BELT SLIPPED FROM A WHEEL PLANT WRECKED

Miraculously no One Was Injured But Factory Will Close For Repairs

Special to The Guardian.
ST. STEPHEN, Nov. 2.—The belt slipped from a sixteen-foot driving wheel in the Woodland paper mill on Saturday and before the engine could be stopped the immense wheel had gathered terrific speed and burst. One section flew upward through the factory, then into the air and came crashing down again, tearing right to the basement. Although the mill was filled with employees nobody was injured, but the plant was badly wrecked and must be closed for several weeks.

PRINCE BURIED AS PAUPER; BODY FOUND AFTER EIGHT YEARS

DENVER, Nov. 26.—After a search lasting eight years, the body of Prince Ylian Chow Cum, a leader in the Boxer uprising, has been located in the pauper section of a cemetery at Alamosa, Col. SAYS WINIPIG IS MOST RELIGIOUS CITY

TORONTO, Nov. 24.—"In my opinion, and I say this for obvious reasons, Winipeg is a very religious city. During my visit there I was driven through the city and attended several churches and found it to be one of the most religious cities in the Dominion." These were the words used today by Bishop Dumoulin, of Niagara, in the course of an address on "Canada from east to west." He did not dwell further on the subject, which has been brought into the limelight by reason of charges made against the city by Rev. Dr. Shearer, and which are now being investigated.

DR. STANDISH OF TRURO INJURED

TRURO, Nov. 25.—A somewhat serious accident occurred to Dr. Standish, Veterinary Instructor at the Agricultural College, while out driving and exercising the stallion Achilles. He was proceeding along Prince Street and when turning towards home, accidentally caught the right wheel of a truck. The shock started the stallion at a rapid pace. Dr. Standish endeavored to guide him safely, and in doing so was thrown out and injured about the head. The stallion sustained no injury whatever.

LEND A HAND

To have accepted Christ as our Saviour is not the end of our duty to Him. It is only the beginning. Then for the first time we are voluntarily under orders as enlisted men; and the question is, are we going to obey the orders? Yet Christ's professed followers seem sometimes to forget all about obeying his present orders in the satisfaction of having committed their future salvation into His keeping. The accepting of an assignment of duty is not the end of the work. In our own homes and churches. We call Christ our Saviour: does this mean that we have made Him Master and Director of our lives, and are obeying His orders for our spiritual service now and here to the lives of those about us? Life is full of weary struggle, men go down for lack of cheer; Oft the mist is in their faces, and they see no comrade near.

The couple had frequent quarrels and an investigator believes murder and suicide preceded the burning of the home.

\$61,000,000 FOR WATER

ROME, Nov. 25.—The Council of Ministers has just approved a bill having for its object the supply of water to all the towns and communities throughout Italy which as yet lack a supply. This gigantic task will involve an expenditure of 300,000,000 lire, \$61,000,000. This sum will be raised by loan, upon which the State will pay the interest, requiring the municipalities merely to repay the capital over a period of fifty years. The work of constructing aqueducts will be put in hand almost immediately, thus providing work for those who otherwise in consequence of the bad harvests, would find themselves unemployed and in want during the winter.

FINE SLEIGHING IN EDMONTON

EDMONTON, Nov. 22.—Alberta is enjoying a fine open fall weather. The farmers are doing their fall ploughing in some parts of the south country. In this city there is fairly good sleighing but very little snow in the surrounding districts. The rivers and lakes are all frozen up, and railway construction work is pretty well closed down for the winter. There has been no rain or bad storms since August.

TO TRY MAN WHO SHOT MAYOR GAYNOR

NEW YORK, Nov. 25.—The cause of the people against James J. Gallagher, who shot Mayor Gaynor, will probably be taken up soon. The defence will file an indictment. Mayor Gaynor was shot on the morning of August 8, and the prosecution has been postponed until now because Justice Swazey of the supreme court, charged the jury not to take up the case until the mayor's physicians had certified "within a year and a day" of the date of the shooting that the mayor was out of danger. Such assurances have been received, and the state will now move for an indictment "atrocious assault with intent to kill," punishable with a maximum penalty of twenty years in state's prison.

WORLD HAS 30 BIG DOCKS

WASHINGTON, Nov. 25.—There are now thirty docks in the world that are big enough to hold battleships of the Dreadnought class. England owns fourteen, and this country has nine.

NEW YORK, Nov. 24.—John J. Reynolds of the Irish-American A. C. won the annual Marathon race of the Mercury A. C. of Yonkers yesterday. Reynolds came from behind after he appeared to be out of the race and finished with a long sprint after gradually overhauling nearly a score of competitors. His time was 2 hours, 38 minutes, 36 2-5 seconds. Daniel Sheridan, of Toronto, finished second, William Galvin, of Yonkers, was third.

POLITICAL BATTLE IN ENGLAND.

LONDON, Nov. 26.—A great number of uncontented seats will mark the coming conflict as compared with a year ago. Good judges on both sides are reluctant to throw away time, energy and money on fighting hopeless seats. London is the lively hope of the Conservatives, and there the metropolitan organization is determined not to be caught napping. Much is expected of Balfour's Albert Hall demonstration, on November 29th. Liberals are making every effort to draft some of their strongest candidates in London to constituencies now represented by Unionists.

SHORTAGE IN CURRANT AND RAISIN CRCP.

WASHINGTON, Nov. 25.—Plum and puddings for the holiday season may come a little higher this year on account of a shortage of 107,000 tons in the world's currant and raisin market for the year 1910 predicted by consular reports. The currant crop in Greece will be at least 50,000 tons short, but the full retention of 35 per cent. allowed for export has been made through the addition of more than 25,000 tons of last year's crop held back on account of over-production. Merchants in Greece predict a maintenance of present high prices.

The financing of the league is so well in hand that there is no anticipation of any further trouble on that (Continued on Page Three.)

REV. MR. FULLERTON ON "ST. ANDREW"

In St. James Church last evening, Rev. T. F. Fullerton preached a sermon of exceptional force on St. Andrew, the Patron Saint of Scotland. He took as his text John 1:37—"And the two disciples heard him speak, and they followed Jesus." He began by making a fitting reference to the last resting place of St. Andrew in Patras and referring to the association of the cross of St. Andrew with the flag of England. He could not tell the origin of the selection of the patron saint of Scotland but he pointed out by apt and forcible (Continued on Page Three.)

NO ANNEXTION

MONTREAL, Nov. 25.—Westmount's fears of forcible annexation to Montreal were alleviated by Premier Sir Lomer Gouin, who declared that his government was not for forcible annexation of the suburban city in the face of anything like unanimous opposition from the residents. A delegation consisting of the mayor and aldermen of Westmount presented the premier with a petition signed by 2,300 property owners of the city objecting to forcible annexation. Sir Lomer replied that he would never consent to overriding the will of a municipality and that every such place would be free to conduct its own affairs so long as their citizens were agreed. This will probably put an end to the ambitious moves of some Montreal aldermen to forcibly annex the wealthy English suburb to Montreal.

SUNDAY WORK IN A CHURCH

ST. THOMAS, Ont., Nov. 24.—The attention of the Lord's Day Alliance here has been drawn to alleged violation of the Lord's Day Act by the building of the new organ in Knox Presbyterian Church. Two men and the caretaker of the church are said to have worked all Saturday night and Sunday morning to get the organ ready for the dedication ceremony on Sunday morning. There is much curiosity as to the course the Alliance will take in the case.

PARIS, Nov. 25.—In a letter addressed to a friend, the Duke of Oporto, Manuel's uncle and heir presumptive to the throne of Portugal says: "No church mouse was ever so poor as I am at the present moment and probably will be, for a good time to come." His Royal Highness says he took only a couple of hundred francs away with him when he fled for his life. The Duke's position is the more pitiable because he has always lived a life of leisure.

SLEIGHING IN CAPITAL

MILLIONAIRE GOVERNOR

JUAREZ, Mexico, Nov. 25.—It is announced unofficially in Juarez that Alberto Terrazas, millionaire politician and business man has been appointed Governor of the State of Chihuahua. The plan to have Governor Juan Sanchez resign and accept a foreign mission is said to have been hastened by the insurrection. Terrazas is one of the most powerful men in Mexico and a close friend of President Diaz. He is a brother-in-law of Enrique Creel, Minister of Foreign Affairs.

COD OIL \$110 A TON

ST. JOHN, Nfld., Nov. 25.—During the last ten days cod oil has advanced in price by leaps and bounds, and since the opening of the season the price has increased about \$65 a ton. Yesterday some small quantities were sold in the city at \$110 a ton in hardwood casks, which is the highest price given for many years. The quantity of oil now to arrive does not exceed 100 tons, so that the demand will not materially affect other than the few immediate shipments.

LE NEVE ON MAJESTIC

QUEENSTOWN, Nov. 24.—A young woman supposed to be Ethel Le Neve boarded the steamer Majestic when the vessel touched here on her way to New York today. Questioned she emphatically denied this identification. Those in close touch with the Neve say that she is still in England remaining in seclusion to avoid the annoyance resulting from the unpleasant notoriety which she gained as a friend of Dr. Crippen who yesterday was hanged for the murder of his wife.

The public of this city, who, by years in America. He has lost less their patronage of the last wrestling match. This is a remarkable remark, have evidenced their approval cord indeed. His splendid physique has been the object of the admiration of the sport lovers since his first appearance. He is the champion of Finland and has had hundreds of matches in the past two

Fatalities Not So Numerous as Might Be Reported

Special to The Guardian.
HALIFAX, Nov. 27.—The Nova Scotia coast has been swept by a hurricane during the past twenty-four hours. The Allan liner Virginian, from St. John, was a whole day late reaching here, after encountering a blinding snow-storm through which the vessel was with difficulty kept on her course.

HATTIE LEBLANC'S FATHER CONFIDENT

BOSTON, Nov. 25.—"When the twelve men of the jury hear all of the evidence, my daughter will exclaim, 'Christmas with me in West Archa.' This was the statement last night of Abraham LeBlanc, father of Hattie LeBlanc, the 16-year-old French girl who is charged with killing Clarence F. Glover, the Waltham laundryman. Throwing back his shoulders the rugged Cape Breton fisherman stepped from a train in the North Station last night to meet the hearty hand-clasps of a small group of his fellow townsmen who had gathered to welcome to Boston the man who had journeyed far to assist in the life battle of his child, awaiting trial after a year's imprisonment in the East Cambridge jail. In her cell at the jail Hattie is eagerly awaiting a visit from her father. It will probably be tomorrow before he will be able to see her, but the thought of his coming has cheered her greatly. Hattie is awaiting with eagerness the day of her trial, next Monday. Her lawyers, Melvin M. Johnson and A. Farley Brewer, have been assigned quarters directly over the district attorney's offices in the East Cambridge court, from which they will direct her battle. While the attorneys for Hattie refused to discuss the case in any way, it has been learned by those in close touch with the situation that they are confident a portion of the evidence upon which the government is basing its strongest faith will be met and nullified by the defence. District Attorney Higgins, who is presiding the case against Hattie, has also been exceedingly active of late. Attorney George W. Kyles, member of Parliament from Richmond County, which embraces West Archa, will arrive in Boston Tuesday and will probably be associated with the defence.
