—BEST frozen beef hearts, boneless cow beef, beef liver, horse meat, in stock at Brace's. L-7194-5-9-2i.

—SUPPER in Kensington Presbyterian Church Hall, Saturday afternoon, May 11th. L-7333-5-9-2i.

—FIRE ALARM—A shed belonging to Mr. M. A. McNeill, Alberton, caught fire yesterday while the men were cleaning and burning up refuse nearby. The fire was under control before the firemen arrived and the damage was only minor.

—ROOF FIRE — A fire on the residence of Mr. Louis Harper, Alberton, caused some excitement yesterday morning at 10 o'clock. The blaze, however, was quickly extinguished by Messrs. Major Evans and Neile Bernard, who climbed on the roof and poured water over the burning portions.

—HOOK IN HEART OF TREE—Mr. Albert McLellan, Kensington, recently felled a tree that stood in the front yard of Mrs. Charles Howley, Kensington. The diameter of the tree was twenty-three inches, and showed fifty seven rings, and the wood was sound through the whole trunk. When the portion that stood five feet from the ground was split, there was found a hammock hook in the centre of the tree. The hook was covered by only a very thin coating of rust.—Y.

—MR. W. P. BUTLER, Manager of the Kellogg Company's Canadian plant at London, Ontario, is making a business visit to P. E. Island. The Kellogg Company is by far the largest firm in the world manufacturing breakfast foods. Hexite Fox Ration and Cubes are also a Kellogg product. The Dominion Silver Fox Furs, Limited, have the distribution of Hexite for P. E. Island, and it is fast becoming recognized as an outstanding feed for foxes. The reputation of the Kellogg Company as a dependable concern whose products are always consistent and up to standard, guarantees Hexite to any user. L-7421

—MR. GEORGE S. HEDRICK, Kellogg's representative from their Head Office at Battle Creek, Michigan, has been on P. E. I. during the past week. Mr. Hedrick has met a considerable number of the fox ranchers, and is much impressed with the high state of efficiency to which Island ranchers have developed the business of fox ranching. He is very pleased to note that the Kellogg Company's Fox Ration, Hexite, is being well received by ranchers here and feels confident that, as it becomes better known to Island breeders, it will enjoy the same popularity it has in other parts of the fox world where it has been used for a number of years. The Dominion Silver Fox Furs, Ltd., are the Island distributors of Hexite. L-7421

—BETTER SHIPPING FACILITIES OBTAINED — On account of the ever increasing business of shipping cattle from Carleton Siding which has been very marked in the last few years, the farmers in that locality took up the matter of better facilities for shipping cattle at the siding with their representative, Hon. Heath Strong, K.C., who placed the matter before Mr. W. U. Appleton, General Manager of the Canadian National Railways at Moncton. Through Mr. Strong's efforts, Mr. Appleton has promised that a wire enclosure will be provided at the siding and also promised that should the shipping warrant it, a standard cattle pen will be supplied. This news is very satisfactory to the farmers, who are deeply indebted to Mr. Strong for his kind-interest on their behalf.—S.

—W. M. S. MEETING—The May meeting of the Women's Missionary Society of Trinity United Church was held in Epworth Hall on Tuesday afternoon. The president, Mrs. J. Allen presiding, the meeting opened with the call to worship. Then that worship Him must worship Him in spirit and in truth. If we walk in the light as he is in the light, we have fellowship one with another and truly our fellowship is with the Father and His Son Jesus Christ. Mrs. Geo. Bowley gave the scripture lesson and a reading leaflet. After the devotional period the minutes of the last meeting and business were gone through. A duet by Mrs. (Rev.) W. M. Ryan and Mrs. Victor Traverse, "In the Garden" accompanied on the piano by Miss Jessie Strong. A temperance recitation entitled, "The Actress," was rendered by Mrs. Geo. Pherson. Mrs. Major Townsend gave the study book lesson from the book, Builders of the Indian Church. Prayer by Mrs. Strang Dunn. Meeting closed with the benediction by the president and the National Anthem.

—THIS YEAR USE FORMALIN.—Fresh stock. Taylor Drug Co., Kensington. 5-9-tf.

—GIVES OAK BIRD CASE TO HIGH SCHOOL—Mr. W. W. Baker, of Summerside has donated a beautiful oak bird case to the Summerside High School for the lovely and rare specimen of an owl, which was recently presented to the school. The school now has a very fine collection of birds, which includes a handsome collection given to the High School by the late R. T. Holman, who was a great lover of nature and bird life.—S.

—ADDRESSED MEETING OF FOXMEN—Mr. W. P. Butler, Manager of the Kellogg Co., London, Ont., and Mr. George S. Hedrick, a representative from the head office of the firm at Battle Creek, Michigan, were present at a directors' meeting of the Dominion Silver Fox Furs on Wednesday evening at which Mr. A. T. MacLean presided. Others present were J. R. Lockerbie, Hamilton, and James MacDonald, Bedeque. After routine business the visiting gentlemen gave short addresses on fox feeds and other matters relating to fur farming.—S.

—PRINCE COUNTY NURSES' GRADUATION — Four nurses will be presented with diplomas at this year's graduation exercises of Prince County Hospital, which is to take place on the 23rd of this month. The young ladies are: Miss Jennie Louise Clark, Kensington; Miss Katherine Amelia Andrew, North St. Eleanors; Miss Vera Maria MacLeod, Kensington, and Miss Caroline Grace Campbell, Emerald, R.R. 3. The Summerside School Board has very kindly consented to the graduation exercises being held in the High School auditorium, the hall being given free of charge.—S.

—JUVENILE COURT—Judge Inman at the Juvenile Court on Tuesday dealt with the cases of seven small boys, on various charges of petty thefts, which included stealing of bicycle, coal at the railway station yards, and money from milk bottles which had been placed on verandas awaiting the milk man's arrival. It developed during the course of the hearing that the incentive of these small boys taking coal from the railway was the fact that they could sell it to citizens in the Town at 20 cents per bag. We understand an effort will be made by the Police to have this practice put a stop to and it is felt that if no one will buy the coal the boys will then not be induced to steal it. —S.

—LAUNCHING OF THE "JUBILEE" ON MAY 6TH AT TYNE VALLEY — A very pretty sight on the King's Jubilee anniversary was the launching of a fine 30 foot cabin cruiser owned by Mr. Burns MacCausland of Tyne Valley and named the "Jubilee." She was hauled to the water one and a half miles away by five sturdy teams of horses, where she was landed without the slightest accident. "Jubilee" is built very very low and gracefully streamlined. Her hull is of spruce and cedar, her framework of yellow birch and beech, and her cabin is of beech and Douglas Fir. She is powered with a six cylinder motor and has a top speed of 17 miles per hour. Her trial trip was down Malpeque Bay, where she went through a severe test and behaved splendidly. The designer and builder is Mr. E. A. Chappell, of Summerside, who is becoming widely known for his fine designing and building of fast and sturdy cruisers and speed boats. This boat has received fine comments from many spectators and all wish the owner the best of luck.

—ALBANY VILLAGE—In keeping with the old practice of celebrating Jubilee festivities the people of Albany Village joined heartily in expressing their loyalty to His Majesty King George V. and His noble consort Queen Mary. The school children and teachers met at the picturesque school building and there at three o'clock a short program, patriotic in every respect, was staged. The children carrying flags and bunting were aglow with delight, feeling that they too had a part in the many celebrations which were taking place all over the world. Short speeches were rendered in the way of expressing their pride and gratitude in being subjects of their Majesties. At the close of the program an abundant supply of candy was given to the pupils and all present, by the members of the Jubilee Women's Institute, and surprise boxes were sent to the elderly people and shut-ins in the district. In the evening the citizenry gathered on the high grounds near by the school where a huge bonfire was lighted at nine o'clock. The light illuminated the sky for many miles; around the bonfire a sing-song was heartily enjoyed which ended by all joining hands around the embers, and singing Auld Lang Syne and the National Anthem, and gave three rousing cheers for our Noble Monarch, King George V., and his beloved consort, Queen Mary. Mr. and Mrs. W. P. Cameron kindly invited all the celebrants to their home, where the Jubilee Women's Institute again treated the large gathering to sandwiches, cake and tea. After lunch a social hour was spent in old time music and patriotic songs. At the close of which all joined in singing "For They are Jolly Good Fellows" and "God Save the King." Then the happy gathering dispersed with a spirit of pride and appreciation in having had part in such an auspicious event as celebrating the Silver Jubilee of Our Royal Ruler and our beloved Queen Mary.

FARMERS' MEETINGS ADDRESSED

Hon. Thomas MacNutt, Walter Shaw, acting Deputy Minister of Agriculture; Mr. S. R. Irvine of the Dominion Livestock Branch, and Mr. Brenton, of the Dairying Department, held two very successful meetings at Traveller's Rest and Grand River on Wednesday and Thursday.

There was a very large attendance at both meetings, particularly of the young people who showed a very keen interest in the addresses.

The object of the meetings, which are being held in different parts of the country, is to encourage more mixed farming and especially to instruct the farmer on crop production and dairying and that most important branch of farming, livestock production.

Mr. Shaw spoke particularly on crop production, with a view of encouraging the growing of more roughage feeds such as corn, alfalfa, peas, oats and vetch mixtures, which can be grown at about ten to twenty-five tons to the acre.

If farmers grew more of these feeds it would help out the hay crop considerably, especially when there is a shortage of hay, said Mr. Shaw. Mr. Shaw also spoke of the improvement in the junior work of both boys and girls. At Traveller's Rest a calf club is to be organized, which will no doubt be of great benefit to the young farmers, as similar clubs have proved their worth in other districts.

Hon. Mr. MacNutt spoke on farming in general, stressing the need of more mixed farming as the best and most profitable method for the Prince Edward Islander to follow.

Mr. Brenton spoke on the more extensive breeding of sheep and swine, both very profitable lines of farming suited to the Island. He stressed the importance of breeding from good stock. Mr. Brenton confined himself to dairying and the method of handling milk for the creameries.

He spoke of the new cow testing associations, which will work in conjunction with the creameries and calf club centres. These three units in a farming community working together would assist to a very large degree for a better dairy industry.

The meeting at Grand River was also very successful and the farmers gleaned much useful information.—S.

PERSONALS

—Miss Amanda Cannon has returned to her duties at the C. N. S. F. B. A., after a very pleasant visit to St. John, N.B.—S.

—Friends will be pleased to learn that Mrs. Peter MacCaull, of Ellerslie, is showing a slight improvement in her very serious illness.—S.

—Many friends will regret to learn of the serious illness of Mrs. Hubert Phillips of Tyne Valley.—S.

—Mr. Wilfred Inman, one of the students of High School Academy, has taken a position as bookkeeper at Pope's Dry Cleaning Plant.—S.

—It is pleasing to report that Mr. Havelock MacLean, of Bayside, Lot 14, is improving from his recent serious attack of pneumonia.—S.

—Mr. and Mrs. Geo. Horne and Horace MacDougall of O'Leary were in Summerside on Tuesday.

—Mr. J. H. Taylor, of the Royal Bank staff at Tyne Valley, has been transferred to the Summerside Branch. Mr. D. H. Bradshaw, of the Summerside office is taking his vacation at his home in Middleton.—S.

—The little son of Mr. Charles Taylor, Malpeque, is in the Prince County Hospital, Summerside, suffering from appendicitis. He was operated on last Sunday and the many friends of the family anticipate a speedy recovery.—Y.

—Mrs. Chester Young of Summerside who was visiting her aunt, Mrs. Robertson, of Fredericton, N. B., arrived home on Saturday evening. While there she had been taken ill with a severe attack of flu and was in a critical condition for a while. Her many friends are pleased to have her home again completely recovered.

RAILWAYMAN DIES

(C. P. By Guardian's Special Wire)

MONTREAL, May 9. — Formerly general passenger agent of the Grand Trunk Railway system, Harry G. Elliott, 75, died in hospital here today. Mr. Elliott, appointed general passenger agent in 1911, retired from active business life in 1914.

STOP THE TROUBLE AT THE SOURCE!

Hunger will cause a headache, or over-eating, or loss of sleep, but usually headaches are caused by some form of constipation. They will persist until the cause is removed.

Eno's "Fruit Salt" has helped millions to avoid headaches, and many other major and minor ills, by keeping them "regular" without using drastic purgatives.

A dash of Eno's "Fruit Salt" in a glass of water morning and night, makes a pleasant-tasting, refreshing drink that helps Nature to keep the body normal. And when you're normal, you're well. Don't take harsh mineral salts. Eno is safe; it acts gently and effectively, and forms no habit. Handy size, 50 cents. Household size, 85 cents. 'Phone the druggist now.

Forest Fire Near Alberton Under Control

A forest fire which for a time threatened Alberton roared through a wide swath of timberland one mile and a half from the town yesterday.

Corporal Robert Macdonald of the Royal Canadian Mounted Police who led a band of volunteer firefighters from Alberton said that it was under control but it had encroached near to the home and farm buildings of Kier Campbell before it was finally checked.

A strong westerly wind blew throughout the day fanning the fire onwards and a hot sun blazed down on the volunteer workers.

At 11.30 o'clock yesterday morning fire which caught from a burning pile of leaves and grass partially destroyed a shed belonging to M. A. MacNeill, Church Street, Alberton, but it was quickly extinguished.

BRILLIANT

(Continued from Page 1)

ly Prime Minister J. A. Lyons of Australia and Prime Minister G. W. Forbes of New Zealand, who have important trade negtoiations to conclude.

Enthroned on Dais

Their Majesties today were enthroned on a dais in the vast, gray stone Westminster Hall, about them grouped many members of the Royal Family, while in the hall were members of the House of Commons and House of Lords, Indian princes, the Empire representatives and the English judiciary.

"The mother of parliaments and her children, grown to full estate, stand now upon equal terms in common allegiance to the Crown," His Majesty remarked after thanking the spokesmen of the lords and commons for their loyal addresses.

"The unity of the British Empire is no longer expressed by the supremacy of the time-honored parliament that sits here at Westminster. The Crown is the historic symbol that unites this great family of nations and races scattered over every quarter of the earth."

He spoke with "pride and thankfulness" of the fact the British parliamentary system had survived the shocks that in recent years have destroyed other Empires and other liberties. The ancient constitution, ever adaptable to change, had met and satisfied new democratic demands at home and over the seas.

Great War

He had a word for those who lost their lives in the Great War and for those who still live on, wounded or blinded, "that we might continue to enjoy the blessings of life." He spoke of the hardships that followed the great conflict, and expressed his admiration "for the great-heartedness of my people for steadfast fortitude and the unbending will to overcome which they have ever shown in their anxieties.

"I sympathize deeply with those who have endured the burden and the sadness of unemployment," he went on. "It is a source of comfort to me to feel that from these times of trial there has grown up throughout our community a stronger feeling of fellowship of one with another."

And his voice faltered, and there was a suspicion of tears in the Queen's eyes as well as his own, as he concluded: "I have been blessed in all my work in having beside me my dear wife, of whom you have spoken so kindly. I give thanks to Almighty God who thus far has sustained me and my people, and I pray that we may continue to pursue the cause of freedom and progress in a spirit of peace, tolerance and understanding."

Toupe Campaign

(A.P. By Guardian's Special Wire)

OGDEN, Utah, May 9—The effort of Glen Perrins, columnist on the Standard-Examiner, to obtain 1,562 hairs to construct a toupe to cover a slightly denuded area, grew apace today.

Perrins sent the chain letter to a group of his friends, enclosing a piece of hemp rope with the assertion that it was a lock from Mae West's tresses.

MEETING ASKS FOR TUBER BONUS

A resolution requesting the Federal Government to pay a bonus to potato growers in Prince Edward Island, of $20.00 per acre, on the potato acreage of 1934 was passed at a meeting held in O'Leary last evening.

The meeting was largely attended by farmers from Tignish, Montrose, Alberton, and surrounding districts.

There was considerable discussion most of the speakers being in favor of the bonus and expressing the opinion that it would do much to help the financial condition of the farmers. One man present voted against the resolution stating that he felt it was asking the government to go too far to ask it to grant bonuses to everything and everyone.

There was some discussion on the freight rates most of the speakers claiming that the rates from this province to Upper Canada markets are too high at present.

Ray MacNeill, O'Leary, presided, George Matthews, O'Leary, acted as Secretary. Some of the speakers were Hon. G Shelton Sharp, J. F. Arnett, Summerside, A. E. McLean, M. P., Thane A. Campbell, M. L. A., Austin Ramsay Conway, Areas Gallant, Bloomfield, Mr H A. Dennis, O'Leary, George Barbor, O'Leary, and Stanford Phillips, O'Leary, A. O'Brien, Elmsdale, and A. J. Bernard, Tignish.

ThousandsRoped In On Chain Letter Scheme

(A. P. by Guardian's Special Wire)

SPRINGFIELD, Mo., May 9—Sad faced men and women walked around in a daze tonight in Springfield, seeking vainly for someone to buy their chain letters.

Springfield's "pass-a-buck" development of the original "send-a-dime" idea was back-firing. Those who got in early reaped some profit; others apparently were left waiting for returns.

The craze which swept over this southwestern Missouri City yesterday from society matron to bootblack subsided because almost everybody had a letter to sell, thus draining the buyer market dry.

Ten chain letter "factories" yesterday were swamped with customers. Today there were less than five and they waited on stragglers.

One of the scores of notaries who helped certify that the chains were "cheater proof" advanced a bit of inside information when assured of anonymity.

"Quite a lot of people managed by pushing their letters, to get their investment back," he said. "Quite a few realized from $10 to $15. But thousands were left holding the bag."

The main point was to get on a list, starting at the bottom give the money to the person heading it, cross out that name and pass the list along to two others. The theory was that each purchaser's name ultimately climbed to the payoff position. Springfield's variation of it was to authenticate the lists before notary publics and work from person-to-person in the big brackets instead of through the mails.

Guy Harpool, a grocery store manager, said he realized more than $400. John Matthews, a butcher in his store, got almost as much. But the two men devoted four days, and almost as many sleepless nights, working the chains

HON. C. H. CAHAN

(Continued from Page 1)

ion by slogans and sensational pronouncements, Mr. Cahan said, and who had neither the inclination nor the capacity to probe underneath the surface.

Canada's Credit

In speaking of the credit of Canada which he described as "our chief national asset," the Secretary of State said it was of paramount importance it should be carefully preserved if "we are to escape a general and widespread financial collapse." Undue credit expansion might appear to promote temporary prosperity but at the expense of grave disasters in the future.

Mr. Cahan appealed to everyone to do his utmost to help along the increasing and renewed confidence which was being shown in commercial activities and work together to bring about a clearer understanding of their common problems.

Disregards Dime-chain Letters

NEW YORK, May 9 — Former Governor Alfred E. Smith has received approximately 1,000 dome chain letters, all of which he has consigned to the waste basket. He's still getting them at the rate of 50 a day.

If he continued each of the chains and none was subsequently broken his potential return would be $1,562,500.

Cash record—one dime. Consigned to his secretary's charity dime bank.

HOLMAN'S BOTH STORES

REQUEST RE TUBER BONUS IN INDORSED

Resolutions Adopted By Armadale W. I. & Selkirk Breeding Club.

At the regular meeting of the Armadale Women's Institute, held on Tuesday evening, May 7th, inst., the following resolution, moved by Mrs. D. J. McInnis and seconded by Mrs. James Wilson was adopted unanimously:

Whereas, a movement has been inaugurated in this Province looking towards a request to the Dominion Government at Ottawa to assist farmers in financing their potato crop by paying them a bonus of ten dollars ($10.00) an acre on last year's crop; and

Whereas, it is vitally important that some such financial help should be forthcoming to enable our producers of this staple foodstuff to tide over present difficulties, and carry on until market conditions are better;

Therefore be it resolved, that the Armadale Women's Institute assembled in regular meeting, hereby endorse the request to the Government as hereinbefore outlined; and

Further resolved, that a copy of this resolution be forwarded to the representatives of King's County at Ottawa, namely: Honorable John A. MacDonald, M.P. P.C.; Hon. Senator John McLean, and Hon. Senator James J. Hughes, humbly asking their support of this movement; a copy to Mr. Stanford Phillips, at O'Leary, in Prince County, in this Province, and a copy to the Charlottetown newspapers for publication.

(Signed), Mrs. James E. McInnis, President, Mrs. A. A. MacPhee, Secretary.

SELKIRK BUILDING CLUB

After the close of regular business at a meeting of the Selkirk (Livestock) Breeding Club, held in the schoolhouse at Armadale, King's County, on the evening of May 6th, inst., consideration was given to the proposal inaugurated at O'Leary, as outlined in the Summerside and Charlottetown newspapers, to ask the Federal Government for a bonus to Island farmers on their potato crop, based on the acreage of 1934.

The meeting was attended by almost all the farmers of the territory comprised within the Club, and this question of a bonus was discussed thoroughly. The following resolution was then adopted without a dissenting voice:

Whereas marketing of potatoes has become about impossible owing to unfavorable conditions, both within Canada and also in those centres beyond Canadian jurisdiction where previously the farmers of Prince Edward Island had found their largest and most profitable market; and

Whereas the necessity for some years past of selling potatoes at less than the actual cost of growing them, has so encroached upon the financial reserves of the average farmer that conditions have now reached that stage where it is almost impossible for him to carry on unless some financial assistance is forthcoming; and

Whereas the Government of Canada has already accepted and acted upon the principle of such subventions to agricultural producers, to tide them over difficulties for which no Canadian can be justly held accountable; and

Whereas the highly perishable nature of potatoes already held in farmers' cellars for more than six months, because unsaleable, precludes the possibility of holding them undamaged much longer, even if improved markets could be expected; and

Whereas potato-growing even on a limited scale is an indispensable part of a well-balanced crop rotation in this Province, producing at the same time a staple article of food, not only for the farmers themselves but for the urban centres also;

Therefore be it resolved that this, the Selkirk (Livestock) Breeding Club heartily endorse the proposal that the Government of Canada be humbly petitioned to take this matter under advisement with least possible delay, and

Further resolved, that a copy of this resolution be sent to the representatives of King's County at Ottawa, namely: Hon. J. A. MacDonald, M.P., P.C.; Hon. Senator John McLean, and Hon. Senator James J. Hughes; to Mr. Stanford Phillips, at O'Leary, Prince Co., P. E. Island, and to the Charlottetown Patriot and the Charlottetown Guardian newspapers with request for publication.

(Signed), Alexis McPhee, Chairman, and Allan J. MacAdam, Secretary.

PROTEST RE DISTRIBUTION OF MEDALS

(C. P. By Guardian's Special Wire)

OTTAWA, May 9.—Letters of protest have been swamping the government for the last two or three days from Canadians left off the list of 10,000 medals distributed at the Silver Jubilee of the King. Each expressed indignation that he or she did not receive a medal while somebody else did.

"You can never convince me this country does not want titles," one of the Cabinet ministers said, pointing to the protests he had received. At the same time, he made it clear that no member of the Government or any Conservative member had made any recommendations.

The basis of the list was established by the King himself and the Government merely acted in a clerk's role. The King listed about 75 categories which he wanted represented on the list. He said, for instance, he wanted to give so many medals to ex-soldiers who had rehabilitated themselves successfully in civil life and the Canadian Legion supplied the names. The Medical Association selected other names and nurses' and teachers' organizations. The list was representative, not personal.

BRITAIN PLANS

(Continued from Page 1)

cow appearance will be mostly one of good will.

He also will attempt to win Poland's support for an Eastern non-aggression pact and will assure Marshal Joseph Pilsudski the mutual assistance pact with Russia is only the first step in a series of such pacts in eastern Europe open to all nations.

Polish official fears the pact might result in Russian troops crossing Poland in case they are called to aid France against Germany is one of the problems Laval is expected to discuss.

In Rome Denain and Italian experts are to map the first link in the western defensive air pact proposed in the Anglo-French accord reached in February.

Reserve air units and private flying organizations will be mobilized this year as a part of the government's campaign to improve its defenses.

Favor Air Alliance?

BERLIN, May 9—Adolf Hitler, Nazi quarters said tonight, will revive the former proposal for a western European air alliance when he discloses his general program to a special session of the Reichstag shortly.

The impotent Reichstag is expected to be called together about May 20 to hear Hitler's answer to the scolding the League of Nations gave him for rearming without permission.

In addition to defending his unilateral action, Nazi quarters believe, Der Fuehrer will make positive offers of new western pacts, especially an air scheme, advanced by Britain and France but which was pushed into the background by the events following Germany's announcement of military conscription.

Jail Terms May Be Doubled

TORONTO, May 8. — Magistrate J. E. Jones today issued warning that unless reckless driving is stopped in Toronto he will double the jail terms he has been imposing. Since the beginning of the month he has imposed a seven-day term plus a fine in most cases.

ORANGE GRAND LODGE ANNUAL MEETING

Representatives From Orange Lodges Throughout Province Present At Meeting.

The annual meeting of the provincial Orange Grand Lodge which began Wednesday morning at 10 o'clock was concluded early yesterday morning. The Grand Master Bro. J. Moore, presided.

There was a good representation of the lodges in the various districts of the province. Sentiments of loyalty to the person and Throne of His Most Gracious Majesty King George V. were expressed by resolutions and short speeches.

A deputation from the Ladies lodge, also in session in the city headed by Mrs. Louise Bonnell, was received and cordially welcomed.

His Worship Mayor Kennedy extended greetings on behalf of the city and community, and the response to his speech was made by Rev. Dr. Genge, Rev. Mr. Elliott of Pownal, and Mr. W. Muttart of Summerside. Mr. John J. MacLeod, of Bonshaw, also spoke words of appreciation of the visit of the Mayor and of the members of the Ladies' lodge.

A committee was appointed to take steps toward receiving and entertaining the members of the Supreme Grand Lodge of British America on their way to Newfoundland in June next, who will call at Charlottetown from the steamer New Northland on Saturday, June 22nd.

Active steps were also taken toward the circulation of "The Sentinel," the organ of the Association throughout the Dominion.

The evening session was very largely attended, the hall being filled. Supper was served by the members of the L. O. B. A. and was partaken of by a large number.

The financial report of the treasurer, Bro. MacLeod, showed the order to be in a satisfactory condition financially, whilst the secretary's report showed the order to be well maintained numerically.

Rev. J. W. S. Lowry gave a short and optimistic address regarding the work of the order and its objects.

The annual July 12th celebration will be held in Crapaud under the auspices of Prince Arthur Lodge if was decided.

The annual meeting in 1936 will be held at Crapaud.

The following officers were elected and installed:

R. W. G. Master—T. J. Inman
R. W. D. G. Master—E. C. Holm.
Jr. D. G. Master—D. M. Bernard.
Grand Chaplain—Rev. Dr. Genge.
Grand Secretary—John A. Murray.
Grand Treas.—Colin D. McPhail
Grand Lecturer—Chas. E Proude
Grand Marshal—Davis Ward.
Grand Auditors—Earl Laird and Lea Gamble.
Dep. Grand Chaplains—Rev. DeWolfe and Rev. T. R. Goudge.
Dept. Grand Secretary—G Arthur Cudmore (re-elected).
Dep. Grand Lecturer—W. H. Sharpe.
Director of Juvenile Lodges—G. Arthur Cudmore.
Dep. Grd. Lect. of B. A.—J. J. Mathieson.
Dep. Grd. Chap's of B. A.—Rev. G. A. D. Elliott. Rev. J. A. Nicholson.

The election of officers was conducted by W. W. Muttart, Past Grand Master, Summerside, and the installation by J. V. Moore retiring Grand Master, Crapaud.

BERGFIELD, Sask.—More than 50 work horses are missing in this district and many farmers may be forced to hitch steers or milch cows with horses to complete spring seeding. The animals are turned loose in the winter and so far haven't turned up for spring manoeuvres on the land.
