Abegweits, Maritime Champions—They Will Cross Sticks Thursday Night With The Granites, Aspirants To World's Amateur Hockey Honors This Year.

## BEGWEITS LEAVE THIS MORNING ON HOCKEY TOUR

Will Play First Game With Granites At St. John—"Chick" Williams To Join Maritime Champions Tomorrow.

The Abegweit hockey aggregation, twelve in number, accompanied by local fans, leaves this morning on an invasion of the icy arena New Brunswick and Nova Scotia. The team will play in a five-day tour, commencing on Thursday at St. John against the Granite Coast Olympic Champions. On Saturday night they will play the St. John All Stars. The team will rest a day, leaving St. John Sunday morning, January 13, for Halifax where they will battle the Crescents. Wanderers and Armouth teams respectively on Monday, Tuesday and Wednesday nights of next week. The invaders will have practice on the same line up as last season in the exception of Billy Dalton who has made the grade this year. One of the Abegweits' fastest on the front line, Dr. Charlie Morgan will probably make the team, pairing up with "Stonewall" in the back. Rodd, Gordon, Morgan in the back. Cronin and Cronin in all high school look after the net in "no man's" land, while Kelly, Moore and Roy Prowse will lead the scoring territory. Word has been received that "Chick" Williams, star forward of the Boston Maple Leaf Club and former member of the Abegweits, will join his old team mates in St. John on Wednesday night and will perform on the front line Thursday against the Granites. As the above aggregation of hockeyists are conceded to be the team of the Maritime hockey world and this, supplemented with their personal physical condition, training and hockey experience, will without doubt secure the Ontario puck chasers to play as they never played before in order to attain the coveted.

**Annual Meeting Ch'town Driving Club**

The Annual Meeting of the Charlottetown Driving Club, presided over by Mr. E. F. Acorn, was held in their room, Queen Street, Monday evening, and was well attended.

The reports of the officers showed the Club to be in a flourishing condition, great progress being made during the past two years.

The report of the Secy., Thomas, Mr. H. Byron, Brown, was enthusiastically received, showing as it did, one of the best years, from a financial as well as a sporting standpoint. The Club now has a good balance on the right side of the ledger.

The election of officers resulted as follows:

Hon. Pres.—Alex. Kennedy, Southport.  
Pres.—Col. D. A. McKinnon  
Vice Pres.—W. S. Brown  
Secy.—Chas. Stewart  
Race Committee—Russell White, Peter Conroy, Jas. McEachern and Jas. Arthing.

It was decided that just as soon as Jack Frost got in his good work on the river ice racing would commence and followers of this sport may expect to be treated to some surprises.

This Club, which is now on a good sound footing financially, should receive the support of all followers of the racing game. The members have accomplished much and have produced results.

For the past two winters ice racing has provided amusement for all who wished to witness this form of sport, and the matinee races on the Driving Track was the means of bringing out many speedy ones who possibly would never otherwise be heard from.

It is now for all lovers of horses and horse racing to give their moral support to this organization and keep alive the "sport of Kings".
