PLAN TO REFORM THE DRUNKARDS

St. John Oct. 9.—Dr. Eugene R. Hynard is in the city, introducing a new cure for drunkenness and the liquor habit. He claims that the preparation which was invented by Dr. John MacKay, of Montreal, has been used by the police authorities in Montreal and other Canadian cities to reform drunkards who have fallen into their hands.

In Montreal, he says, the system has been used successfully for the past five years.

This morning he saw Mayor Sears, Recorder Skinner and Magistrate Ritchie and after explaining the treatment it was suggested by his worship that four prisoners be selected at the jail for experimental purposes and if at the end of twenty-one days, the time required for treatment, satisfactory results were obtained the matter could be presented by Dr. Hynard, to the city council for adoption. He will consult with the magistrates today as to what prisoners are to be selected.

The plan pursued is to allow the habitual drunkard to go on suspended sentence, provided he will take the treatment. If after given up his liberty he fails to comply with the condition, he will again be placed in jail where he will be compelled to take the treatment.

Dr. Hynard also had an interview with Liquor Licence Inspector John B. Jones, who told the Times that he was favorable impressed with the idea.

Dr. MacKay is the patentee of the treatment, but recently sold out to a company for \$150,000.

Dr. MacKay, who is in Fredericton, will join Dr. Hynard here to-day and both will proceed to Moncton. They have been in Halifax and talked the matter over with the authorities.

Mr. Jones also informed the Times that the Recorder at Montreal is so enthusiastic over the treatment that he has expressed his willingness to accompany Dr. Hynard and Dr. MacKay on a tour through the provinces. Premier Laurier is also favorably impressed with the plan.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

COMING EVENTS.

City Council meets on the second Monday in each month. James Paton, Mayor. W. W. Clarke, City Clerk.

Next regular meeting Lodge Prince Edward S. O. E. Tuesday, Oct. 9th 8 o'clock. Red Rose Degree. Initiation.
