Alberton Boy Loses Life in Drowning Accident

Trying to swim a stretch of water at the mouth of Alberton Creek, Roy Ramsay, twelve-year-old son of Mr. and Mrs. Peter Ramsay, Alberton, was drowned on Monday afternoon. The accident took place about 2.45.

He and two playmates, boys by the name of Callaghan and McAlduff, went swimming at this place and according to the story of the other boys the Ramsay boy started to attempt to swim across the neck of the creek. Although it is not wide there is a strong current and there was a stiff breeze blowing. His companions watched him swimming across and as he neared the other side he disappeared.

The boys immediately ran for help but it was nearly an hour before they were able to get anybody to the scene and a boat out. Dragging commenced as soon as possible and the body was recovered about fifteen minutes to five. He had then been in the water for two hours and it was too late to do anything.

Alberton R.C.M.P. were called and Coroner J.E.C. Hunter who decided an inquest was not necessary.

The place the accident occurred is about a half mile from Alberton.

The boy's father Peter Ramsay, is a fisherman and there is a large family.

The funeral is today to Elmsdale United Church Cemetery.—S

Beef Prices Now Definitely Stabilized

The price for beef is now definitely stabilized by the Wartime Prices and Trade Board. This price can be determined from week to week by the Beef Price Chart, which is now required by law to be prominently displayed in every Prince Edward Island butcher shop. Shoppers in meat stores should become chart conscious and demand that their butchers keep these prices displayed.

Although the price for various cuts of beef may fluctuate from week to week, the following are the maximum charges for commercial quality beef for some of the more popular cuts: round steak or roast 37 cents a pound; rump roast, round or square end 37; wing steak or roast 43; rolled rib roast 35; plate brisket, fresh or corned 18; plate brisket, boneless and rolled, fresh and corned 23; brisket point, fresh and corned 25; rolled shoulder, boneless 32; round bone shoulder roast 28; blade roast 28; chuck roast 31; shank, front quarter 14; stewing meat, boneless 24; hamburger 23.

The above are the maximum charges for beef cuts but in the majority of cases Island meat dealers are selling below this price except in the case of the cheaper cuts.

The top ceiling price for Grade A large eggs is 55 cents a dozen, and 58 when in cartons.

Charlottetown prices for fancy meats which are unraticned are as follows: beef liver 29 cents a pound, veal liver 55; lamb 24; heart beef 15; veal 18; lamb 18. Sweetbreads beef 28; veal 55; lamb 21; There is a slight variation in these prices on the markets of Summerside and Montague, which are in different zones.

Lard is under a maximum ceiling price of 20 cents a pound in the province

Maximum poultry prices are as follows: Dressed chicken, Grade A milkfed roosters 43 cents a pound; broilers, 45; fowl, Grade A milkfed 36 cents a pound.

Have you energy for the EXTRA things?

She packs overseas boxes AFTER WORKING ALL DAY

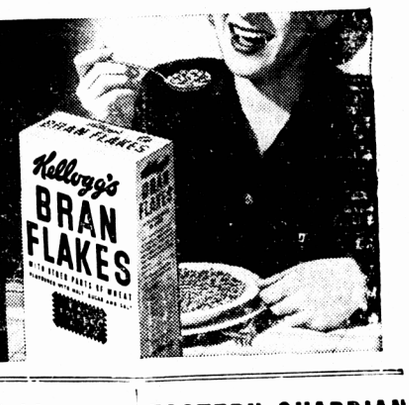
Elsie is a dentist's nurse, keeps house for her Air Force husband, spends a night every week at the workrooms packing boxes for the forces overseas. "I couldn't do the *extra* things," she says, "if I didn't keep fit. But I don't let myself get feeling depressed and headachy or out of sorts. Even after a hard day at the office, I have lots of energy to spend on my housework and my war work."

"And being a dentist's nurse is no snap, either," Elsie says. "Handling patients in the waiting room, helping the doctor, keeping accounts, amounts to a lot of hard work, though not much real exercise, so I'm careful about my habits.

"But I don't take nasty doses. I get 'bulk' in my diet by eating Kellogg's Bran Flakes for breakfast. They're so crisp and delicious, I enjoy them every morning."

If you want to keep fit for work and spare time too, take these steps to health: 1. To *get* well, see your doctor. 2. To *keep* well, watch your habits. Make sure elimination is complete. Gently laxative, Kellogg's Bran Flakes With Other Parts Of Wheat help supply valuable minerals and proteins too. And they're so crisp and appetizing you'll *want* to eat them *every* morning! Ask your grocer for the golden-yellow package—either the regular or the *new* Family package. Made by Kellogg's in London, Canada.

KEEP FIT WITH KELLOGG'S *every day in the year!*



Conservatives Given A Splendid Hearing At Coleman Meeting

A joint political meeting was held at Coleman on Monday evening. The hall was filled to capacity. Mr. McNaught, Sr., was chairman. The speakers were Hon. G.H Barbour, Messrs. Austin Ramsay, W.H. Dennis. Allie MacNeill, J.W. McNaught, Clerk of the Legislature, Hon. Dr. W.J.P. MacMillan, leader of the Progressive Conservative Party and Hon. Mr. Barbour for ten minutes at the end. All the speakers were given a good hearing.

Hon. Mr. Barbour asked Dr. MacMillan four questions and quickly received answers which discomfited him. Mr. Barbour spent nearly all his time on the Progressive Conservative platform showing that this new platform is the most important issue of the election.

Mr. Barbour in answer to a question by Dr. MacMillan admitted he had made the charge in the Legislature that the Liberal Government had wasted $20,000 in one year on Falconwood.

Mr. Dennis was asked a question by a lady in the audience as to why she could not get paid for wool sold the Department of Agriculture. The answer did not satisfy her.

Mr. Barbour was asked to explain why farmers should pay $3.00 a day for soldier labour when the soldier was paid only $1.30 a day in the army. Mr. Barbour could not answer.

Hon. Dr. MacMillan

Hon. Dr. MacMillan was given a splendid reception. He reviewed the bad management of the government for the past seven years stating that they had doubled the provincial debt in that time, in spite of the fact that they had four and a quarter million dollars more revenue from increased subsidy and new and increased taxation.

He strongly condemned the snap election which he said was called at Mackenzie King's order and showed clearly the grave injustice meted out to about 11.0000 Island soldiers, one quarter of the total vote of the Island, through neglect and carelessness of the Government in disfranchising them.

He said that Premier Jones' statement that it would cost a quarter of a million dollars to take the soldier vote was absurd in its falsity. He exposed the Government's callous and indifferent policy of treating T.B. patients and regretted that the Provincial Government had not the courtesy to give an answer to the large delegation that waited upon them many weeks ago. He showed how the Opposition had pleaded with the Government to get the Department of Pensions and National Health to enlarge the Sanatorium three years ago, and showed plainly that many T.B. patients died from this neglect.

Dr. MacMillan also exposed the indifference of both federal and provincial Liberal governments regarding the Island's precarious transportation service.

He discussed many items of the Progressive Conservative platform, stating that they would be implemented to the full, and showing how he would be able to work in cooperation with Hon. John Bracken who would be the next Prime Minister of Canada, reminding the audience that Mr. Bracken had promised a square deal to all.

The change of sentiment running against the Jones candidates was plainly evident at this meeting.
