5 Reasons

why the public should patronize local merchants rather than mail order houses.

1 In the greater number of lines shown, we have a better selection of goods to choose from, than any catalogue gives you.

2 Here you can handle and examine the goods at your leisure and see just what you are buying.

3 Any goods bought from us can more easily be exchanged if not satisfactory.

4 Our average prices are we believe, lower, although certain well known lines, are often cut for advertising purposes, and to create the impression that all goods are proportionately cheap.

5 We have endeavored to forecast your wants, and have provided a really magnificent display of high class jewelry and sundries. We ask the pleasure of a visit to our store.
