

### Tailors' Bad Backs.

The cramped up position in which a tailor works comes hard on his kidneys and back. Varying escape backache, pain in the side and urinary troubles of one kind and another.

Often times the first warnings of kidney disease are neglected—think it will be all right in a day or two—but sick kidneys won't get well without help.

**DOAN'S KIDNEY PILLS**  
Are the best friend of kidneys needing assistance. Read the proof from a tailor who has tried them.  
Mr. John Robertson, merchant tailor, Durham, Ont., gives his experience as follows:  
"I had been ailing with my kidneys for more than a year when I commenced taking Doan's Kidney Pills, which I got at McFarlane's drug store, and am sincerely glad that I did so. The wrong action of my kidneys made me sick all over and caused me much inconvenience and pain. That is now a thing of the past, because Doan's Kidney Pills cured me. I have had no trouble or inconvenience with my kidneys or back since I took these remarkable pills, and you may be sure that I gladly recommend them to other sufferers."

Do you desire perfect satisfaction with your corsets? Of course you do! Then try a pair like those shown above. You can get a pair to fit you just as snugly and which will almost fit you with the long wear they will give. The material, fit and finish cannot be surpassed.  
The E. T. is A. I.

### PROGRESSIVE SYDNEY.

(Continued from second page.)  
dollars a week and upwards; and, by the way, the bill of fare is certainly not the best in the world. We must not complain, however, for boarding house proprietors in Sydney are about as independent a class of people as are to be found anywhere, and, sad to say, they can well afford to, for scarcely a day passes but that they do not have to refuse applicants for board.

**THE WAGE EARNERS.**  
The laboring class employed at the steel works are composed mostly of foreigners principally Italians and Newfoundlanders and, taken on the whole, are rather a hard looking lot of men. Their pay is about \$1.00 a day, and a majority board at the shacks, while a large number are even lucky in securing board in North Sydney.

**PAY DAY AT THE WORKS.**  
One of the strangest and novel sights to be seen at the works can be witnessed on a pay day. A whistle blows at 4 p. m. on such days, which means that all the pick-and-shovel brigade, besides other laborers are to knock off work for the day. It also means they are to go to the pay office for their pay. The rule is "first come first served," and according as they arrive at the office they are to stand in line, in pairs of two, and await their turn. Some get there sooner than others, and by the time the last individual arrives—who perhaps unfortunately for himself, is engaged a mile or so distant from the pay office—two lines fully a half mile in length are formed. There are two "pay windows," one on each side of the building, and those holding work checks numbered from 1 to 2500 go to one side of the office for their money, while those holding checks from 2,500 to 5,000 line up to the other.

**THE RUSH AT THE OFFICE.**  
Of course every one tries to outstrip their neighbor in order to reach the office and get into the front ranks, as it means quite a wait for the end men, and such hurrying and scurrying! Talk about the Boers fleeing from "the men of Paardeberg!" The whistle is scarcely sounded when, as if by magic, about three thousand men drop the picks and shovels, or whatever they have in hand, grasp their jackets and smoky little dinner pail, and make one grand attempt at sprinting. It means much to the men who reach the front row at the pay window.

**POLICEMEN KEEP ORDER.**  
And to watch these men "getting a ratt on"—perhaps the first real exertion for the day—you would imagine their lives depended on their speed; and many the one gets a toss that sends his little pail flying many yards away. One would think there would be some difficulty in keeping such a large number of men in order; but several policemen employed constantly by the D. I. and S. Co. are stationed "along the lines," and the first attempt at showing or the slightest disorder results in the offenders being quickly dumped into the "hurry-up" wagon and conveyed to jail, which would mean fine and dismissal.

**NUMBERS LOOKING FOR EMPLOYMENT.**  
Great numbers of men looking for employment who arrived in Sydney when the boom was red-hot, finding that everything was not quite so bright as was pictured in the papers, and being unable to secure suitable employment, attempted as a last resort before returning, to take up the pick and shovel; but when they faced the men at the shacks their hearts, also their appetites failed them; they became disgusted with the place and left Sydney, vowing never to return. Things are much better now, but at the time of which I write the sanitary condition was far from being anything good.

**P. E. ISLANDERS DOING WELL.**  
A large number of P. E. Islanders came and went, unable to find suitable employment, but then, of course, things were not beginning to assume their best aspect, and the appearances at the time may have had a discouraging effect. On the other hand, however, many Islanders came and remained, bringing their families, and to-day are doing well, some being among top-notches of the coming town of Eastern Canada, of whom I will refer to later.

**GREAT STRIDES IN BUILDING.**  
Great strides are being made in the building line, and many magnificent buildings are being constructed.  
Here may be seen the largest, finest and best equipped foundry in Eastern Canada, which, when completed, will give steady employment to a couple hundred men. Already about fifty master mechanics are employed at wages averaging about \$3.50 per day. While in the mammoth machine shop great crowds of workmen are busily engaged in getting the machinery in order.  
A DINING ROOM WHICH WILL SEAT 650.

Here also is the largest dining room in the country, where about six hundred and fifty men sit down to dinner at one time, necessitating seventy daintily attired waiters to attend to their wants. The chef d'cuisine is Mr. Alphonse Vassallo, a man with considerable experience in his line, and is evidently the right man in the right place.

**FEELING THE STURDY FOREST.**  
In and around Sydney everything seems to be bustling. Back of the works can be heard the song of the modern pioneer's axe, felling the sturdy forest trees, which are being supplanted by beautiful residences and streets. One of the streets recently opened up was named Pretoria Street after the African war, and another Whitney Avenue, in honor of the progenitor of the town's present standing and phenomenal prosperity—the man who has made Sydney a

name to conjure with.  
**THE CURSE OF THE LIQUOR TRAFFIC.**  
One great fault, however, to be found in this "Pittsburg of the North," is the liquor traffic. Candidly speaking there is three times as much drunkenness in Sydney as in Charlottetown. And Sydney a Scott Act town, too. Where the fault lies in the non-working of the Act seems to be due to the inactivity of the town council in this regard. Indeed it is openly hinted that this body is in league with the rum sellers; but whether this be true or not, it is nevertheless a deplorable fact that the terrible curse of intemperance is slowly but surely, hewing terrible lines in the ranks of the youth of Sydney.

**RUM IS OPENLY SOLD.**  
Rum is openly sold, the law is most openly and flagrantly violated, not the slightest attempt on the part of these mixers of the demon drink being made to hide, or even moderate their nefarious and devilish business. The newspapers, too, of the town are silent on the subject, a fact very much to be regretted. If that good old temperance advocate, the people's paper, THE GUARDIAN were only located here, it is certain its good effects would be felt and welcomed by many fathers and mothers of the town of Sydney.

The population of Sydney approximately speaking, is now about eight thousand people, but it will not remain that small very long. Mr. A. J. Moxham, the manager of the big works, says that in ten years or less the population of Sydney will reach twenty thousand. There is no doubt but what it will, if it continues to increase at the present rate.

### "I was suffering with what the doctor called chronic indigestion, torpid liver

and vertigo," says Mrs. Martha E. Barham, of Newville, Prince George Co., Va. "My symptoms were giddiness in the head, pains in my chest and an uneasy feeling all over. I also had female weakness. I was all run down, and could not do any work without suffering from nervous attacks, so I wrote to you. You advised me to use Dr. Pierce's Golden Medical Discovery and Favorite Prescription. I used five bottles of each. I gained in health and strength. When I commenced to use the medicines I weighed only 112 pounds, now I weigh 140. My husband and friends all thought that I would die, but to-day I am a well woman."

Mrs. Barham's experience is not singular. Thousands have given similarly strong and convincing testimony. There are no other medicines in the world that have such a long and continuous record of cures.

There are no other medicines "just as good" or "just the same" as Doctor Pierce's. Like all valuable things these medicines are sometimes imitated. Don't be imposed upon. See that you get what you ask for.  
If you have any doubt as to the nature of your ailment write fully, giving your symptoms, to Dr. R. V. Pierce, chief consulting physician, Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He will consider your case carefully, and will tell you, absolutely free of charge, what to do to get well.

### Pleasant Anticipations

Come to young and old at the sight of a cold bottle of our **Ginger Ale, Cream Soda, Lemon Sour, etc.**

They are not only delightful beverages but they are pure and wholesome, making them the safest of all summer drinks.  
For sale by all grocers etc.

**G. H. SIMMONS.**

Fares moderate.  
For particulars apply to Mrs. Newson, Seaside Hotel, Rustico, P. E. I., or to  
**JOHN NEWSON.**  
=ly 4 d & ntif. Charlottetown, P. E.

### International Y. P. S. C. E.

General Secretary Baer Reports Progress at the London Convention.  
LONDON, July 21.—General Secretary Baer has delivered his annual report reviewing the Christian Endeavor movement and citing its remarkable growth as proof that God is in the movement. Beginning in 1881 with one society and fifty members, in 1900 it has nearly 60,000 societies and more than 3,500,000 members. Continuing, he said:  
"Nineteen years ago one country—America—giving birth to our society; today every nation and land flies the Christian Endeavor banner. Quietly and steadily, and at the same time with wonderful rapidity and vitality, has this new force come into the church life of the world, and we are only beginning to appreciate how strongly the ties of international fellowship and brotherhood are being cemented by Christian Endeavor."  
"We find in the land of its nativity the United States of America, the largest number of Christian Endeavor societies. The enrollment is 43,202 societies. Great Britain (and these figures include England, Ireland, Scotland, and Wales) comes next with about 7,000 societies. Let me turn aside here to invite the jingo politicians in Great Britain and those in the senate in the United States, who rejected the arbitration treaty between England and the United States, to consider the Christian Anglo-Saxon alliance already formed between young American and young Britain by the members of these more than 50,000 societies of Christian Endeavor."  
"And then we are pleased, while our hearts are beating with true patriotism, to think of our brothers and sisters in Australia and Canada, loyal to Victoria, their Queen, beloved by us all."

**CHINA LEADS THE WAY.**  
Mr. Baer said China, poor, bleeding, storm-wrecked, was the first foreign country to take from the United States the Christian Endeavor seed and now has 148 societies; India has 450; Germany, 108; Africa, 139; France, 69; Jamaica, 120; Mexico 110; Madagascar, 93; Japan, 73; Turkey, 60; Spain 30.  
The total enrolment outside the United States and Canada, including the South American republics, missionary lands and the islands of the sea, is 12,540 societies.  
"This figure," said Mr. Baer, "augmented by the greater number in the United States and Canada makes an interdenominational, international, and interracial brotherhood 'for Christ and the church' of 59,712 local societies with a total membership of 3,200,000."  
"Keep in mind that Christian Endeavor is now nineteen years old, and that the first society of Christian Endeavor was made up of young people under 18 years of age, and you will understand why, in the last few years, over 1,000 intermediate Christian Endeavor societies have come into existence. The most of these at present are to be found in the United States."  
Mr. Baer concluded his report with an exhortation to his hearers to press forward with a quickening pace and an unbroken front against the hosts of sin.

**OFF THE TRACK.**  
This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered and who consequently have pimples and sores, bad stomachs, deranged kidneys, weak nerves and that feeling, Hood's Sarsaparilla puts the wheels back on the track by making pure, rich blood and curing these troubles.  
Constipation is cured by Hood's Pills.

**Freed Slave of Henry Clay.**  
NEW YORK, July 21.—Lucinda Taylor, an old colored ex-slave, was sent to-day to the state infirmary, says a Cincinnati special. She is a 110 years old and blind. The woman was a slave of Henry Clay, and when General Bolivar Buckner married Colonel Clay's daughter the Taylor woman was given to Mrs. Buckner as a wedding present. She remained with them until the slaves were liberated.

**PAIN-KILLER** cures all sorts of cuts, bruises, burns and strains. Taken internally it cures diarrhoea and dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. 25c and 50c.  
Ventilated corsets 35 cents and the fine feather weight ones 95 cents.—Jas. Paton & Co. 18 tf  
Bought before the rise.—100 men's fine summer light weight Saxony wove underwear, worth up to \$3.00 a suit, going at \$2.30, won't shrink; also see our cotton Balbriggan underwear at 75c., \$1.00, and \$1.50 a suit. All sizes from 32 to 44.—Jas. Paton & Co. 18 tf  
White pique and white duck.—Lots of it here at Paton's. 18 tf

**Dr. J. H. Ayers,**

Consulting Engineer for General Work Specialties—Hydraulic, Sanitary Engineering and Bridge designing.  
Offices—Charlottetown and St. J. h.

# Hear of a Big Fire

Anywhere, two more will follow. Hear of a suicide or hanging, two more will go by the hemp route. Hear of a great disaster, two more will come. Hear of a murderer's conviction, two more will get it in the neck. Meet one cross-eyed woman, you'll meet two more with eyes cut bias. Meet one cripple at Cripple Creek, you'll meet two more cripples at Cripple Creek.

People come in threes to-day after those all-wool boys suits we are selling at \$3.00.

Three salesmen sold three suits in "one, two, three order" in three quarters of an hour.

To-day's the twenty-third day of our great July sale of Boys' Clothing.

There are a good many mothers in Charlottetown to-day who can save as much money on a boy's suit as a husband earns in a day.

See to it at once, please, we're waiting for you.

## Prowse Bros.,

What trade we have we'll hold, what we haven't we're after.

## Important Notice

### Lancashire Fire Insurance Co

### Victoria-Montreal Fire Insurance Co

The above Companies are not connected with the P. E. Island Board Fire Underwriters, and are not bound by the tariff rates. I am, therefore, pleased to effect insurance at **substantially reduced rates.**
