late Walter A. Reuther, president, who died last July but who had previously completed the document which announced total grants during the year of 1944-45 of \$5,774,215, including a \$5,000,000 grant to the Carnegie Institution of Washington.

The grant to the Library Council was \$20,000 while the president reported a grant of \$5,000, payable at the annual rate of \$2,000 from 1945 to 1948, to Queen's University Language School.

G. S. Buntain Re-Elected To Holstein Ass'n

Granville S. Buntain, Rustico, was re-elected as the Prince Edward Island Representative for 1945 on the Board of Directors of the Holstein - Friesian Association of Canada, according to word received from G. M. Macdonald, Association Secretary, Brantford, Ont. Mr. Buntain was chosen through the medium of a ballot held by the members of the Association resident in this province. It is his second year of office.

Other Directors elected were: W. H. Hicks, Agassiz, B.C.; J. W. Hooper, South Edmonton, Alta.; R. E. Stewart, Regina, Sask.; L. J. Breighton, Union Point, Man.; C. L. Goodwin, Yorkton, Sask.; W. A. Hooge, St. Laurent, Que.; Hon. L. Courville, Ile d'Orleans, P. E. I.; and Courtney B. Lusby, Ambler, N.S. Much Interest In Montreal Civic Elections Today

MONTREAL, Dec. 10 - (CP) - Montreal will decide tomorrow whether it wants to retain its present mayor or replace him with a former chief magistrate, while at the same time citizens will decide whether the term will be for two years or three.

A total of 102 men are contesting 48 aldermanic seats - 12 of the seats open went by acclamation, but the real interest has centered around the mayoralty fight between Mr. Raymond, present incumbent, and Camille Houde, who was released last summer after spending four years in an internment camp.

Both men have already served three terms as mayor, and Mr. Houde was in the midst of a fourth term when he was interned in 1940 after urging citizens not to comply with national registration regulations. The two have been opponents since 1936, when Mr. Houde defeated the victor in 1936. He did not run in 1938, when Mr. Houde was re-elected for a term he did not complete.

On another ballot, voters will record their preference for a two-year or three-year term for the mayor and council. The Provincial Legislature at its last session ruled that the usual two-year term could be extended to three in any municipality if a referendum showed that such was the wish of the electorate.

In general, Mr. Houde's campaign has been a request for a vote of confidence that he says would show that residents of Montreal believe he was right in opposing National Registration in 1940 as part of his "no conscription" program. Mr. Raynault has campaigned on his record as mayor during the last four years.

Liquor Racketeers Active In Montreal

MONTREAL, Dec. 10 - (CP) - Edward Rivard, secretary of the Quebec liquor commission, said in an interview Saturday that racketeers are buying up liquor in Montreal and are creating "an alarming situation."

"We are facing big competition from racketeers who, through false permits and registration cards, buy up all the good imported liquor, every day as soon as stores open," he said, adding that the liquor later was re-sold at greatly-increased prices.

"We are doing our best to cope with a situation that threatens to limit the public's normal supply."

Motion Picture Actor Passes

LOS ANGELES, Dec. 10 - (AP) - Laird Cregar, 28, massive motion picture character actor, died Saturday night after being stricken with a heart attack.

The actor underwent an abdominal operation last Monday after being away 10 of his 300 pounds. His physician said he rallied from his heart attack when placed in an oxygen tent but later took a turn for the worse.

Before achieving Hollywood fame, Mr. Cregar experienced days when he had difficulty earning enough to nourish his six-foot-three frame. He was born Samuel Laird Cregar in Philadelphia July 28, 1916, of Scottish and English ancestry.

His success in a stage presentation of "Oscar Wilde" won Mr. Cregar numerous screen offers and the actor signed with 20-Century-Fox. He first appeared in "Hudlow" with Paul Muni and his other pictures included "Blood and Sand," "Charlie's Aunt," "Hot Spot," "This Gun Will Kill," "The Sign of the Cross," "Holy Matrimony," and "The Lodger." He had just completed "Hangover Square."

The Japanese said two B-29's from Saipan hit the Nippon capital Sunday night (Tokyo time) with "many incendiary bombs" that started fires which were "immediately put out."

Tokyo said the raiders "fled" in the face of a heavy anti-aircraft artillery barrage.

The Japanese reported Superforts also visited western Japan Saturday night and Kyushu Island and Korea Sunday morning, Tokyo time.

Expecters Germans To Last Till Next Fall

NEW YORK, Dec. 10 - (AP) - Don Whitehead, Associated Press war correspondent just returned from the western front, said tonight he thought that Germany would not be defeated before next fall.

Speaking on the radio program, "We The People" (CBS), Whitehead added: "I also think that the German people won't track because they aren't organized to overthrow the government. They work and fight together because they have to. Yet among those Germans inside our lines there is no community spirit binding them together."
