PROSPECTUS

Prowse Bros., "Limited"

Capital \$150,000,
in 1,500 shares of \$100 each.

PROVISIONAL DIRECTORS

Lemuel Ezra Prowse, of Sydney, N. S.
Benjamin Charles Prowse, of Charlottetown.
Edward Chandler, of Charlottetown.

SECRETARY

Albert William Mitchell.

The Company of Prowse Bros. Limited, is being formed for the purpose of carrying on a General Merchandise Business in Charlottetown and Sydney, also a Lumber and Milling Business in Souris, P. E. I.

For this purpose the Company purpose taking over the splendid business, The Goodwill, and the Property of the well known Firms of PROWSE BROS., and PROWSE BROS. & Co., at their fair market value, and to continue the business in the most approved manner.

It is also proposed to enlarge the present business, taking in other lines such as Boots and Shoes, Etc. To do this it is necessary to secure more capital, and it has been decided to do so in the only manner thoroughly approved by the business world—namely, forming a Joint Stock Company, with Limited Liability.

This has been done, and, in order to have as many as possible of our customers interested in the Company, we purpose to sell Two Hundred and Fifty Shares of Stock in small lots at \$100 per share, to Farmers and others throughout the Island, believing that all such shareholders will be standing advertisements for the Company, and do all in their power to help the business in every way.

As soon as these shares have been sold, a meeting of all the shareholders will be called and Directors elected, Bye Laws enacted and the Company-Organization completed.

It is also proposed to pay 6 Per Cent Interest per annum on all shares, so sold in P. E. Island, and that the Provisional Directors will buy these shares back at the end of five years from date of issue at \$105 per share; this is intended to equal an annual interest on the investment at the rate of 7 per cent. per annum for 5 years.

The Business which the Company is taking over is one of the best, if not the very best, paying businesses in P. E. Island to-day, and is increasing every year by large amounts. This is no doubt a gilt edged investment for the shareholders.

The management of the business will be in the hands of the present managers who have built up the business to its present magnificent proportions.

It is also proposed that after the payment of 6 per cent. per annum on all shares of the Company, the balance of the net Earnings shall be transferred to a reserve or rest account.

The Dividends for five years at the rate of 6 per cent. are guaranteed by the Provisional Directors, L. E. Prowse, B. C. Prowse, and Edward Chandler.

Applications for shares can be made through our agents or personally at the head office of the Company. Shares are not transferable, except at the head office of the company, and by consent of the Directors.

All the goods in our big store not mentioned here are in our big sale. If you don't see what you want ask for it.

The reduction is sweeping—reason—we must convert all the goods possible into cash before we turn the business over to the new company. It's good level headed business to do so—even though we may lose a little by it. Not a thing has been disturbed, the tag on each article tell its own story—Seeing is believing—therefore the only thing to do in to come and see.

The Proof—If we cannot make good the claim that we are now selling better goods at lower prices than anyone else in town you can say "Good-bay" and walk out. We mean business, put us to the test.
