Few boys and girls in this Province have worked better to carry out their plans, and they now intend to hold a concert in connection with the near future, which will no doubt meet with success, as their work in the past has. Besides sending to the soldiers, they also forwarded \$15.00 worth of stamps to the 105th comfort circle, to help along in forwarding parcels by mail. The following are the names of the members: President—Mary Morrison; Vice-President—Lionie McKay; Treasurer—Corra Hall; Secretary—Irene McKinnon. He visited the new terminals at Port Borden for the first time and was delighted with magnificent structures. Great preparations is being made for lobster fishing here this season, but it is more plentiful and it is expected a good crop will be produced.—The general physician Dr. Dougherty is rushed and is about to embark into farming especially potato planting. His friends trust that his efforts along those lines will be crowned with success.

**The Pill That Leads Them All**—Pills are the most portable and compact of all medicines, and when easy to take are the most acceptable of preparations. But they must attest their power to be popular. As Parmentier's Vegetable Pills are the most popular of all pills they must fully meet all requirements. Accurately compounded and composed of ingredients proven to be effective in regulating the digestive organs, there is no surer medicine to be had anywhere.
