Digby, N. S. Minard's Liniment Co., Limited. Gentlemen,—Last August my horse was badly cut in eleven places by a barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial result. At last a doctor advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working. JOHN R. HOLDEN. Witness, Perry Baker.

himself, "this is my own, my native land" he will go back in a very different frame of mind. For have we not here, at our very doors, the greatest, oat-producing area in the whole world? Not the largest of course, but without doubt the most fertile area for oat culture that can be found anywhere under the sun.

A GOOD PROPOSITION

The milling industry is one of the foremost industries in Canada. Moreover, it is an absolutely permanent industry, for the all-sufficient reason that it handles what people most have. Every man does not need an automobile, although some Charlottetown people feel they need them pretty badly. To judge by the lightning despatch with which orders were sent off the other day when the embargo was removed. But every man does need food, and not occasionally but every day in the year and three times every day, as there are precious few two-meals-a-day folks in this part of the western hemisphere. Hence it is that industries producing the necessities of life, are, speaking broadly, on a more or less prosperous footing according to seasonal and local conditions.

Now no sane Islander believes in his heart that this thrice-blessed land, this most fertile spot in all Canada, this suitable "Garden of the Gulf," is incapable of developing and sustaining with profit to all who become interested therein, a first class milling industry, with rolled oats as the principal output. If such a man there be, let him go out into a ten-acre lot and quietly commune with himself as he looks abroad over the face of this God-favored province, and when he is done and has said to

O, CANADA, New Version.

Oh Canada, thy name is in our heart! As we are thine may God be on our part! In the hour of fear, In the day of cheer, We have seen thy glory night; Not the dark of pain Nor the light of gain Hath dimmed thy people's eye. Still may we see far, deep and clear, Strong in our love to thee, our land so fair, O Canada! forever great and dear!

O Canada! thy freedom is our own, Thy fame is ours, thy fortune ours alone! Be it field or mart, Be it war or art, With a true and ready hand To uphold thy might, And guard thy right A loyal people stand.
