CAMPBELL GOVERNMENT RE - ELECTED

Charlottetown Goes Strongly Conservative

Doles & Patronage Promises Swing Government Back Into Power With Reduced But Still Powerful Majority.

For the first time since 1915 a Government of Prince Edward Island was sent back to serve a second consecutive term by the electors of the Province.

Led by Premier Thane A. Campbell, first time he led a party into a general election as Premier, the Liberals annexed 26 seats in the Legislature. The Conservative Party gained three. One seat was in doubt, figures being incomplete in the Third District of King's County.

In the 1935 elections, the Liberal Party made a clean sweep, taking all 30 seats in the Assembly.

Three of Premier Campbell's Cabinet will be missing at the next session of the Legislature. Hon. T. W. L. Prowse, member without portfolio, was defeated by W. A. Stewart, Hon. B. W. LePage, President of the Executive Council was defeated by R. R. Bell, while Hon. L. R. Allen, member without portfolio of the Government, did not run for re-election.

Substantial Majority

Early in the night election of Dr. W. J. P. MacMillan, Conservative Leader, and his running mate, W. A. Stewart, was noted. The two polled a substantial majority to represent the fifth district of Queen's County, Charlottetown common and Royalty.

This election heartened Conservative supporters but later in the night as the tide turned the other way Liberal after Liberal was elected and defeat of the Conservatives was certain.

Other Conservative elected was youthful R. R. Bell who polled one vote more than Hon. B. W. LePage in the Second District of Queen's County Councillor's seat race. Mr. LePage announced he would ask for a recount.

MacPhee Leading

One of the two seats in the Third District of King's County was in doubt last night. Incomplete returns indicated the Speaker of the Legislature, Hon. S. S. Hessian was trailing Conservative H. F. McPhee by 97 votes in ten of 11 polls for the Councillor's seat.

John Mustard, Liberal member of the last assembly, was leading Leslie Hunter by 123 votes for the Assemblyman's seat in the same district.

Rest of the Province was Liberal. A sweep was made in Prince County. Premier Campbell and his colleague Aeneas Gallant took the First District seats, Hon. W. H. Dennis, Minister of Agriculture and George H. Barbour the Second District, Thomas Linkletter and Hon. Marin Gallant, member without portfolio, the Third District, Horace Wright and C. C. Baker the Fourth District and B. W. Robinson and E. P. Foley the Fifth District. All were members of the last Legislature except B. W. Robinson.

Queen's County saw three seats go to the Conservatives and seven to the Liberals. The Government took the First District, W. F. Alan Stewart and Donald N. McKay polling majorities.

The Second District of the County was split. Conservative R. R. Bell won the Councillor's seat

Royal Party Is Enroute To Ottawa

MONTREAL May 18—(CP)—Sharp at 11 P. M., EDT, the Royal Train bearing the King and Queen to Ottawa after a Montreal visit of nearly nine hours pulled out of Windsor Station tonight.

Arrival of Their Majesties at 2.15 P. M., touched off a demonstration such as Montreal has never seen. The tremendous acclaim they received reached a climax tonight in Dominion Square when they made two appearances on the balcony of the Windsor hotel where they were entertained at a civic banquet.

The King and Queen appeared first on the balcony before going to the banquet hall. So great was the clamor of the insistent crowd that they made a second appearance during the banquet.

Young Edmonton Artist Praised

(By The Canadian Press)

EDMONTON, May 18—Lauded by London critics, Eric Friefield, 20-year-old Edmonton artist, has returned home after eight months in the Empire's capital. He won acclaim last February for his 39 water colors exhibited at the Brook Street Galleries in London.

Last August Mr. Friefield left Edmonton, working his way to the Atlantic seaboard on a cattle train. He crossed to London on a cattle boat and arrived there with only $200.

Unknown and without friends, it was not long before he attracted attention in the London art world.

After his London exhibition, the art critic of the London Times declared:

"He composes well, he has exceeding good sense of tone and his handling of the medium is broad and free."

Mr. Friefield won prominence here in 1937 when he was awarded a Carnegie scholarship for the Banff School of Arts. He plans to return to London in the fall.

VOTE DEFENCE ESTIMATES IN PARLIAMENT

Debate In Commons Concluded On Record Peacetime Allotment.

OTTAWA, May 18—(CP)—In little more than four hours the House of Commons today voted $57,000,000 to complete the Government's defence estimates of $63,000,000, a peacetime record.

With general debate on defence policy out of the way to begin with, the House today sailed through most of the detail with little hesitation but that caused by members seeking information from Defence Minister Mackenzie.

The unspectacular day saw the public galleries of the House unusually well filled with a constantly changing audience—apparently visitors in the capital for the royal visit. During the day cabinet ministers who helped welcome the King and Queen at Quebec, returned to their places in the treasury benches.

In application to Canada of the Army Act of Great Britain under a provision of the Canadian Militia Act was vigorously attacked by several opposition critics who contended Canada's Act should be complete in itself.

Oppose Death Penalty

Particular objection was taken to imposition of the death penalty under the British Act. M. J. Coldwell (C.C.F. Rosetown-Biggar) urged removal of several offences from the category of capital offences, especially cowardice. This was often merely the result of continued strain and shell shock and could not be considered a capital offence by "decent minded citizens."

The non-permanent active militia received $2,950,488 under the vote today, including both main and supplementary estimates, to give that arm of service more than ever before.

When the defence estimates were completed, Finance Minister Dunning introduced the resolution on his bill to amend the Income Tax Act to exempt industries to the extent of 10 per cent of new capital exenditures undertaken this year, the exemption to be spread over three days.

Broadening of the original scheme was proposed by the Minister today so that if an industry did not earn enough income within the three years to permit its full exemption, that tax credit would be available up to the end of six years.

R. J. Deachman (L., Huron North) submitted that this whole scheme was a "rear door approach" to the problem of increasing employment. The Government might better lower the sales tax and so increase consumptive demand.

Mr. Dunning said the plan was entirely experimental. Parliament would watch closely to see how industry responded to this opportunity. As to the sales tax, it was a curious phenomenon that every increase in the tax had been followed by a more than proportionate increase in the aggregate return from that source. Debate on the resolution was not concluded.

Conscription Bill Passes British House

LONDON, May 18—The Government's compulsory Military Service Bill, under which all men of 20 years of age, with certain exceptions, will undergo six months training, received third reading in the House of Commons tonight. The vote was 337 to 130 with Labor opposing the measure.

An amendment adopted before final passage exempted citizens of Canada and the other Dominions and the colonies from the bill's provisions provided they have been in Great Britain less than two years, or can show the are here for educational purposes.

The House also gave third reading, without division, to the reserve and auxiliary forces bill which simplifies and accelerates the machinery for calling out the armed forces in event of emergency.

INCORPORATED HERE

OTTAWA, May 18—(CP)—Notice of the following incorporations was given in the current issue of the Canada Gazette, published today:

Wendover Investments, Ltd., $10,000, Charlottetown; Tyndall Investments, Ltd., $10,000, Charlottetown.

Millions Cheer King And Queen

Unprecedented Display Of Emotional Loyalty Greets Sovereigns On Tour.

(By R. K. Carnegie, Canadian Press Staff Writer)

MONTREAL, May 18—Drama, splashed over the broad stage of Canada's greatest city and enacted by 2,000,000 subjects, was unfolded before the eyes of the King and Queen today as they watched Montreal in an unprecedented display of emotional loyalty.

There was drama in every foot of the way as Their Majesties toured the city, smiling and happy, seeing the millions demonstrate their affection for the royal couple and their joy in having them here. Perhaps it's trite to say they captured the hearts of Montrealers and the million visitors here but that's exactly what happened.

Thousands who wouldn't be content with one glimpse through a periscope or over someone's shoulder raced through side streets for a second sight of the first British King to visit Canada and his gracious, charming Queen.

Royal Couple Happy

Each function in the eight-hour and 45-minute stay in this historic centre of French-Canada presented an opportunity for thousands to cheer and shout for Their Majesties and they accepted it enthusiastically.

Moving through their crowded program with quiet ease, the Royal Couple were unmistakably happy in the welcome given them on their second day in Canada. As they rode through the streets in the royal motor car and as they made their various stops the joy they felt was evident in their faces.

There were 100,000 people to greet them at Jean Talon Station when they arrived there at 3:15 P. M. A. D. T. in the royal train from Quebec after accepting the homage of dozens of cities, villages and hamlets on their 186-mile trip and making their only stop at Three Rivers.

Their 23-mile route through the city on a parade which followed was lined five and six-deep at all places and thousands were congregated in squares, on bleachers, in vacant lots, in windows and on rooftops.

STADIUM JAMMED

More than 48,000 Catholic school children presented Their Majesties with a vocal bedlam little more than an hour after their arrival. Jammed into Montreal Baseball Stadium, the youngsters stood up as the Royal Couple rode slowly around the cinder path, cheered, waved Union Jacks, Papal flags and school banners and shouted "Vive le Roi Et La Reine."

From the stadium the King and Queen moved through packed streets to cross the Jacques Cartier Bridge over to St. Helen's Island, half-way across the St. Lawrence from Montreal Island and the mainland. They were almost seven minutes ahead of their carefully planned schedule at this point but on their visit to the City Hall that time was lost and thereafter their schedule was off.

They arrived at the royal train at 6:15 E. D. T. (7:15 PM A. D. T.) 15 minutes behind schedule, to dress for the elaborate dinner given by the city tonight.

The "Hall of Honor" at the City Hall was a blaze of brilliant decoration as they walked through it on their way to Mayor Camillien Houde's office with Prime Minister Mackenzie King who accompanied them all as minister in attendance to the King.

Statements

DR. McMILLAN

"It was the verdict of the people," Dr. W. J. P. MacMillan, leader of the Conservative Party on Prince Edward Island said in a statement to the press last night regarding the result of the general elections.

"However, I still believe if sufficient time had been given for the candidates of both parties to discuss the issues fully, the result would have been different," the Conservative Leader said.

"At least there will be enough opposition in the House to give the public the information it was denied during the last four years."

PREMIER CAMPBELL

"Salient fact was the swing of the pendulum has been arrested and for the first time in 25 years a government has been returned to power on Prince Edward Island," Premier Thane A. Campbell said last night in Alberton in a statement to the press regarding the victory of the Liberals in the general elections.

He regretted he did not have the opportunity to thank the citizens of the province personally for expressing their will at the polls by giving the Liberal candidates "a substantial majority of their votes."

"I am pleased and would like to express sincere appreciation to the electors of the First District of Prince for returning my colleague, Aeneas Gallant, and me, especially when I was away from the riding for the greater part of the campaign speaking at various meetings."

The Premier said he had no statement to make regarding his new cabinet, "for the present, at least."

U. S. Restores Tariff On Canadian Cattle

BUFFALO, N. Y., May 18—(AP)—The regular tariff of three cents a pound on Canadian cattle has been restored, customs collector Martin Bement said today, in the expectation that the quarterly quota of 51,720 head soon will be filled.

The tariff was reduced to 1 1-2 cents a pound April 1 under the Reciprocal Trade Agreement. Bement said importers sending cattle to the Buffalo market would receive a rebate if their shipments were ruled within the quota.

POLICE AND JEWS BATTLE IN JERUSALEM

More Than 100 Casualties Are Suffered In Street Fighting

(By The Associated Press)

JERUSALEM, May 18 — More than 100 casualties were suffered tonight in fighting in the streets of Jerusalem between police and Jewish youths demonstrating against Great Britain's new policy of an Independent Palestine.

At least 100 Jewish youths, most of them between the ages of 10 and 16, were wounded.

Police suffered several casualties, and at least two of them were injured severely by revolver shots.

After the Jews had made an orderly demonstration march through the central streets of the city, some 5,000 Jewish youths assembled in the early afternoon in front of the district commissioner's office to carry on their protest against Britain's policy.

Baton Charge

Booing police and throwing stones, they drew a baton charge by police. The crowd recoiled somewhat, then pressed forward, hurling stones.

The police were forced to give way in order to allow time to receive reinforcements.

Then wave after wave of police charged down Jaffa Road, some with batons swinging.

The Jewish youths, refusing to give way, replied with stones or any objects they could seize.

For three hours the battle continued without a let up.

Then the police finally got the upper hand and broke the resistance.

By 9.30 p.m. more than 100 Jewish injured had been counted. Many of the injuries were serious.

Police fired shots over the heads of the rioters during the battle in an effort to disperse them.

In similar demonstrations at the all-Jewish city of Tel Aviv at least 40 persons received first aid hospital treatment in a number of clashes between Jewish youths and police.

In the Jerusalem disorders an official of the Czecho-Slovak consulate was wounded seriously when he was attacked and stoned by a mob as he drove in his automobile near the district commissioner's office.

British police reported two of their number were wounded by shots fired from revolvers in the fighting there.

Many shop windows were broken by the flying stones.

The fighting climaxed a day which saw 175,000 Jews marching, singing, shouting and carrying placards protesting the plan to put Palestine under Arab control and end the Jewish dream of a "national home" in the Holy Land.

More Troops Are Landed At Kulangsu

AMOY, China, May 18—(AP)—Outnumbered exactly three to one by combined British-United States French forces, a Japanese landing party in Kulangsu, Amoy's International Settlement, further restricted its activities tonight.

The 42 Japanese bluejackets were concentrated at the Japanese hospital in Kulangsu. They had ceased attempting to patrol streets of the island in Amoy Harbor and their search for the slayers of Hung Lihson, whose assassination was given as the reason for the landing in Kulangsu, was pursued quietly.

Forty-two French marines were landed today from the Cruiser Emile Bertin to join parties of the same number of British and American sailors from the Cruisers Birmingham and Marblehead put ashore on Kulangsu yesterday.

British, United States and French naval officers said their parties would remain indefinitely for the protection of their nationals' interests.

HUNDREDS DROWNED

KUPAND, Timor Island, Dutch East Indies, May 18 —(AP)—Hundreds of natives were reported drowned today in floods which devasted parts of this Island. Damage was estimated at more than $1,000,000.

Island Looks Forward Eagerly To June 14th

Their Majesties King George and Queen Elizabeth arrive in Charlottetown on June 14,—less than a month from today.

Owing to the election campaign, insufficient attention has been given to the plans for organizing a suitable welcome, but now that the election is a thing of the past, all efforts should be devoted to this important end.

As will be seen from the reports in today's issue, a magnificent demonstration was given in honour of Their Majesties in the city of Montreal.

From now on, concentration should be made on developing the preparations for a royal welcome to King George and Queen Elizabeth to this Royal Island of Prince Edward.

Way To Bow Only Special Training Given To Quints

CALLANDER, Ont., May 18—(CP)—The Dionne Quintuplets have been taught to bow but that is the only special training they will receive for their presentation to the King and Queen in Toronto Monday.

The Quints are not being loaded with instructions on what to do and say to Their Majesties, Dr. Allan Roy Dafoe said today. The Quints' physician wants them to act natural so he has limited their training to the proper method of bowing or curtseying. Too much training might make them "stiff" and unnatural in the presence of the King and Queen.

The Quints have come to believe that they know the King and Queen through a large photograph of the Royal Couple that is in their home. So there is little fear among their teachers and nurses that they will be even slightly flustered.

"I'll bet all Royal dignity is forgotten when the King and Queen see the babies," chuckled the little doctor, who says it is quite a "job and responsibility" getting everything ready for the trip. He'll be "pretty glad" when he's on the train going back.

Dr. Dafoe said the babies are in "excellent health" and should take the train ride in stride. It will be their first since their birth almost five years ago.

Franco Will Hold Victory Parade Today

MADRID, May 18—(AP)—Hundreds of thousands waited in Fiesta mood tonight for General Franco's triumphant entry into this traditional capital of Spain tomorrow, symbolizing establishment of Spain's new Nationalist order.

The day will be a national holiday and may prove a landmark in the new regime's course.

In one of the mightiest military demonstrations in Spanish history, Italian and German soldiers who served the Nationalists will parade for the last time in Spain.

An estimated 12,000 Italians will sail soon for home from Cadiz and Alicante. Between 5,000 and 6,000 Germans are to sail from Vigo.

Also, in an "important discourse" after the parade, Franco is expected to outline Spain's future foreign policies and announce his program for Spanish reconstruction.

Hundreds of thousands of his soldiers, to be demobilized after the victory celebration, are expected to be assigned to reconstruction tasks and employed in industries which have returned to peaceful manufactures after supplying armaments for more than two years.

Out Of Arctic After 16 Years

(By The Canadian Press)

ST. BONIFACE, Man., May 18—After serving for 16 years as a teacher at Aklavik Islands, Fort Chipewyan and Fort Resolution in the Northwest Territories, Sister Josephine Desault of the Roman Catholic Order of Grey Nuns has returned to her home here for a rest. She plans to go back north in a few months.

Except for the huge transport buses which she described as novel and interesting, Sister Desault expressed little surprise at the changes which have taken place since she left civilization for the Arctic Circle in 1923.

She is principal of the school at Mackenzie Delta post, 1,200 miles north of Edmonton on the mouth of the Mackenzie River, where she instructs Eskimo and Indian children.

Royal Program For Friday

The King and Queen reach Ottawa today for a stay of two and a half days in the capital. Here is the first day's program:

11 A. M. E.D.T.—Arrival. Greetings from Governor-General and Lady Tweedsmuir. Presentation of Federal Ministers, Mayor J. Stanley Lewis of Ottawa and Mrs. Lewis, Ottawa members of Parliament and their wives.

12:30 P. M.—Presentation of credentials to His Majesty by Daniel C. Roper, new United States Minister to Canada. Reception to other diplomatic missions.

3 P. M.—Royal assent to legislation in the Senate.

3:15 P. M.—Reception to press representatives at Rideau Hall.

8:15 P. M.—State dinner at Rideau Hall.

British Loan To Spain Improbable

(By The Associated Press)

LONDON, May 18—A British loan to Spain is improbable, Sir John Simon, chancellor of the exchequer, told the House of Commons today.

Several members had asked if it were true that British banks were investigating Spanish credit, and had declared their disapproval of the floating of a loan in London.
