Aircraftsmen of the City Softball league are sticking right on the heels of the league - leading Air Force Officers. Tuesday night they showed they had the ability to take advantage of the breaks by whipping a much improved Bruce Stewart's All Stars squad in one of the closest games played in the league to date.

* * *

In fact the manner in which both teams were performing on Tuesday night they would have given the league leaders plenty of argument. No doubt officers would have to be at their best to emerge the winners and it would not be surprising if the brand of ball continues to the end of the schedule.

* * *

It is too early also to sell Bruce Stewarts team short. They have plenty of ability contained on their lineup both in the fielding and batting departments and showing as they did Tuesday night some signs of regaining their real form, they possibly might still be very much in the picture before the title is decided.

* * *

One of the surprising things about the selection of this year's American league All-Star team was the fact that only three members of the New York Yankees were named.

* * *

It's hard to recall since this annual baseball classic was originated that the Yanks had so few representatives on the "select" team. Pitchers Hank Borowy and Joe Page and Catcher Rollie Hemsley were the only McCarthy men on the squad.

* * *

According to predictions of the majority of the baseball experts the national league 7-1 victory was quite up to form. Where they obtained their knowledge of the outcome is hard to say but their faith was certainly justified with that 7-1 victory.

* * *

The older circuit had won only three of the eleven played up to Tuesday and their victory must have been a sweet morsel to them. Had they received another setback this year following the defeat of the Cardinals in the 1943 World Series, it certainly would have been quite a slap in the face.

* * *

St. Louis Browns must definitely be considered more than a threat to take the American league pennant this year. There is an old baseball axiom that the team in first place through July 4 is the team to beat for the flag, and if you'll take a look back at the standings, you'll see that the Browns were leading the pack by one and one-half games at that time.

* * *

It would definitely be a great thing for baseball if Luke Sewell's club should win out this year. But while they are setting the pace today a lot can happen between now and world series time. And as for that old axiom, it has been proved wrong on a number of occasions.

* * *

For our money we still think Joe McCarthy will have his Yankees up there when it comes time to meet the National league winners, who, unless they suffer a history-making collapse, will be the St. Louis Cardinals. Today the Cards are heading their league by 10 1-2 games, which is a healthy lead at this time and allows for one of those slumps that even the best of teams go into at one time or another.

* * *

Haunting the old homestead is a favourite pastime of baseball pundits and Fritz Ostermueller, Nate Andrews and Joe Heving have the last laugh on the Brooklyn Dodgers, St. Louis Cardinals and Boston Red Sox who once turned them out.

* * *

Ostermueller is the most celebrated case, as it was on Decoration day that Branch Rickey sold him down stream to Syracuse. A series of mysterious business deals involving a threat of "I'll take it to Landis" resulted in Fritz donning a Pittsburgh uniform in which he has won three of four, including a recent 13-2 slaughter of his old Dodger mates.

* * *

Mickey is mixed up in the Andrews vs. St. Louis Cardinals "feud" because he was boss man of the farm system that nurtured Nate for six years before letting him go to the Browns for the waiver price in 1939.

Pagliacci Wins Feature Event Of Great Racing Card At Montague Yesterday

Featuring duels of speed in each and every heat of the five card program a record crowd of race fans saw the Montague meeting yesterday as Pagliacci came through with a surprise four-heat victory in the featured free-for-all trot which required four heats to decide a winner; Kelly's Nightmare captured the 2:27 trot in the other extra-heat race of the afternoon while Jean Henley, capturing the first two heats only to lose the third to Giftline, took the 2:14 pace. Lady Rose was the only straight heat winner of the day pacing to victory in impressive fashion over a field of six starters in the 2:27 pace.

Veterans of the race game were unanimous in their opinion that yesterday's racing was easily the best held at Montague in a good many years. There were thrills galore all through the afternoon. The duel between Lee Brewer and Basil Hanover in the first heat of the free-for-all trot that saw both horses race neck and neck right to the head of the stretch with the Hanover horse pulling away to win; Pagliacci's performance in taking the second heat of this same race and then capturing it by coming through with another sensational sustained drive in the extra heat and the three duels of speed between Jean Henley and Giftline were some of the outstanding thrills of the day's performances that brought the overflow crowd to their feet with the issue remaining in doubt right to the wire.

Overcast skies failed to dampen the ardor of the crowd who witnessed fast times being chalked up over a track in good condition.

Officials who handled the meet did a workmanlike job; the races were called promptly on time and the lengthy program went over without a hitch with the entire card being completed a few minutes before six o'clock.

2:27 TROT

First Heat: They got the word on the sixth score, Eva Worthy going away in front, followed by Christie Budlong with Kelly's Nightmare on the outside, and the remainder jockeying for positions. The Nightmare raced on the outside to the quarter before going to the front as Eva Worthy jumped it off. Coming by the half it was Kelly's Nightmare, Mickey Volo, Lusty's First, Christie Budlong, Eva Worthy and McNeill's Pick. As they hit the backstretch they all went to drives but couldn't catch the heat winner, the Nightmare winning by a length from Christie Budlong who went a great mile. Lusty's First finished fast to cop third place, Mickey Volo fourth, Eva Worthy and McNeill's Pick, fifth and sixth, both trotters going to breaks that put them far back.

Second Heat: They got away on the third score with Kelly's Nightmare leading the field right to the top of the stretch where a break set him back with Christie Budlong trotting steadily all the way coming from third place to cop the heat from McNeill's Pick who showed a great burst of speed in the last half only to jump it off coming into the stretch and ruin a great chance to capture the heat. Eva Worthy was third, Kelly's Nightmare fourth, Mickey Volo fifth and Lusty's First who broke half way down the stretch in sixth place.

Third Heat: The race was sent into an extra heat as, taking the rail from Christie Budlong on the first turn McNeill's Pick made every post from there to the wire, a winning one. They got the word on the second trip down with Christie Budlong leading the field. She jumped it off as McNeill's Pick went to front and was never headed. The field tucked in until they hit the backstretch when all six went to drives. Kelly's Nightmare making her bid, raced on the outside of McNeill's Pick practically to the wire before jumping it off to drop back two lengths. Mickey Volo was placed third. Christie Budlong finished third but was set back one place for three breaks during the mile. Lusty's First was fifth, with Eva Worthy sixth.

Fourth Heat: The three heat winners came out to decide the race winner. Away on the first score McNeill's Pick led the field until jumping it off. Kelly's Nightmare took over the lead and was never headed. McNeill's Pick challenged all through the backstretch the second time around to the top of the stretch but another break ruined his chance, the Nightmare winning by a length, Christie Budlong second, and McNeill's Pick, third.

2:14 PACE

First Heat: They got away on the first score with Giftline at the rail, but as they hit the first turn Jane Harvester went to the front with Jean Henley racing her on the outside. They continued the drive right to the quarter pole with Jean Henley snapping the rail. At the half it was Jean Henley, Jane Harvester, Giftline and Brownwood Tiger. Jane Harvester again went to a drive and right to the top of the stretch raced on the outside of Jean Henley but couldn't make the grade going to a break and dropping back. It was a great stretch battle between the Henley mare, Jane Harvester and Giftline, but Jean had half a length to the good at the wire. Giftline, showing a great burst of speed, nipped second place by inches from Brownwood Tiger. Jane Harvester was fourth.

Second Heat: Jean Henley and Giftline battled it out all the way through the mile with Giftline recovering from a break at the top of the stretch to come on again only to lose to the Henley mare by half a length in a drive right to the wire. They got the word the second trip down. Giftline tried for the rail but was staved off by Jean with Giftline going to a break. Recovering he came on once more and the two pacers fought it every yard of the way to the wire with Jean having half a length to spare as they flashed under the wire. Brownwood Tiger was again third with Jane Harvester, who had made a good bid the first half, dropping back to fourth.

3rd Heat: Giftline went away in front the fifth time down and was never headed as he withstood a long challenge by Jean Henley to cop the heat by a length. As they went up the backside they all tucked in and coming by the stand it was Giftline, Jean Henley, Brownwood Tiger, and Jane Harvester. Going up the back side Jean Henley went to a drive but could not head Giftline in strictly a two-horse battle. Jane Harvester finished strong to place third ahead of Brownwood Tiger.

FREE-FOR-ALL TROT

First Heat: The crowd got their first thrill as Basil Hanover and Lee Brewer brought them to their feet all through the last half of the mile as the two great trotters raced like a team to the top of the stretch with the Hanover horse coming through in the stretch to win by a length with driver Teddy Weir receiving a great ovation as he came back in front of the stands. They got the word on the third trip down with Pagliacci snapping the rail from June French at the first turn. Basil Hanover raced on the outside to the quarter pole before tucking in in second place with June French third and Lee Brewer fourth. As they hit into the turn they all went to drives. Pagliacci jumped it off to drop back to fourth and right to the top of the stretch Basil and Lee Brewer were like a team with the Hanover horse trotting very fast in the stretch to win by a length. June French was third and Pagliacci fourth.

2nd Heat: It was another great battle, but this time it was Pagliacci racing on the outside of Basil Hanover from the word "go" who went to the front just before hitting into the stretch to win from Lee Brewer who came on to head June French for second place with Basil Hanover winding up fourth. The mile was in 2:10 1-4, a great performance by Wal Hennessey's big trotter.

3rd Heat: After six scores the field got away with Pagliacci going to a break right after the word and Lee Brewer going to the front followed by June French, Basil Hanover, who was back at the word, moved up to third followed by Pagliacci. At the quarter pole June French trotted to the front past the Brewer horse and held it to the backstretch where Lee Brewer again took over to win by two lengths over June French. Basil Hanover was third with Pagliacci fourth.

4th Heat: It was another great heat between three great trotters with Pagliacci coming from third place with a mighty drive on the outside to take the lead as they hit the stretch and win by a length and a half. Lee Brewer was second with Basil Hanover third at the Brewer's horse pad.

2:20 TROT AND PACE

1st Heat: Getting the word on the third score Wait N'See made every post a winning one as he staved off challenges by Winnie Scott and Baron in the stretch to win by three-quarters of a length. At the half it was Wait N'See, Winnie Scott, Raymond Budlong who had moved up from fifth position in third place on the outside, Baron fourth, and Royal Jim fifth. They started their drives half way up the backside with Winnie Scott and Baron furnishing the competition for Wait N'See, the heat winner. Winnie was second, Baron third a half length back, Raymond Budlong fourth and Royal Jim fifth.

2nd Heat: Away on the second score Wait N'See had the rail. Baron, a trotter who showed loads of ability and the only trotter in the field, challenged all the way to the quarter pole, finally making the grade to lead the field of five coming by the packed stand the first trip round. Half way up the backstretch driver Willard Kelly called on Wait N'See again and the pacer went to the front to open up a three length lead which he held to the finish. Winnie Scott, who went to a drive as Wait N'See opened up, headed Baron half way down to the stretch to cop second place. Raymond Budlong finished fast to nip Royal Jim at the wire for fourth place.

Third Heat: Wait N'See took his third straight heat of the day as he led from the time the word was given being never headed. Raymond Budlong, in fifth place at the half showed some of his old-time speed as he paced very fast to cop second place with Winnie Scott third, Baron fourth and Royal Jim fifth.

2:27 PACE

First Heat: The field of six pacers went away on the first score with Marjorie Budlong snapping the rail before the first turn. Marjorie in turn lost it to Don Worthy with the latter leading at the half, Lady Rose moving up ahead of Marjorie Budlong for the second slot. Just after hitting into the backstretch they all went to drives. Don Worthy staved off the challenge of Lady Rose before finally yielding the lead at the three-quarters, Lady Rose pacing steadily to win comfortably. Marjorie Budlong and Billy Bishop had a real battle for second with the former getting the nod. Don Worthy was fourth with Allie Hal and Dr. Budlong fifth and sixth.

2nd Heat: It took them five scores to get away and it was Billy Bishop who grabbed the rail right after the word, followed by Don Worthy and Lady Rose. Positions didn't change until the quarter pole was reached. Lady Rose then pulled out and raced on the outside coming by the stand. As they hit around the turn and into the backstretch Billy Bishop was still in front but half-way up driver McLaine took Lady to the front and stayed there. Allie Hal nipped Marjorie Budlong at the wire for second, Billie Bishop fourth, Don Worthy fifth and Dr. Budlong sixth.

3rd Heat: It was the same story in the final heat. Lady Rose had too much speed for the rest of the field, winning handily with the battle for positions among the remainder of the field close.

Night World Series Not Yet Here, Experts Agree

By JACK HAND
(Associated Press Sport Writer)

PITTSBURGH, July 12 — (AP) — Night world series games may be just around the corner but baseball men streaming out of town today agreed 1944 definitely was not the time.

Although the major leagues agreed to unlimited after dark play every day except Sunday at their joint confab before last night's National League 7-1 All-Star triumph, none of the clubs are considering an "Owl Ball" classic in October.

St. Louis Cards and Browns who pace the majors but suffer at the box office will turn on the lights for the rest of the season but will play in the sunshine if an all-Sportsman's Park series should result.

"Why think about night world series games if you can pack the park in the daytime?" queries President Sam Breadon of the Cards.

Jimmy Conzelman, who came over from professional football to become assistant to President Don Barnes of the Browns, sounded the same note, predicting success at the gate if Luke Sewell's men can hold any part of their 2 1-2 game lead to the end.

"Anyhow, it's too chilly in October to play after dark in St. Louis," was Conzelman's clincher.

Brownie officials were more concerned with the possibility of breaking their record of never winning a pennant.

"I think we have a good chance to do it," Conzelman commented. "Our real strong point is defence with George McQuinn, Mark Christman and Vern Stephens playing great ball and Don Gutteridge ready to hit his real stride soon.

Despite the loss of George Munger who entered the service yesterday and Max Lanier's arm trouble, the Cards were rated a "shoo-in" by all hands. Even Breadon admitted it was nice to be able to give Lanier a rest without worrying too much.

Army "Pick-Ups" Vs. Navy In Sr. Softball League

A regular game of the City Senior Softball League schedule tonight will have Army "Pick-Ups" tussling with the Navy nine. At the Army practice session last night several new players were tried out and judging from practice performances shown, the "Pick-Ups" should be plenty hard to beat, in fact, they might even hand the Navy team another defeat if the "Tars" don't tighten up all around. Navy has lost its last three games in a row after leading the league all through the schedule before they went on the losing streak.

Those boys certainly miss Raynor out there to hold them together when the seams begin to go.

Cold Blooded Nazi Butchery In Caen

CAEN, July 12—(CP-Reuters)— One of the last acts of cold blooded butchery the Germans committed before pulling out of Caen was the murder of 14 French civilians of the French resistance movement in the town prison.

A British Brigadier who is the senior civil affairs officer in Normandy said today several mass killings had been reported, though not yet confirmed.

He estimated 25,000 civilians out of a normal population of 50,000 left Caen. There are 6,000 to 8,000 refugees embedded down in the Lycee Malherbe and the church of Saint Etienne and 1,300 wounded French in the Saint Sauveur Hospital.

"Caen is the first big test of the French organization to manage their own problems in the forward area assisted by us instead of the other way around," said the Brigadier.

The civil afairs personnel went into Caen with the first troops to find out the most immediate needs of the French. By six o'clock on the night the town was cleared the first reports were through and 35,000 rations were on call.

LONDON —(CP)— Six small silver cream jugs, made in London between 1759-1768 brought $816 at an auction. They were designed in the shape of cows.

Richibucto Pilot Officer Killed

RICHIBUCTO, — Word has been received here that Pilot Officer Alfred Gerald Vautour of the R. C. A. F. was killed on active service on June 29. He was a son of Richibucto's esteemed Postmaster J. Theodore Vautour and the late Mrs. Vautour (nee Gene Purcell) and was born on June 17, 1915, being thus 29 years of age.

The late Pilot Officer Vautour received his early education at Tracadie, subsequently at St. Joseph's University and Richibucto Grammar School. He was working in the C. N. R. shops at Moncton when war broke out and enlisted from there. He received his wings on October 22, 1941 in Brandon, Man., and went overseas in November, 1941.

He was the only pilot officer from Richibucto overseas and the first Richibucto boy to make the Supreme Sacrifice.

The deceased young officer was very popular with all who had the good fortune to know him. He possessed a pleasing personality, was quiet and of even temperament, had a distinct attractiveness of manner and was exceptionally bright at whatever he undertook. His passing is a distinct loss to this community and profound sympathy is being expressed throughout the Shiretown and district to his esteemed father and step-mother also to other members of the bereaved family in the great loss they have sustained.

PO. Vautour is a grandson of Mrs Joseph Purcell and the late Joseph Purcell and has two sisters residing in Charlottetown, Miss Imelda student nurse at the Charlottetown Hospital and Miss Marie who resides with her aunt Mrs. John Kane to whom deepest sympathy is extended.

New Ministerial Salaries Provided

OTTAWA, July 12—(CP)—Prime Minister King today placed on the Commons order paper a resolution providing authority for the payment of salaries of $10,000 a year to the Minister of Veterans Affairs and the Minister of Reconstruction.

The two Ministers will head departments to be established under legislation recently approved by parliament. All cabinet ministers receive a uniform salary of $10,000 a year.

While it is anticipated that a special minister will be named to the Veterans Afafirs department it has been indicated that the reconstruction portfolio will, for a time being at least, be held by one of the present ministers in which event he would not be paid additional salary.
